OLD LANDS MOVE FOR PROHIBITION

Mrs. Gordon Wright Tells of Conditions in Britain

CHURCH'S AID NEEDED

Clergy Not Actively Enlisted in Fight, Speaker Says

An impressive message of temperance attacks on the liquor traffic in the different parts of the world was given at First Methodist Church last night by Mrs. Gordon Wright, who recently returned from the world's convention of the W. C. T. U. in Old London.

England is aroused and her people are looking with loving eyes to the green fields of prohibition, said Mrs. Wright.

The General Assembly of Scotland voted in favor of the "no license" program of temperance, and in obtaining there, Japan is protesting against the American brewers.

Mrs. Wright told of the wonderful representation of workers at the convention and made special reference to the fact that these delegates were in many cases the finest class of people in the land.

Mrs. Wright pointed out that in England and other European countries the greatest drawback to the fight for prohibition was that the ministry was not actively engaged in the struggle.

"The world," said the speaker, "is needing the church as never before to move forward as a solid phalanx to remove strong drink, the greatest stumbling block to human progress."

It is necessary for everyone of us to get behind the coming referendum and get rid for once and for all of the enemy within our midst and be protected forever from the serpent drink.

In introducing Mrs. Wright, the Rev. Dr. R. G. Peever, pastor of the church, who conducted the services, paid a tribute to the work of the W. C. T. U. of which Mrs. Wright was national president, a work which tended to the betterment of mankind.

Referring to the wonderful manner in which the campaign for prohibition caught hold in all countries, he expressed the belief that it would soon obtain in England, Scotland, and all other countries of the world.

TWO SLIGHTLY HURT WHEN CAR OVERTURNS

Alex. Menzies and Pte. Dollson in Accident on Wharfedale

Alex. Menzies and Pte. Dollson, 109 Duchess avenue, narrowly escaped serious injury on Saturday evening, about 8 o'clock, when a motor car in which they were riding overturned on the Wharfedale road, a few miles from London.

Pte. Dollson, who is a member of the C. P. A. S. C., had been repairing an automobile for an officer at the barracks, and was trying it out before taking it back.

Mr. Dollson stated that some part of the mechanism of the machine went wrong, as the machine swerved off the road and turned turtle in the ditch.

Mr. Menzies, who is an uncle of Pte. Dollson when picked from under the wreckage was unconscious, but Mr. Dollson, who was driving the machine, escaped with a slight shaking up. Dr. Routledge, of Lambeth, was called.

A few minutes after the accident an American tourist party happened along and when the owner of the car learned what had happened he put his party out on the side of the road and removed Mr. Menzies to Victoria Hospital, where it was found that he had suffered no broken bones or internal injuries, but was suffering from shock.

HYATT AVENUE GARDEN PARTY

A garden party is to be held to-morrow night in the lawn of Hyatt Avenue Methodist church. The Salvation Army band will be in attendance. There will be no admission.

HEALING EVIDENCE OF POWER OF FAITH

Rev. T. A. Symington in Sermon Refers to Recent Instances

In a sermon at Knox Presbyterian Church last night, Rev. T. A. Symington referred to the remarkable acts of healing reported to have occurred in this city and in Toronto in the past few days, and drew attention to the fact that these miracles were not proof of divinity but were merely an evidence of the religious power of faith.

Too many persons were always anxious to see something spectacular performed by these same persons were the ones who, if the faith in a miracle were shaken, would also have their faith in Christ shaken, he said.

The miracle was not the great thing, but only the outward evidence of the type of faith that Christ was exemplifying all the time of his ministry on earth.

Mr. Symington said that many people believed that a person such as the faith healers who have been heard of recently, was of the divinity. This was absurd as a man's greatness depended entirely upon his ability to be a true citizen and serve his fellow man as best he could.

During the service Mrs. J. G. MacKay, of Emery street, suffered a bad attack of heart trouble which necessitated her removal to her home. She is still in a serious condition but her recovery is expected.

UNWEIL MEMORIAL AT CORNE AVENUE

Tablet Names 23 Who "Died in Virtue's Cause"

MONUMENT OF STONE

Dedicated by Rev. Quintin Warner to Students' Memory

"In the faith of Christ and to the glory of God, I dedicate this monument to the memory of the boys of this school who gave their lives to maintain the honor of the empire."

With such impressively solemn words did Rev. Quintin Warner command the unveiling of the Lorne Avenue School monument, and drawn by the careful hands of two little white-clothed girls, the covering flag slid back revealing the rough-hewn boulder which bore the names of the boys who died in the Great War.

There was no hint of sadness in the ceremony, which took place at the school yesterday afternoon. Rather, with all the golden glory of a Canadian mid-summer day and the uncheckered words of the golden rule, the dedication service seemed almost a festival of thanksgiving.

The presentation of the monument to the Board of Education by Mrs. Cliff, president of the Lorne Avenue Mothers' Club, was one of the most impressive things on the program. For months the energies of the mothers and the children and teachers of the school have been concentrated on this fitting act of commemoration and, in a brief speech, Mr. Thos. Coleridge, acting for the Board of Education, accepted the monument.

"We do not know what potential heroism lies in our Canadian boys and girls," declared Principal Snelgrove, in his chairman's address. "Almost to a day it is six years since we read strange news in our daily papers that still gave us no disquietude, and yet the news that followed only a month later, called out all the nobility in our young Canadian lads, and it was left to us who stayed behind to learn to pay it honor to their so-called sacrifices."

L. Col. Romen, himself a former pupil of the Lorne Avenue school, spoke with deep feeling of the magnificent record made by his fellow scholars. "I was always so glad to meet them, any of them, in England," he said, "and I have been so proud of them, proud of the way they lived up to the training and the ideals we had from Mr. Eckert here in the old days. I know that our own schoolboys faced death with the bravest, and were unafraid."

"The Canadians," Col. Romen went on, "won for themselves the warmest of welcomes from the people of England and France; they won fame and honor, and in the name of those who did not come home, and for the sake of those whose graves the French mothers are tending for you, I ask you to remember the needs of those who did come, and who ask your care. It is for us now to uphold the prestige of Canada."

"I represent the organization that took its place with the educational system of our country in recruiting," said Mr. Warner, in dedicating the monument. "Every pupil in the church of Christ was a recruiting platform which did its bit in the great cause. 'The men who died for us have given us a new ideal of loyalty to live up to in making a great Canada. I say I do not approve of Canada, because approval means leaving things as they are; but I love Canada with all my heart, for love changes things into ideals.'"

SING "O CANADA." And then, the children of the school of to-day, gathered quietly in front of the great stone that bore testimony to the valor of the brothers of yesterday, sang in their fresh, sweet, young voices the triumphant notes of "O Canada" with the pulsing music of the G. W. V. A. band behind them, in memory of the sleeping comrades, and here, there was no sound of grief, for the band broke into a melody of gladness that pulsed with the tread of conquering feet and the far trumpets of an army triumphant. The monument, which stands on the green to the left of the school, is set on a base of irregular stones and is itself an unrounded boulder of great strength and size. The tablet of bronze, which bears the name of the school heroes, is set in place at the front, and the inscription reads: "He lives in fame that dies in virtue's cause."

Following is the list of names on the tablet: Charles Eggett, Ira Sumner, Heber Lewis, Howard Avey, Victor Viner, Frank Kelly, Chester Fitzgerald, William Spencer, Russell Jepson, Wesley Newell, Frank Elliott, Ralph Weekes, Frank Pickle, Jim Anderson, Russell Helcher, Edmund Moorhead, Billie Grosbaw, Stanley Branton, Bill Dean, Eric Wyckoff, Carl Bayley, Roy Reid and Harold Isaacs.

Among those who occupied seats on the improvised platform, in addition to the speakers, were Mrs. Ronald Harris, Mrs. W. A. Tanner, Inspector Edward, Mr. A. N. Udy, Mr. Thomas Rowe, Mr. Edith Smith, Mr. Dave Rogers and other representatives of the school board and civic bodies.

GOOD CROWD AT CONCERT

Program of W. O. R. Band in Victoria Park Sunday Evening

Large crowds turned out to hear the band concert at Victoria Park last evening, a splendid program being rendered by the Western Ontario Regiment Band. The concert was under the auspices of the Overseas Chapter, I. O. D.

There seemed to be an impression that the Lord's Day Alliance might take some action to prevent the concert, but Rev. J. G. Stuart pointed out that the proceeds of such concerts were for charitable purposes and as such were perfectly in keeping with the Sabbath.

BROKEN WIRE DELAYS CARS—London and York Stanley cars to and from St. Thomas were delayed two hours last night owing to a broken trolley wire at Stop 1, a short distance from the city. In view of the broken wire many people who visited the lake side yesterday did not reach the city until after midnight, as cars going to the Port could not get through. People who caught the early cars from Port Stanley came as far as stop 1, where a number of them walked to the city.

Mrs. E. Morgan, an old and respected resident of Delhi Village, is dead. A large outfit of ramboulets is expected in the Port Lambton district. The recent rains have been very beneficial.

SERVICE IS TEST OF EVERY NATION

God and History Will So Judge, Says Dean Tucker

GOD'S GIFTS TO WORLD

Rector Believes League of Nations the Will of God

"God and history will judge nations by the measure of service they have given to the world," declared Dean Tucker, rector of St. Paul's Cathedral, in the course of his sermon yesterday morning.

The dean was dealing with God's gifts to mankind, and declared that Britain's position in the world was due to her service for the world, should the British Empire cease to work for humanity, then would the empire crumble and fall away, as had ancient empires of the past, which had become so contented and selfish.

Britain would become but a memory and a name if she ceased to serve the world. The speaker referred to Lloyd George as a divine gift to Britain in time of stress and ventured the prediction that the war might have ended differently if Lloyd George had not been at the helm.

CANADA'S GIFTS. Dean Tucker cited Canada's marvelous natural resources as a God-given gift to Canada. Various provinces and districts of Canada had once been commonly regarded as useless, but they had turned out to be tracts of fabulous wealth.

God's supreme gift to the world, declared the dean, was his son, Jesus Christ, and His children on earth should be grateful for this and His many other wonderful gifts.

Dean Tucker commended the League of Nations, with its assurance of disarmament, arbitration and peace. Surely the League of Nations is the will of God, he asserted.

FRACTURES ARM IN FALL.—Mrs. Walter E. Kelly, of 290 Ridout street, received a painful injury on Friday, when she fell and broke her left arm while cleaning the veranda of her home. Mrs. Kelly was taken to Victoria Hospital, where she is reported to be doing nicely.

EXPECT \$600 FROM VETERANS' TAG DAY

Army and Navy Organization Well Pleased With Response for Farm Scheme

Up to midnight on Saturday night over \$600 was realized by the Army and Navy Veterans' tag day, and it is thought that when all the boxes are turned in the amount will exceed \$600, over 100 workers, including a generous representation of naval cadets, patrolled the city on Saturday, and although the tag day was hampered considerably by the reports that there would be no more tag days, the citizens responded generously and the officers in charge were deeply gratified over their success.

The local branch of the Army and Navy Veterans' farm scheme for a home for soldiers in the Niagara district, the total sum needed for this scheme is \$75,000.

Rev. Frederick Hirst, one of the directors of the scheme, said that he was of the opinion that the amount needed to purchase this soldiers' home would undoubtedly be subscribed by the people of Ontario, in England a similar home was purchased at a cost of \$1,000,000, and \$75,000 of this was contributed by the British Red Cross workers. In the United States a like home is being built, to which one man contributed \$100,000.

Judging from the way this scheme has met with approval by the people of Great Britain and the United States, I am sure," said Mr. Hirst, "that the people of Ontario can raise \$75,000 for a home for our Canadian soldiers."

"I think it is a discredit to any man who turns down this scheme," said Mr. Hirst. "We were turned down by a small committee of the Chamber of Commerce, but I am sure if the whole of the Chamber of Commerce had been present such a thing would not have happened," he said.

The Chamber of Commerce was of the impression that this scheme should be under Government control, but Mr. Hirst pointed out that they did not want any aid from the Government, as it has done enough, and on the other hand, the Army and Navy Veterans did not want the supervision the Government would ask.

PLEAD GUILTY TO VIOLATION OF LAWS

Two local young men, Stanley Gardner and C. W. Brown, appeared before Squire Chittick on Saturday charged with violations of the Ontario fish and game laws.

Both pleaded guilty and his worship reserved judgment. The county magistrate informed them that he would look up the statutes covering the offences with which they were charged and advise them by letter.

Gardner was charged with trapping fur-bearing animals without a license and Brown with taking black bass below regulation size. Some of the bass which the latter took, were less than two inches in length.

The information was laid by Hugh Brown, deputy game warden, and other prosecutions are likely to follow at the instigation of the executive of the London Forest, Fish and Game Association, which is taking active steps to have the Ontario fish and game laws rigidly observed.

Hot? Drink FAM-LY-ADE

WITH FAM-LY-ADE you can make a cooling, tangy-filled beverage at home—five true fruit flavors to choose from. FAM-LY-ADE comes in a tube which makes 32 sparkling glasses. Simple directions on each package.

35c a tube at grocers and druggists. Made in Canada.
