The following pages were written as an exercise for my leisure hours, while attending the Oneida Conference Seminary during the past winter. As it is the first attempt that, to my knowledge, has ever been made to reduce the Chipeway language to any system, it cannot be expected to be otherwise than imperfect, and perhaps may hereafter be found to be, in some respects, erroneous. It is, however, as free from errors as my present means have enabled me to make it. It has been printed at the request of my friends, by a fellow student, at his own suggestion and expense.
