VALVE-OLEINE

675 DEGREES FIRE TEST.

MASTER MECHANICS, Purchasing Agents, Engineers and Practical Builders of costly Steam Plants and Locomotives, etc., will be pleased to know that a Lubricant is now produced of such extraordinary high fire test as to make it proof against the great heat to which it is subjected, and is therefore a **PERFECT** lubricator where products of lower grade and fire tests pass off at once, leaving the parts subject to wear, or greatly increasing the consumption of oil.

"**VALVE-OLEINE**" is a product in the highest state of filtration, is of the greatest viscosity, is entirely free from all acids and absolutely non-corrosive and without doubt the finest and most thoroughly reliable **CYLINDER LUBRICANT** now on the market, and will naturally lubricate 200 to 300 per cent. more than products of lower tests. It is not only the **BEST**, but the most **ECONOMICAL** lubricant. Manufacture and sale controlled exclusively by

THE RELIANCE OIL AND GREASE COMPANY,
CLEVELAND, OHIO, U.S.A.

Agents wanted everywhere. Write for full particulars and our New Catalogue of large line of products. Samples free. Send two-cent stamp for copy "GEMS OF ART."—Free on application direct from machinery users.
