REPRESENTATION TO TORONTO INDUSTRIAL EXHIBITION ASSOCIATION.

W. K. McNaught,
J. J. Cassidy,

George Booth,
R. W. Elliot.
Samuel May.

The Tariff Committee of last year, of which Mr. Frederic Nicholls was chairman, was reappointed, and the chairman authorized to add to the membership of the same as might be deemed advisable.

RESOLUTIONS.

The following resolutions were passed declaring faith in the National Policy:

Whereas, The Canadian Manufacturers' Association, at this their seventeenth annual meeting, desire to again go upon record as unswerving supporters of the National Policy; therefore,

Resolved, That the existing National Policy of protection to Canadian manufacturing enterprises is well suited to the needs of this country, and has proved of a vantage to all classes of our people.

Resolved, That unrestricted reciprocity with the United States would work the destruction of the National Policy, and, therefore, would be against the interests of Canadian manufacturers and to the great disadvantage of all the people of Canada.

Resolved, That it would be against the interests of manufacturers, and of all the people of Canada, for the Dominion Government to make any arrangement with any other Government by which there would be any discrimination whatever against Great Britain.

Resolved, That the Canadian Manufacturers' Association have the utmost confidence in the existing Dominion Government, believing, as the upholders of the National Policy, all the interests of the country are safe in its keeping.
