This overskirt is quite different from any other, though very simple and graceful; the cash, or paper back effect is produced by the novel way of draping it, and, though it has the appearance of a separate part, it is one piece, and one of its chief attractions is its convenient shape for masking over any other pattern. It is intended for any kind of goods, and will be a great favorite for wash materials the coming summer. Wash houses are now using it for their model in preparing eats for the spring season.

BURDETTE'S INSTANT DRESS ELEVATOR.
The Cut shows the Upper Part of the Skirt (wrong side out), with the "Elevator" fixed. You can raise your skirt while passing a modish place, and then let it fall. It keeps the skirt from getting flat. It loops the fullness to the back. It saves more than ten times its cost. It can be changed from one dress to another. A great convenience and saving, when used in the Common House Dresses. Price, 45 cents each.

The above Pattern with Cloth Model complete, and One Dress Elevator, will be sent, post-paid, in one package to any person who will send Sixty Cents with their name and address to A. BURDETTE SMITH, 91 Broadway, New York City.
