

LOVELL'S SERIES OF SCHOOL BOOKS.

Having long felt the necessity existing for a SERIES OF EDUCATIONAL WORKS, prepared and

EXPRESSLY ADAPTED FOR OUR COLONIAL SCHOOLS,

The Publisher was induced to attempt the supply of this want. His efforts thus far have been crowned with success; his books having been most generally welcomed in the Schools, and most favorably noticed by the Press, of British North America.

LOVELL'S GENERAL GEOGRAPHY

Has met with entire success, having been already introduced into almost every School throughout British North America. The General Geography, however, being considered too far advanced for young beginners, a new and elementary work has been prepared, entitled,

EASY LESSONS IN GENERAL GEOGRAPHY.

The "Easy Lessons" is written in an easy and gradual style, and is considered by eminent judges the best book yet issued for young beginners.

The publisher takes great pleasure in calling attention to the following List of the

SCHOOL BOOKS
