WHAT EVERY TEMPERANCE MAN WANTS.

No one can overestimate the value of the weekly visit to the domestic circle of a fresh, clean, inspiring journal of progress and reform. That the people of Canada are prepared to appreciate and sustain a paper of this character, we have the strongest proof in the kind reception and support that have been accorded to THE CANADA CITIZEN. From all quarters come encouraging words of endorsement and approval. Our efforts to supply what temperance workers in Canada felt was an absolute necessity to our cause, have been crowned with the most gratifying success; of this, our rapidly increasing subscription list is only one of many evidences, and we now confidently appeal to the public for an extension of this welcome support. We believe our enterprise will commend itself to all who are desirous of aiding us in the determined warfare we are waging against the terrible evils of intemperance.

Considering the typography, size, quality of paper, and general mechanical finish of THE CANADA CITIZEN, we believe it to be the cheapest Temperance paper in the world, and we ask the public to judge as to the character and tone of the matter it contains.

We are at a crisis in the Temperance history of Canada, and no person who wants to be abreast of popular opinion on this great question, can afford to be without the journal that gives the fullest information in reference to every phase of the work, and that is the recognized organ and advocate of Temperance and Prohibition.

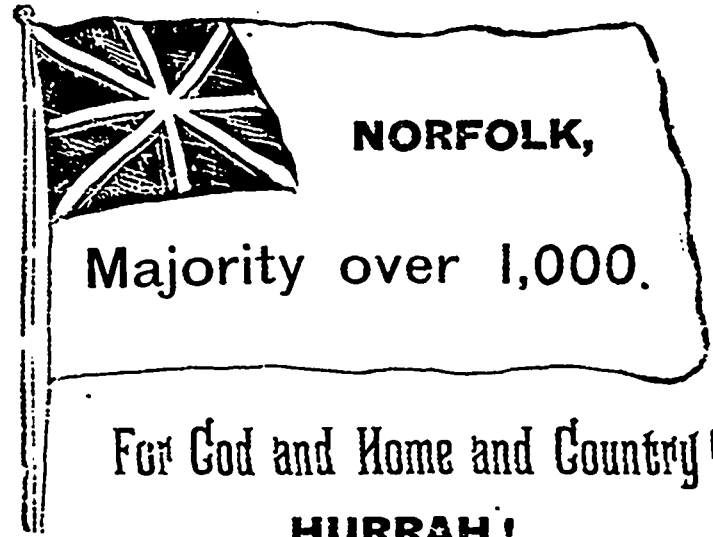

During the Scott Act campaign our columns will be of special interest, containing comprehensive accounts of what our friends and foes are doing in every part of the country. In addition to this we will furnish our readers both editorially and in carefully selected articles with the fullest and strongest facts and arguments in support of our movement. We will also have departments of the purest and best family literature, including tales, sketches, illustrated biographies of our prominent temperance workers, choice poetry, a casket of literary gems of beauty, worth, and fun, and a summary of the most important items of general news.

As a further inducement to new subscribers we make the following liberal offer:—

(1) THE CANADA CITIZEN will be sent to any address from the present time till the end of 1885 for one dollar, thus giving it free for the coming three months.

(2) We will mail a copy of THE CANADA CITIZEN every week till the end of the present year to any twelve addresses for one dollar.

ANOTHER GLORIOUS VICTORY.

Again with thankful hearts we record the encouraging fact of triumphant success. Norfolk is added to the glorious honor-roll of counties that have emancipated themselves from the thralldom of the degrading drink traffic. This is the fifty-fifth Scott Act fight and the forty-sixth victory that we have won. The wave is rolling on, and rising as it rolls. Our aggregate majority is now about 32,000, and the prospects for prohibition are brightening every day. We "thank God, and take courage."

In Durham and Northumberland our petitions were stolen, in Peel the harmless horse of a Scott Act advocate was mutilated.
