LET THE "LITTLE TYRANT" CONSIDER HIMSELF CRUSHED!

— OUR —
CHRISTMAS SUPPLEMENT.

Every subscriber to GRIP ought to send for a copy of our Great Special Supplement,

THE PORTRAIT

— OF —

SIR JOHN A. MACDONALD, G. C. B.,

In full official dress. Aside from its political and historical significance it is a HANDSOME WORK OF ART, and when framed would grace the walls of any drawing-room. We have placed the price to subscribers at ten cents, and every one of them—Grit and Tory alike—should send for a copy.

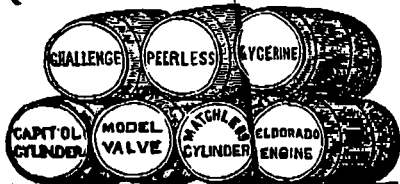

The sale of this supplement has met with great success, and many of our subscribers have already procured copies. We have had to issue several editions of GRIP in order to supply the demand. We trust GRIP's readers will not miss this opportunity of getting the best portrait extant of our great premier.

Only Ten Cents to Subscribers of "Grip."

Send that amount in stamps to

He had made up his mind to accede to their request, but when they told him that he was "the only man of strength" that they could rely on, he got mad and ordered them out. They are still wondering why he did it, and are telling the other ratepayers that it's a good job he isn't their candidate, for he's an old crank anyway.
