## FEDERAL-PROVINCIAL TRADE MINISTERS' CONFERENCE

The Minister for International Trade, the Honourable James Kelleher, will meet with his counterparts from the provinces and territories next week.

The federal-provincial trade ministers conference will be held in Ottawa on Wednesday, December 19, 1984.

Topics to be discussed will include:

- Canada's future perspectives in international trade;
- establishing greater links in federal-provincial trade activities abroad;
- a major trade promotion campaign to be introduced in the coming months.

Mr. Kelleher said he was confident that the discussions would take place in a mood of cooperation and that the conference would contribute to the success of the First Ministers' conference scheduled for February 14, 1985.
