(Details do not necessarily add to totals, due to rounding.)

*These figures differ from those shown in the 1963–64 column of the 1964–65 Blue Book in that

(1) the amounts of the Supplementary Estimates (A), (B), (C) and (D), 1963–64 are not included, and

(2) provision for salary revisions is included under Finance whereas it is distributed among all departments in the 1964–65 Blue Book.

**Estimates for Public Debt Charges are not comparable between years due to a change in the manner of estimating interest and amortization costs.
