## WHITE TAFFETA EVENING WRAPS

Are a Pretty Feature of Wardrobes for Cool Evenings.

### MODELS WITH CHIFFON

Exploit Dainty Features and the Introduction of Brocaded Ribbons.

White taffeta evening wraps are to be much worn during the next few weeks, and for dressy wear the choice is a wise one. There are countless occasions throughout the summer months when a dressy outer garment is a positive necessity, and a decided asset to the costume and because of the excellent qualities of taffeta for such a wrap and its preference over all other materials this season, most enhancing models are the result.

**Favored Lines.**  
The majority shown are of medium length and favor bouffant lines and considerable elaboration. One particularly attractive wrap exploiting square front sections and a considerable lengthening in the back displayed a round yoke, overlaid with appliques of rich lace. A charming sash-like girdle adjusted the fullness of the wrap at the waistline.

Another stunning little model with large sleeves and flaring cuffs, deeply slashed, employed with excellent effect broad bands of brocaded ribbon in pastel shades as a means of trimming. The hem was faced with the ribbon and the large collar was also bound.

Simplicity itself was implied in still another model, when tiny inches of the material were the only means of ornamentation. The coat was cut on the straight line with box-pleated effect, gathered with a girdle of the white taffeta at the natural waistline.

**Dominion Day Outings in Lake Ontario.**  
The announcement of the Canada Steamship Lines of special rates to all water resorts will interest all pleasure seekers. Low rates to Niagara Falls, Buffalo, Niagara-on-the-Lake, Lewis and Queenston Heights. Special service to Hamilton, Grimsby Beach. Every boat offers a delightful outing at low cost. An excursion leaves at 3 p.m. Wednesday, and returning arrives Friday, 7 a.m. A special excursion to Rochester and the falls, leaves at 3 p.m. Wednesday, and returning arrives Friday, 7 a.m. Tickets at 46 Yonge Street or Yonge Street Wharf.

**WIDOW ASSIGNS PROPERTY.**  
Mrs. Amy Cox, widow of the late Senator Cox, has assigned over to the Cox estate the property at 439 Sherbourne Street, for certain considerations. The grounds are very spacious and have a frontage of 300 feet. The market value of the property amounts to \$50,000.

## To Put On Flesh And Increase Weight

**A PHYSICIAN'S ADVICE.**  
Most thin people eat from four to six pounds of good, solid, fat-making food every day, and still do not increase in weight one ounce, while, on the other hand, many of the plump, chunky folks eat very little and keep gaining all the time. It is all a matter of the nature of the food they eat. It isn't the quantity of food, it is the quality.

Thin folks stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay-there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What they need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug. It is a scientific combination of six of the most effective and powerful flesh-building elements known to chemistry. It is absolutely harmless, yet wonderfully effective, and a single tablet, eaten with each meal, often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by good druggists everywhere on a positive guarantee of weight increase or money back.

## JAPAN WILL EXCLUDE RELIGIOUS TEACHING

Ten Years Allowed in Which All Mission Schools Must Close.

### SITUATION IS WATCHED

Foreign Mission Boards Keeping Their Eyes on Far Eastern Kingdom.

What the final action of the Japanese Government will be in excluding religious teaching from educational institutions is being closely watched by the foreign mission boards.

Rev. Robt. P. Mackay, secretary of Presbyterian Foreign Missions, stated yesterday to The World that it was not true that the Japanese Government proposed to adopt Buddhism as the state religion.

"The fact is," he said, "that the Japanese desire to have no state religion but to separate religious instruction from education in order to allow absolute religious toleration. The Japanese were under the impression that they were following the American school system, which is a misapprehension. There are about 2,000,000 pupils in the United States in private schools where no restrictions are imposed.

"Should the Japanese insist upon their new regulations it would seriously affect mission schools, in all of which religious instruction is given. According to recent legislation, 10 years are allowed in which missions can adjust themselves to the new conditions, and then religious instruction must cease.

"Unless some concessions are made by the government this will mean the closing of mission schools, because mission boards do not simply aim at education, but at Christianization."

## ROSE DAY RAISED BIG SUM FOR CITY CHARITIES

More Than Fourteen Thousand Dollars Distributed Among Various Homes.

An aftermath of an event is not always as pleasing a nature as that which has resulted from it. Toronto's first Rose Day. Those who worked from early morn until the returns were in and counted at the King Edward, and those who gave their five, ten or more cents for a rose or wreath to wear on that day, probably did not realize anything like the amount of real tangible good that was to flow from their sacrifice of time and money.

But figures tell more forcibly than any other factor, and the publication of the distribution of the collection amongst several city charities brings the great good that has accrued from that day very forcibly to mind. Here is the list, which is worth reading more than once, in order to impress upon ourselves the fact that fine aggregates may accumulate from many individual mites:

Preventorium	\$5,200
Hospital for Sick Children	2,800
Boys' Home	1,300
Infants' Home	1,300
Protestant Orphan's Home	1,300
Children's Aid Society	1,300
Sacred Heart Orphanage	1,300
Home for Incurable Children	1,000

The institutions benefited will feel a substantial assistance, and next year's greater effort may bring aid sufficient, so that no home in which a child is harbored may be left out.

## CHILDREN COLLECTED BOOKS FOR SOLDIERS

Their Generosity Overwhelmed Y. M. C. A. Officials at Niagara Camp.

That the school children of Toronto had collected nine tons of magazines to be read by the overseas troops stationed at Niagara camp was announced at the meeting of the finance committee of the board of education held yesterday afternoon.

The generosity of the school children overwhelmed the Y.M.C.A. at Niagara who are turning the books over to the soldiers. They sent word to the school board to send no more at present.

A call for magazines for the men at the Valcartier camp may be made later on.

Chief Inspector of Schools Cowley said the response was so great that he could have obtained 25,000 magazines if necessary.

**A SMILE IN BATTLE'S MIDST.**  
One of Many Grotesque Incidents Recounted by Wounded Canadian.

The German repulse at Ypres, where they received a wholesale dose of Canadian steel, has passed into the grim history of our arms, and the grim history of the struggle was the one related by Lance-Corporal Woodruff, of the Second Battalion, brings with bubbling to the top when recounted, just as it did at the moment it happened.

Friday morning, April 24, in the battle around Ypres a German soldier emerged from the trench alone and unarmed, holding his hands high above his head as we watched with puzzled anticipation his approach during the lull in the firing. In droll, broken English he continued shouting: "Surrender!! Surrender!! Surrender!!" as he stumbled toward us, and the idea, the sight, the setting for the scene was all as grotesque as a cartoon from Punch.

"This German was allowed to return to his comrades after we had facetiously invited him to join us, and the firing forthwith began with renewed vigor."

What impelled the man to believe that Canadian troops supposed the struggle was the "upon request" is hard to imagine, yet the Union Jack is surrendered during the lull in the firing. In droll, broken English he continued shouting: "Surrender!! Surrender!! Surrender!!" as he stumbled toward us, and the idea, the sight, the setting for the scene was all as grotesque as a cartoon from Punch.
