

## TABLE OF CONTENTS.

	Page.
Introductory remarks and definitions.....	1-3
Genera wrongly classed as Deltoids.....	3, 4
Division into tribes.....	4
Antennal peculiarities.....	4-6
Sexual modification of male legs.....	6-8
Genera discussed.....	9-13
Acknowledgments.....	13
Synopsis of tribes and genera.....	13, 14
Genus <i>EPIZEUXIS</i> .....	15-27
characters and scheme of division.....	15-17
analysis of the species.....	17
descriptions of the species.....	17-27
Genus <i>ZANCLOGNATHA</i> .....	27-45
characters and scheme of division.....	27-31
analysis of the species.....	31, 32
descriptions of the species.....	32-45
Genus <i>HORMISA</i> .....	45-50
characters and scheme of division.....	45, 46
analysis of the species.....	46
descriptions of the species.....	46-50
Genus <i>PHILOMETRA</i> .....	50-54
characters of the genus and species.....	50, 51
analysis of the species.....	51
descriptions of the species.....	51-51
Genus <i>CHYTOLITA</i> .....	54-57
characters of the genus and species.....	54, 55
analysis of the species.....	55
descriptions of the species.....	55-57
Genus <i>BLEPTINA</i> .....	57-61
characters of the genus and species.....	57, 58
analysis of the species.....	58
descriptions of the species.....	58-61
Genus <i>TETANOLITA</i> .....	61-65
characters of the genus and species.....	61, 62
analysis of the species.....	62
descriptions of the species.....	63-65
Genus <i>RENIA</i> .....	65-76
characters and scheme of division.....	65-68
analysis of the species.....	68
descriptions of the species.....	68-76
Genus <i>HYPERULA</i> .....	76-78
characters of the genus.....	76, 77
description of the species.....	77, 78
