

Dennis Flexible Steel Wire Mat.

It is a woven rug of wire. Absolutely pliable and elastic. Soft as carpet. Our spiral coil border makes the whole mat flexible. Reversible and self-cleaning. A sanitary invention. Economical: will outlast half a dozen ordinary mats.

The only perfect mat for doorways, porches, vestibules, offices, banks, public buildings, churches, schools, hotels, theatres, elevators, laundries, counters and bars, railway depots, street cars, steamships, etc. Made in all sizes and shapes.

Made in all lengths for front of bar counters, etc.
