RESULTS OF I.A.A. RACES

There was a larger crowd than ever present at the I. A. A. races, held on Long Pond, at Centre Island, last night. All the races were keenly contested, especially the club four, when the youngsters sprung a surprise on the older crews, winning by a narrow margin. This four, if kept together, will help to decorate the I. A. A. club house with trophies.

The double gunwaie race was the best of the lot from the spectators' point of view, quite a few of the canoes upsetting.

After the races were run out a dance in the club house finished the night's sport. The results:

Refused to Enter Chicago Marathon and Offended U.S. Amateur Union.

Assuredly the amateur athlete has nard row to hoe. He is expected to lit erally keep every kind of business out of his games; yet the very organiza-tions that should be his example, generally show that it's all a matter of ess with themselves. The latest display comes from Uncle Sam's "Amateur" Athletic Union, and has to do with

Billy Sherring of Hamilton.

The A. A. U. of the United States succeeded in knocking Toronto's walker out of that event at Athens, or rather, its secretary (Sullivan) was instru-mental in having the verdict go against D. Linden, so the West End Y. M. C. A. man declares, and when Sherring refused to contest in the Chicago Ma-rathon, he must suffer the consequences if the verdict be a penalty. Read the following from a New York paper:

"The recent hero worship of William Sherring, the Canadian athlete who won the Marathon race at the Olympic games at Athens, has revealed to the authorities of the various amateur organizations of America the possibility of danger to amateurism, Canadians heaped unusual honors and rewards on the winner of the great Marathon, and white everything was done in a public manner, the excess of zeal on the part of the Canadians to show a national appreciation of the athletic services of Sherring will probably result in the latter being barred from competition in any athletic games hald under the sanction of the Amateur Athletic Union.

"According to reports Sherring received a house and lot and a large sum of money, the latter said to be 5000,from his admiring friends. It is the latter item which has robbed Sherring of his standing as an amateur in the United States. The rule governing Sherring's case is fully covered in Article X. of the constitution of the Amateur Athletic Union of the United States, which deals with the condition of competition, It says:

The vitality of W. G. Grace is a subject—for an epic, writes T. P. O'Connor in his new weekly. P. T. O. Last week he was leading a Gentlemen of England eleven for a return match against this year's strong Cambridge eleven.

In the first match at Cambridge he A forest hre act passed by the last New Jersey Legislature went into effect yesterday. It provides for the appointment of a state fire warden, township fire wardens, district fire wardens, and fire patrol. It appears that forest fires in that state do millions of dollars' worth of damage to its timber lands. Authority is given to fire wardens to summon at their discretion residents of their districts to assist in putting out fires. These wardens are also to keep close watch upon their territory to prevent fires thru carelessness or viciousness, and to prosecute all offenders against the state's regulations.

this year's strong Cambridge eleven. In the first match at Cambridge he soored 64 and 44 not out, and fielded and bowled nearly the whole of the second day under a cloudless sky. He was up early enough on Tuesday morning to enable him to have a good game of bowls see the horses exercised on Newmarket heath, and to drive some inless in the country before reaching Fenner's for the day's cricket match. On the Wednesday he was first on the ground, fielded 20 minues, batted while the necessary 11 runs were obtained, caught the first train back to town, and was bowling the same evening on the Crystal Palace greens in the London County Bowling Club's annual tournament, for which there were 106 entries. And in less than five weeks' time he will have seen his 58th birthday. But he has not reached middle-age yet.

WINGHAM INTERMEDIATES.

Game-Score 4 to 0,

Wingham, July 18.—Wingham's intermediates blanked Seaforth in one of the fastest C.L.A. games ever played on the Wingham grounds. The home team won from the Beavers by 4 to 0. The game started very strong and in four minutes McLean had the crowd in the air by a pretty shot, which beat Case. Seaforth got the ball into Wingham's defence, but they were soon lost and the ball went into Seaforth goal by Reid shooting from close in. The quarter ended 2 to 0. The second quarter found Whigham's defence a stone wall, Hemmings stopping many hot shots, while Kenkes put McKay to the woods by close checking. Wingham falled to score, althout the quarter was mostly theirs. In the third quarter Wingham added another, Fleming doing the trick, and in the final period McLean added another. The line up:
