A PEDIATRAN'S EXPERIENCE.

Illness Brought Him Almost to the
Verge of the Grave.

Pain and Emaciated, Suffering from Ex-
cruciating Pains in the Back, Life Be-
came a Burden and Death was Thought
to Be Not Far Off.

From The St. Catharines Journal.

It is a curious pathological fact that
spinal complaint has sometimes actual-
ly been mistaken for Bright's disease,
and there is no doubt many have been
miserable for Bright's disease when an
spinal trouble was the real malady.

George T. Smith, pediatr. of St. Catharines,
is one who thus suffered. His
narrative is as follows: "In the fall
of 1884 I began to experience alarming
symptoms of what I thought to be
spinal trouble. I resorted to various
plasters and other remedies, but to
no avail, as I continued to grow worse.

At this point my friends advised me to
submit to a physician, which I gladly
submitted to. The professional man
made a minute examination and pro-
nounced mine a case of Bright's dis-
ease, which quite naturally gave me a
severe shock. As I deemed death cer-
tain had been passed upon me. The
doctor said he could alleviate my suffer-
ings had difficulty in recognizing it
only a matter of time with me.

However, I accepted his medicine,
and took it according to directions,
with no beneficial results. In the mean-
time my friends procured a remedy said
to be a cure for Bright's disease. This
medicine I took, but with no effect
whatever. My condition had become
worse and I had become so haggard,
emaciated, stooped and miserable that
my friends had difficulty in recogniz-
ing me. In fact they, like myself,
harbored the most painful apprehen-
sions. At this juncture, an old friend
to visit me, and strongly advised me
to try Dr. Williams' Pink Pills. Like
a drowning man reaching for a straw I
did so. To my great surprise I soon
noticed an improvement, the pain in
my back began to leave, my appetite
improved, my color returned, and by
the time I had used eight boxes my
ache or pain remained, and I am as
able to travel about to-day as previous
to the attack. I know of no other re-
sults to Dr. Williams' Pink Pills, and
I urge those ill or suffering to give
them a trial.

Dr. Williams' Pink Pills strike at the
root of the disease, driving it from the
system, and restoring the patient to
health and strength. In cases of paraly-
sis, spinal troubles, locomotor ataxia,
sciatica, rheumatism, erysipelas, acro-
lous troubles, etc., these pills are superi-
or to all other remedies. A remedy said
to be a specific for the troubles which make
the lives of so many women a burden,
and speedily relieve the most excruciating
health to pale and sallow cheeks. Men
broken down by overwork, worry or
excesses, will find in Pink Pills a cer-
tain cure. Sold by all dealers or sent by
mail postpaid, at 50c a box, or six
boxes for \$2.50. Write to Dr. J. C. Williams

Trades Council and Manual Training.

Editor World: In this morning's issue
of your paper I noticed a resolution
passed by the Trades and Labor
Council opposing the Manual Training
Trustee on the ground of my supporting
manual training. This action, I presume,
is the result of an incorrect report of
my nomination speech. Now, all I said
that could have been heard of this
question was that in most of the large cities
of Europe, and in the United States,
lectures were given by specialists on cur-
riculum in the schools on such practical subjects
as the various departments of domestic
economics, mining, etc., and that we might
advantageously follow this example.

In regard to manual training, the kind
of training in our schools, I believe a trust-
worthy and competent teacher intends mak-
ing a stay in Toronto and giving exhibi-
tions of walking.

A BARBER IN TROUBLE.

William W. Lepper, accused of making 50
and 500 bills contrary
to Law.

Detroit, Jan. 1.—William W. Lepper,
a barber in the Hotel Cadillac, was ar-
rested yesterday afternoon by Sec-
retary of Police William J. Barnes
on the charge of counterfeiting. Lepper
was taken before United States Com-
missioner Graves and remanded to jail,
pending examination, but being fixed
up on a contempt matter was kept
quiet as possible and no one but those
immediately concerned with the arrest
were informed of it. The idea was
not to warn the rest of the gang. More
arrests are expected. The specific
charge against Lepper is that of manu-
facturing 50 and 100 bank bills. The
50 notes are on the National Bank of
Commerce of Chicago, and the 100 notes
on the Union National Bank of De-
troit. They are said to be very clever
imitations and the police and United
States detectives have been on a still
hunt for the author of them for weeks.
It is thought that Windsor was the
place selected for the business. Lepper
is known, made his home there for
a part of the time.

Mr. King Was the Flier.

Editor World: The friends of consistency
and honesty have asked The Mail and Em-
pire, regarding the deputations that ap-
peared before the Ministers while taking evi-
dence on the tariff question in Toronto, if
the Charles King of Cobourg (who was
one of the deputations in the latter inter-
view) was the Charles King of Cobourg
has been a prosperous tanner here for over
20 years. If so, the tanner who was
know why Mr. King has been so mistaken
in his ideas on the World case. For
these years, and why he has so suddenly
become attracted to the duty should
be for all the tanners in this country. In
his line in particular, and as he was a rival
for the tanneries at the last session and
made the statement publicly that his
business was being hampered by the pre-
sent tariff, and if he had only free trade
he could do very much better both for
himself and himself. Now he asks for an
increase of the duty. Can you suggest any
reason why Mr. King should be so mis-
taken in his ideas on the World case. I
attend the meeting? Your many readers
will be glad to hear the truth. Please
inform when all others fail.
Whitby, Dec. 31. Consistency.

A Great Opportunity.

Not often have the public an opportunity
of buying high-grade furs at such abar-
dantly low prices as are being offered by the
well known fur house of James H. Rogers,
corner of King and Church-streets. To-day
this house begins a sale of its large stock
of manufactured furs. Muffs, Buffs, Capes,
Jackets, Fur-lined Coats, Persian Lamb,
Grey Lamb Jackets, ladies' and gents' furs
of every class, are subject to big discounts,
while some lines are less than cost. No
body should miss a chance of buying such
an extraordinary lot of high-grade furs at
such extraordinary prices.

JOE MALLORY'S GOOD SHOT.

A well-attended pigeon shoot came off at
the Coone Hotel, Norway, yesterday, the
contestants being R. Roberts and Proprie-
tor F. Coone. The latter had four birds
three of the birds killed dropping out of
hundreds out of the latter had four birds
killed eight and his antagonist seven. Dur-
ing the match Joe Mallory, who was perched
upon a position on an adjoining hillside,
was the first to shoot at a bird, and an
outstanding bird at a measured distance of
102 yards.

Editor World: I see it recommended in
your paper of 30th, but it was recom-
mended in a letter to The British White on 10th
with good reasons assigned for its
adoption.

SORE ON WELER.

Leading Papers of Madrid Condemn the
Administration of the Butcher
and Demand His Resignation.

Madrid, Jan. 1.—The Immaculate and
The Herald to-day publish articles
concerning the military administra-
tion in Cuba and pointing out that
despite his oft-repeated promises,
Capt-General Weyer has practically
accomplished very little in the di-
rection of suppressing the rebellion. Both
papers demanded that Gen. Weyer be
resigned and that Gen. Arzobispo,
Minister of War, be appointed in his
place. The articles caused a folles
sensation in the city and the Govern-
ment, fearing trouble would follow,
ordered that the issues of both papers
be seized.

The Gazetters' official will to-mor-
row publish a number of decrees re-
garding the administrative and other
reforms to be put into effect. The
decrees were prepared by Prime
Minister Canovas del Castillo, dealing
with the colonial policy of Spain, with
accompany the decrees.

The decrees appoint Feb. 11 as the
date for holding municipal elections
in Porto Rico, and April 14 as the date
for the election of members of the
Provincial Councils.

A BAD BARNARDO BOY.

He shot His Employer in the Neck With-
out Provocation—He Skipped
But Was Caught.

Thorold, Ont., Jan. 1.—A Barnardo
boy named Bert Davis, aged 13 years,
was shot by his employer, a farmer,
about two miles out of town, on
Grenville in the neck with a revolver
last evening. It appears that Grenville
had just returned to the farm, and
was unloading the horses, when
without provocation or warning, Davis
drew the back which was in the
back of Grenville's neck, and stunned
him for a while. On recovering his
senses, Davis snatched the weapon at him
again, but it failed to go off. Gren-
ville started toward for a warehouse,
but Davis arrested and took the child
of police out, but Davis had cleared and
was at large. It is supposed that
Davis intended robbery, as well as
murder.

Later—Davis was arrested in Pel-
ham by Chief Upper this afternoon.
He will have a hearing before
Magistrate Fitch to-morrow morning.

WALKED 3000 MILES.

Francis Richardson Has Done a Great feat
in the Pedestrian Art and Seen
a Lot of the World.

Last evening a gentleman with wear-
ing-tired countenance and heavy eyes
walked into The World office and ex-
tended the compliments of the season to
the staff. He gave his name as Francis
Richardson, and announced that he
had just completed a pedestrian tour
of 3000 miles ending at Toronto. He
previous evening at 7 o'clock. Leaving
New York on Sept. 29, 1885, he pro-
ceeded via Utica and Salt Lake City to San
Francisco, which he reached on May 4
last. Through California, Oregon, and
Washington to British Columbia and
then by the Canadian Pacific Railway
he proceeded to Winnipeg, which he
reached on Nov. 18, and thence via
North Bay to Toronto. He has carried
all his necessaries, weighing 45 pounds,
in a knapsack slung from his shoulders
and has performed his long journey
entirely unaided, save with a stout
walking stick. An encounter with a
grizzly 3 1/2 miles from Donald, which
he escaped by strategy, and a contest
with a panther, which was ended by
the retreat of his assailant, upon the
approach of a freight train, were the
exciting incidents which are related of
his trip. Mr. Richardson, who now
claims the world's championship for
long distance walking, holds the best
time for the longest distance covered in a
week's walk in London, Eng., and has
also won records in Australia. The
walk was undertaken for a wager of
\$5000, with Thomas E. T. Aiden of Eng-
land, and F. Simpson of Montreal,
who are now verifying the authenti-
city of the performance. This cham-
pionship contest, which extends mak-
ing a stay in Toronto and giving exhibi-
tions of walking.
