VICTORY FOR PROHIBITION-

That is the Claim of Mrs. Thornley, Who Roundly Scores the Government.

Who Roundly Scores the
Government.

Ottawa, Nov. 2.—Mrs. Thornley, the Provincial President, delivered her annual address at the W.C.T.U. Convention. She said that against almost unconquerable odds the temperance party scored a victory for prohibition. "Let us thank God from our inmost hearts, for the battle was the Lord's; there were shameless desertions and unexpected treachery, yet, despite it still, the Dominion of Canada had declared for abolition of the manufacture, importation and sale of intoxicants."

She proceeded to say that, with the evidence of such political rascality and trickery, it was a wonder that there was any majority, and scored the Government for the delay in introducing the plebiscite bill. Mrs. Thornley said when the bill was presented "we found it had a catch question on the ballot. It was not alcoholic, but intoxicating liquors, of which we had asked the prohibition.

"One half per cent. of alcohol makes an alcoholic liquor, but it takes a good deal more than the double of that to make it intoxicating. The voter was directed to pronounce for or against alcoholic beverages. He was further requested to decide whether or no cider might be manufactured. Sweet cider is manufactured. Hard cider makes itself. Is it any wonder that our opponents found a bonanza at this point? Mr. Fisher's explanation was not embodied in the bill and the words of the ballot contradicted him, for while cider is not intoxicating for some time, it is alcoholic, under ordinary conditions, in 48 hours. The elector had to record himself against the manufacture of cider and the use of all alcoholic liquors, if he was to be counted in favor of national prohibition.

"One begins to realize the magnitude of the victory as they study out the unnecessary obstacles that had to be surmounted to reach it. The season for the campaign," she said, "was bad for the vote; the worst in the year; the politing booth arrangements were not good, the punishment for frauds was inadequate, intimidation was practised, prohibitionless in L

follows:

"Now that the census of the people puts to flight the doubt of their desire for such legislation, let us have prohibition and let the opening act of the coming House be such trenchant action concerning the Kiondike as shall reassure the doubters and restore the hearty confidence of three years aco."

The warrant that was issued for an inquest on the body of Miss Minnie Hearn, who dropped dead on Queen-street Monday at noon, was withdrawn yesterday, the post mortem showing that death was due to natural causes.

800000000000000000000000 "Bargain Day" at the Toronto. "When London Sleeps" is winning even keener appreciation than ever this week at the Toronto Opera House. Two performances will be given to-day, the matinee at the customary "bargain" prices of 15c and 25c.

A "Triple-Star" Outfit.

Probably the strongest "triple-star" combination touring the country this season is that of World, Garnella and Mack, in the successful farce-comedy "Town Toples." All three of these comedians are well known. John W. World was one of the best Greppos in "The Biack Crook," that ever played thet part; Robert Garnella is one of the famous acrobats, the Garnella Brothers, who lately starred in the comedy, "A Trolley Party," and William H. Mack was the Lone Fisherman in "Evangain, in "Town And an one of the famous acrobats, the Garnella Brothers, who lately starred in the comedian for Nellie McHenry. Each of the three comedians has his distinct strie, and there is no clash between them. Their humor is altogether different, but it would be hard to say which is the more effective. There are parts in "Town Topics." If them exactly, and each seems to be actually the character he represents, and not an actor at all. Of course a "triple-star" performance would not bright without plenty of pretty girls. There is a round dozen of dainty young women in "Town Topics." The music is new, the costumes are new, the dances are new and the jokes are new. The only thing that is not new is the audlence. World, Garnella and Mack come to the Toronto Opera House next week.
