Mason & Risch
Phonographs

"From Factory to Home."

Half a century of experience in building fine
pianos has been applied to the creation of four
different styles of Mason & Risch Phonographs,
true musical instruments, made by the same ex-
pert hands.

The wisdom of purchasing a Mason & Risch
Phonograph is apparent when we observe the
rapid growth in public favor of this remarkable
instrument.

Come and Hear the
Mason & Risch Phonograph

It will gratify your craving for
GOOD music, because of its wonder-
ful tone reproduction.

LIBERAL LEADER GETS ROUSING
WELCOME AT MINNEDOSA, MAN.

Kennedy of North Essex Tells Manitoba Audience How Lib-
erals Who Supported Union Government in 1917 Soon
Found Borden Autocracy Driving Them Back To Lib-
eral Fold.

MINNEDOSA, Man., Nov. 4.—(By
Canadian Press).—The leader of the
Liberal party arrived here shortly
after noon today, to be met by the
mayor of the town and a deputation
of citizens, who extended a formal
welcome to Mr. King and his lieuten-
ants.

In the evening the armories were
filled with an audience which applaud-
ed the harrowing of the Hon. Dr.
Beland and listened attentively to
the exposition of Liberal principles by Mr.
King. W. C. Kennedy, the member
for North Essex, also scored a success
with his brief and pungent summing
up of present political conditions in
the Dominion, referring to the many
Liberals who in 1917 supported the
Union Government. "Reared as these
men were, in the school of Liberal-
ism," said Mr. Kennedy, "they soon
found at Ottawa that they were sup-
porting an arbitrary and autocratic
government, ruling by order-in-coun-
cil, a method of administering the
affairs of the country which is en-
tirely foreign to the Liberal idea of
responsible government."

Back in Party.
"Today these men and women are
back in the Liberal party, endorsing the
platform and policies adopted at the
Ottawa convention and being set forth
by the Liberal leader, Hon. W. L. Mac-
dougall King."

Mr. Kennedy argued in support of the
justice of the demand of the Liberal
party for a general election.
"The election of 1917," he said, "was
fought upon one issue, and upon one
issue alone, the question of conscrip-
tion."

PAPER FIRM CLOSES.

ESCANABA, Mich., Nov. 4.—The Es-
canaba Paper Company, one of the
largest in the northern states, will
close Saturday, due to a shortage of
water. During the last month the
plant has been running at half capacity.
The plant employs several hundred
men.

1000 Eggs
In Every Hen

New System of Poultry Keeping—Get
Dollar a Dozen Eggs—Famous
Poultryman.

TELLS HOW

"The great trouble with the poultry
business has always been that the lay-
ing life of a hen was too short," says
Henry Trafford, International Poultry
Expert and Breeder, for nearly eighteen
years editor of Poultry Success.
The average pullet lays 150 eggs. If
kept the second year, she may lay 100
more. Then she goes to market. Yet,
it has been scientifically established that
every pullet is born or hatched with
over one thousand minute egg germs
in her system—and will lay them on a
highly-profitable basis over a period of
four to six years' time if given proper
care.
How to work to get 1,000 eggs from
every hen; how to get pullets laying
early; how to make the old hens lay like
pullets; how to keep up heavy egg pro-
duction all through cold winter months
when eggs are highest; triple egg pro-
duction; make starker hens bustle; \$5
profit from every hen in six winter
months. These and many other money-
making poultry secrets are contained in
Mr. Trafford's "1,000 EGG HEN" sys-
tem of poultry raising, one copy of
which will be sent absolutely free to any
reader of this paper who keeps six hens
or more. Eggs should go to a dollar or
more a dozen this winter. This means
big profit to the poultry keeper who gets
the eggs. Mr. Trafford tells how. If
you keep chickens and want them to
make money for you, cut out this ad.
and send it with your name and address
to Henry Trafford, Suite 470 P. O.
Bldg., Binghamton, N. Y., and a free
copy of "The 1,000 EGG HEN" will be
sent by return mail.

Question Met Premier On His
Western Tour and Strong
Representations Were Made
To Secure Speedy Settle-
ment.

[Special to The Advertiser.]
OTTAWA, Nov. 4.—A further con-
ference between the Dominion and the
provinces on the question of the hand-
ling over by the federal authorities of
the natural resources of the West to
the provinces, is in contemplation. The
question is one of long standing, and
was dealt with without definite result
at a conference held here some time
ago.

At that conference the western
provinces held that they were not only
entitled to control of their resources,
but also the money subsidies which
they have been receiving. In lieu of
them, the contention being that so
much of the resources have been dis-
tributed by the Federal Government
that the provinces are entitled to com-
pensation. Eastern representatives,
however, and in particular those from
Ontario, held that if the West was to
retain its subsidies the East should
receive an amount in proportion.

The Dominion Government declined
to take action until such time as the
western provinces had agreed to the
subject has met the premier on his
way west and strong representations
were made to have the matter
speedily settled, so a new conference
is in contemplation.

SEVENTY PER CENT
OF CHILDREN'S ILLS
DUE TO BAD TEETH

Said Dr. A. A. Hicks in Ad-
dress To East Kent Teach-
ers' Association.

CHATHAM, Nov. 4.—The annual con-
vention of the East Kent Teachers' In-
stitute open in Christ Church S. S. Hall
this morning, Manning E. Morgan,
presiding. The financial statement
showed a bank balance of approximately
\$1,300.

An interesting address by Dr. A. A.
Hicks, dental surgeon of the city on
"The care of the teeth," followed the
business meeting. Dr. Hicks urged the
teachers to educate the children along
these lines and made the startling state-
ment that 70 per cent of the ills of
school children were traceable to the
neglect of the care of the teeth in early
years of childhood.

Provincial Officers Hannah and Smith,
two days ago placed Theodore King,
of Dover Township, under arrest for hav-
ing a badge of the provincial force in
his possession without authority. King
was allowed to go on \$200 bail and has
not been seen since. This is the first
time that a person has ever had a pro-
vincial policeman's badge on his per-
son without authority. It is believed
that the badge was used by certain
persons for illegal seizures of liquor.

The Chatham Presbytery in session
this morning sustained the call to Rev.
D. H. Marshall, of Huntsville, from the
First Presbyterian Church of this city.

The first meeting of the local Mothers'
Pensions Board will be held in the city
Saturday afternoon, November 6th, when
it is expected that a number of matters
relative to the local organization will
be dealt with.

The special session of the court of
equalization of taxes opens tomorrow
in this city in the judges' chambers at
ten o'clock. Five appeals have been reg-
istered. The court will be composed of
Judge J. J. Coughlin of Windsor, Judge
Ward Stanworth and Sheriff J. R. Gem-
mill of this city.

Farmer Admits Selling Liquor and
Pays \$500 and Costs.

GALT, Nov. 4.—License Inspectors
Elliott and Zinkmann were busy Wed-
nesday in the vicinity of Breslau, with
the result that they made two arrests
and brought their men here for trial.
A. Sykora, bartender at the Breslau
hotel was caught with a bottle of
liquor in his pocket. He was fined \$200
and costs. H. Schilling, a farmer, ad-
mitted having sold liquor and con-
tributed \$500. Other prosecutions may
follow.
At a short meeting of the Women's
Canadian Club in the Memorial Hall
this evening, the members were ad-
dressed by Sir Robert Falconer, prin-
cipal of Toronto University.
Word has been received here of the
death at his farm near Detroit, to
which he retired last fall, of George
Bradish, a native of Galt and a well-
known printer.
John Kirchner, a retired farmer of
Hesper, dropped dead on a street in
that town from heart-failure. He was
in his 74th year.
At the election of officers of the local
G. W. V. David Findlay was re-
elected president and L. Evans treas-
urer. These were the only two offices
for which there was an election.

EXPECT MINES
IN FULL SWING
MONDAY NEXT

British Railways Also Expect-
ed To Restore Service
Next Week.

LONDON, Nov. 4.—(By the Cana-
dian Press).—Full work is expected
Monday, when the coal mines closed
down by the recent miners' strike, on
Monday, when the railways are also
expected to institute a normal ser-
vice. Restrictions on lighting in force
since the beginning of the strike
probably will be removed tonight, but
limitations on the supply of house-
hold coal will probably be continued
for the next two weeks. Reports
from the coal fields today concerning
the men's quick return to work are
optimistic, but many mines cannot
start fully till Monday. It is antici-
pated that it will take two months for
all the industries affected by the tie-
up to get back to normal again.

EFFORTS TO ABOLISH
SCHOOLS DEFEATED

DETROIT, Nov. 4.—A proposed
amendment to the state legislation that
in effect would abolish parochial and
private schools in Michigan was de-
cisively defeated at Tuesday's election.
Returns from 2,024 precincts, including
practically complete figures from all the
 populous counties of the state, gave
545,081 against the amendment, and
260,368 in favor of it.

A Laxative The Old Can Rely On

Let them take Dr. Caldwell's Laxative Syrup Pepsin
for Constipation. Mild and gentle. Never
loses its good effect.

ELDERLY people know how
much more difficult it is
each year as they get older
to avoid the ill effects of chronic
constipation. The stomach and
bowel muscles relax as age ad-
vances, and as you are naturally
less active, in time they work
only by stimulation. You try
dieting and exercise, and then
take medicine.

All medicines, however, are
not suited to elderly people any
more than to children, so you
will be glad to know of a par-
ticular medicine that acts as
near to Nature as has yet been
found. It is a prescription written
thirty odd years ago by Dr. W.
B. Caldwell, who is himself now
in the 82nd year of his age and
still active in his profession. It
is known in the trade as Dr.
Caldwell's Laxative Syrup Pepsin,
and you can buy it under
that name at any drug store.
A sixty-cent bottle will last an
average family many months,
and all can use it.

Dr. Caldwell's Laxative Syrup
Pepsin is a combination of

simple laxative herbs with pep-
sin. It acts mildly, gently and
without griping. It so trains the
stomach and bowel muscles that
in time medicine of all kinds can
be dispensed with. When people
learn of Dr. Caldwell's Laxative
Syrup Pepsin and see how won-
derfully it acts they realize how
unnecessary it is to use drastic
salt waters, pills and powders,
for these do but temporary good
and are weakening to most
constitutions. Dr. Caldwell's
Laxative Syrup Pepsin, on the
contrary, is so natural and safe,
(it contains no narcotic or strong
drugs), that two generations of
mothers have given it to their
babies.

Take a teaspoonful the next
time you feel any distress of the
stomach, liver or bowels, if you
are constipated, have a head-
ache, cold or fever, if you are
bilious, dyspeptic, tired. If Dr.
Caldwell's Laxative Syrup Pepsin
should ever fail to do as
claimed you can have your money
refunded. More people use it
than any other laxative in the
world.
