It is said, also that a number of theatrical friends of Mr. Small are contributing to a fund which will be used to set up a detective agency to employ private detectives in the search.

LONDON WOMAN BROKE RIGHT UP FROM START

Mrs. Elizabeth Gray was Amazed at the Way Tanlac Overcame Her Trouble—Sleeps Like a Child All Night Now.

According to the testimony of the multiple thousands of women used, there is nothing more invigorating than Tanlac to persons suffering from the after-effects of influenza, grippe, typhoid, pneumonia, or a serious operation, of who are in a run-down condition. Another striking instance of this is the case of Mrs. Elizabeth Gray of 12 Elmwood avenue, London, Ontario, Canada, who made the following statement:

"For two years I was in a very bad state of health, and my appetite was so poor that I had no interest whatever in mealtimes. I was constipated most of the time, and suffered from the most dreadful headaches, which so affected my nerves that I could not attend the children around me. A such times, too, I would have spells of dizziness, when I would nearly topple over. I had rheumatism badly in my knees and ankles, which pained me so badly that sometimes, when down town, I could hardly get home. I was very weak, and it was only by frequently resting that I was able to do the housework. I just felt tired and languid all the time, and it was misery to try and get around, and I was really desperate to know what to do.

"I had read so much in the London papers of the great good that people were deriving from Tanlac that I decided to try it, and I am most content that I was amazed at the good results which I got from even the first bottle. I began to pick up right from the start, and soon had an appetite such as I had not had for years. I was able to take good nourishing food, and I put on flesh rapidly. I am now troubled with headaches or dizziness no more. The rheumatism seems to have left me entirely, so that I haven't an ache or a pain left in my body. I sleep like a child all night, and get up in the morning feeling fully rested and strong enough for any task. Tanlac is a most wonderful medicine, and I am delighted to have the chance of recommending it.

Tanlac is sold in Toronto by Tanlac Drug Stores and by an established agency in every town.

EMBEZZLEMENT CASE IN VICTORIA COURT

Griffith R. Hughes on Trial—Witness Alleges Large Sum Is Taken.

Victoria, B. C., July 16.—The case of Griffith R. Hughes, charged with embezzlement from David Spencer, Limited, on four counts, occupied the attention of Magistrate Jay in the city police court today.

He asked me to submit a proposition to Chris Spencer the first time of the times newspaper and the deed to his farm at Cobble Hill, and other securities.

ANTI-LOAFING LAW HAS SOME CRITICS

Ottawa Laborite Says It Is Aimed at the Working Man.

Ottawa, July 16.—The recent convention of the Canadian police chiefs at Moncton, N.B., was introduced at the Allied Trades and Labor Association meeting last night by resolution of the convention adopted by that convention praying the Ontario government to place again on the statute books the anti-loafing law which was introduced during the four years of the war.

Delegate Hayden, in condemning this law, said that it was aimed not especially at compelling vagrants to work, but at the laboring man who was forced to go out on strike owing to the unfair economic conditions. He cited an instance where a Peterboro millwright had sent a man who was on strike, and consequently out of work, to jail for a week.

The police chiefs have always been opposed to organizing labor unions, and their attitude towards police and unions, said the delegate, and the attempted revival of the anti-loafing law is aimed at the members of trades unions who may be on strike. If such an intention is in the mind of the government, he said, it is time organized labor bestirred itself and protested to the minister of justice against the revival of this law.

WARNING TO COX BY WOMEN VOTERS

His assurance to women to appoint a committee to confer with him on a definite plan to be followed in handling the Tennessee situation.

They said their votes would go to the candidate who gave them the thirty-sixth state to the amendment, thus making it possible for all women in the United States to vote for presidential candidates.
