

particular has been crowded on all occasions, and it is very encouraging to know that those meetings have been the means of leading many to more frequent and regular attendance at the Parish Church.

Two social gatherings of much interest were held, one at the opening and the other at the close of the season. The attendants at the several Cottage Meetings met the Clergy and Cottage Meeting workers and District visitors in kindly and familiar Christian intercourse. Very pleasant and profitable evenings were spent, the memory of which will no doubt be cherished by all who participated in them.

The attendance at the regular Wednesday evening services in the schoolroom has been more than doubled, while the singing has been hearty and congregational, led by a large choir, gathered from the congregation, and kindly presided over by Mrs. Dr. Cameron, who also played the school organ at these services, and to whom many and cordial thanks are due.

Two of the most tried Cottage Meeting workers have left Toronto this winter—Messrs. A. O'Meara and J. M. Wrong. They are followed by the kindest regards and wishes of the clergy and of their fellow-workers.

The first regular meeting was held on November 24th. It had been decided at a preliminary meeting to hold both Dorcas and Ladies Aid meetings together. Usually the Ladies Aid do not begin their meetings till February, which leaves a short time only to do any amount of work. The plan adopted this year was found to work very well. There have been nineteen meetings held, which have been fairly well attended. The work done this season has been principally work ordered by various ladies interested in the society. The orders for work have been very much larger than last year, which is very satisfactory. Before Christmas we recarpeted all the Chancel.
