Sir,-

I beg to inform you that the Band of
who
Indians own the Thunderchild Indian Reserves Nos. I15 and
I15A, situated North-west of Battleford, has surrendered
the said reserves on certain conditions. One of these
conditions is that in connection with a new reserve which
is to be given them at Bright Sand Lake they are to have
fishing privileges on some lake they may choose in the
neighborhood of their new reserve.

Bright Sand Lake is situated in Townships
53 and 54 Range 20 W.3.M. I shall be obliged if you
will be good enough to direct that no fishing privileges
are to be given to anyone in the said Bright Sand Lake
in Turtle Lake, or in any other lakes in that vicinity
until the Indians have selected the lake in which they
desire the said privileges. When they have made the
selection your Department will be communicated with to
ascertain on what terms the fishing reserve privilege
may be secured for the Indians.
