Mr. Stewart explained something of bers. the features that will characterize the

new train shed at the depot. He said About 40 friends and relatives gathsaint John. Such a plan had not proven
satisfactory in every case and in the
Saint John instance it would necessitate changing the construction of passenger cars—a different type of step,
which would be unsuitable for by-stations all along the line.

The type of trainshed will not be
what is known as the umbrella model
but a different style of roofing such as

but a different style of roofing such as employed in Halifax and Ottawa, in fact the best model yet devised.

Young People's Society of Carleton United Church Has Interesting Session

Ciety would adopt the program of the United Church of Canada for the coming season. An entertainment program was then enjoyed including vocal solos by Miss Helen Belyea and Miss Helen Henderson and a mandolin solo by Miss Gladys Ross. A series of games followed under the direction of LeBaron Stubbs. Prizes were awarded MOD-PETERSEN.

IN BIRTHDAY HONOR.

Mrs. Samual Wilson of Harding street, Fairville, was pleasantly surprised last evening on entering her home to find it invaded by 25 friends who assembled in honor of her birthday. They had decorated the house with garden flowers and arranged a teatable which presented a very attractive appearance. During the evening was spent in games and music and dainty refreshments were served by Mrs. George Stinson, Mrs. Frederick McCormack, Miss Rita Wilson and Miss Edith Wilson.

At the October sitting of the Chancery Court this morning, Chief Justice Sir Douglas Hazen presiding,

Making Money On Safe Money

Every part of every business day since 1889, we have been giving out guidance to people anxious to improve their Incomes. Out of all the consultations taking place in a single day it is seldom that the same program is laid down twice. Every case has circum-

To this one we say—"Put every penny into these Government Bonds." To another we urge dividing it up so part will be in Government Bonds, part in a safe Water Power Bond of strong income, and part in a prominent and marketable Industrial.

Wholly and solely we are dealing in Incomes. To make each Income as large as it it can become-in all safety-is our aim with whatever judgment we have acquired from special information and the experience of a lifetime studying the ways and means of the market. Consultation in person or by mail—free.
