### GRAVE CHARGES MADE AGAINST AN ADMIRAL.

Choice of Resignation or Suicide Said to Have Been Given American Navy Commander

Washington, Jan. 16—Rear Admiral F. B. Barry, commanding the Pacific fleet, may be court-martialed as the result of grave charges against his moral character preferred by some of his officers. The charges, which are similar to those which figured in the famous "round table" exposures in Germany were reported to the admirals by the men of the West Virginia. The officers are said to have offered the admiral the choice of resignation or suicide, and sent him a revolver which he refused to use. Instead of resigning he asked to be retired on half pay and the result will probably be a court martial under the navy board.

### OTTAWA BUSINESS MEN REACH OUT FOR INDUSTRIES

Ottawa, Ont., Jan. 16—Ottawa read estate dealers in conjunction with the civic publicity department have a proposal to finance industries coming to the capital. There are several substantial automobile industries which would locate here if sufficient capital were provided and the real estate dealers have offered to assist the publicity department by disposing of stock for the companies.

### Ottawa Fire Record

Ottawa, Jan. 16—The total loss by fire in Ottawa during 1910 was \$188,550, a decrease of \$12,669 as compared with 1909. There were 216 fires and the insurance totalled \$1,212,000.

### THE FERRY

The mayor today received a letter from the marine department at Ottawa, in which it is stated that the maximum pressure that could be allowed on the shaft of the ferry steamer Anush, which the city is negotiating for, would be 34 pounds. This, it is claimed, would not be sufficient for operating the steamer to advantage. The matter will probably be dealt with at a meeting of the council to be held in a few days.

### CHALLENGE ACCEPTED

The custom bowling team will play the post office team on Thursday night. The customers say they were not waiting for an offer of fifty pins but had to find out whether the post office men could play well enough to make the game interesting.

### CARLETON LIQUOR CASE.

In the police court this afternoon a charge of illegal liquor in the public house in that could be allowed on the shaft of the ferry steamer Anush, which the city is negotiating for, would be 34 pounds. This, it is claimed, would not be sufficient for operating the steamer to advantage. The matter will probably be dealt with at a meeting of the council to be held in a few days.

## TO STAMP OUT COCAINE EVIL IN THE DOMINION

### Hon. Mr. King Framing Stringent Law to Be Introduced Into Parliament This Week—Governor General Deeply Interested

Montreal, Jan. 16—Legislation of the east iron description, setting an absolute ban on the sale of cocaine in Canada, except for medical purposes, and providing heavy punishment for violators of the law, will be introduced into the house of commons this week by Hon. Mr. Mackenzie King, in an effort to stamp out the cocaine snuffing evil which recent revelations have shown to be prevalent to a fearful extent in the dominion. It is expected that the bill will be passed without opposition.

Mr. Mackenzie King is incorporating the cocaine act in the act to prohibit the sale of opium and morphine this week. He has obtained the permission of the senate to the inserting of a cocaine clause in the bill, and during the last five days Mr. Henderson of Montreal, a prominent member of the W.C.T.U., has been in Ottawa consulting with the minister on the proposed legislation, and also interviewed the governor-general and lady Grey at the latter's request. Their expressions on the subject are the most favorable for the government's view in the proposed legislation.

The new bill will provide a fine of \$500 for the first offense as a punishment for the illegal sale of the drug and imprisonment for a second conviction. Buyers will also be liable to punishment and careful watch will be kept over them.

## THE C.P.R. AND THE WEST SIDE MATTER

### Vice-President D. McNicoll, of the C. P. R., has written to Mayor Frink, regarding statements which were made at the last meeting of the common council, concerning the west side transfer, to the effect that the C. P. The substance of what he had said at that time and what Recorder Baxter had also said was that there was nothing in the agreement to show that the railway would equip the ground at the docks and warehouses to be provided by the crown could be utilized.
