

GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

"Danderine" Will Save Your Hair and Double Its Beauty at Once

Try This! Your Hair Gets Soft, Wavy, Abundant and Glossy at Once.

Serve your hair! Beautiful! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just spend a few cents for a small bottle of Danderine. Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, softness and an incomparable gloss and lustre, and try as you will, you can not find a trace of dandruff or falling hair, but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes, but really new hair—growing out all over your scalp. Danderine is, we believe, the only hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

Bavaria to be a Republic

Basel, Nov. 8.—A republic has been proclaimed in Bavaria at the conclusion of a great popular meeting yesterday, says a telegram from Munich under today's date.

Amsterdam, Nov. 8.—Telegraphic communication between Amsterdam and Berlin, Luebeck, Bremen and Hamburg has been stopped at the request of the Berlin postal authorities. A report is current that there have been disturbances at Essen.

BUY-VICTORY BONDS—PUBLIC WORKS SALARIES

Ottawa, Nov. 8.—An official statement prepared by officers of the public works department at the instance of Hon. R. B. Carvell gives the salaries of the staff of that department who receive less than \$4,000. The information is that, considering the character of the work the employees are not badly paid and that the agitation is not justified. Among the messengers, pickers, etc., the highest salary is \$1,150, the lowest \$600 and the average \$894; typists, copyists and lower grade office help, highest salary \$1,200, lowest \$600, average \$1,016; stenographers, highest salary \$1,750, lowest \$1,100, average \$1,415.

"Perhaps you are right, Mary, I think I will follow your advice"

"In what way?"

"By trying Dr. Chase's Nerve Food. I have been reading here about the symptoms of exhausted nerves, and the description just suits my case."

"I am sure it will help you just as it did me when I had nervous prostration, and the description just suits my case."

"That is about right."

"Well, I have been telling you that the Nerve Food is what you need."

"I know you have, but I did not think there was anything wrong with my nerves, for I was always pretty well. I thing sure, I cannot sleep nights, and get up so tired every morning that I not feel like taking hold of work like I used to."

"I have felt that I am losing grip on business and sometimes get discouraged. Of course, I have been working hard since we are so short-handed, and I suppose this is beginning to tell."

"Well, I have been worried about your health, but you would not take my advice and so I could do no more. I am awfully glad you are going to try Dr. Chase's Nerve Food, for I am sure it will build up your health."

"I have been reading here a letter from Mr. Myles of Lindsay, and I am not going

to delay treatment until I get like he was. When the Nerve Food cured him it will surely help me."

This is the letter:

Mr. Alex. Myles, 5 Regent street, Lindsay, Ont. writes:

"For the last five years I have been troubled with my nerves. At times I could not put on my coat alone, and when trying to read the paper my hands would shake so that the paper would rattle, and I could scarcely read it. When drinking a cup of tea I was difficult to get to my lips. I did not sleep well, and sometimes would only be asleep a short time when I would wake up and then lie awake the rest of the night. On also, I used to take cramps in my legs so badly that I would have to get up at night and walk the floor. Sometimes during the night the cramps would bother me, too. My muscles seemed to tie up in knots. I had tried different remedies without success. Last fall I secured a box of Dr. Chase's Nerve Food, and as this one box helped me, I got some more and continued taking them till my nervousness was cured. I feel much better generally, can eat well, and sleep right through the night. I have not had any cramps for two months, and I give all the credit to Dr. Chase's Nerve Food. Some years ago, too, I was troubled with piles, and upon the advice of a friend, used Dr. Chase's Ointment, which cured me. I have great faith in all of Dr. Chase's medicines."

Because Dr. Chase's Nerve Food supplies to the body the vital substances from which new, rich blood and nerve force is created it cannot fail to be of benefit to the system. 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M.D., is on every box of the genuine.

Did Not Order Rush Shipments

H. Colby Smith on Stand All Day at Potato Inquiry—Adjourned until November 21

H. Colby Smith, of A. C. Smith & Company, again occupied the stand at the afternoon session of the potato inquiry. Mr. Hughes put forth a careful examination in an attempt to straighten out some of the apparently conflicting evidence now before the court.

Mr. Smith continued his evidence in the afternoon.

In reply to Mr. Hughes, he said that at the time the surplus potatoes accumulated they were coming in very fast, as many as twenty-four car loads in one day. There was no shortage and he did not know of any reason why he should send word to B. F. Smith or any one else to order rush shipments. He had no authority from Mr. Daggett to order rush shipments. There were lots of potatoes and he would not be telephoning or telegraphing to any one to send in more potatoes.

In the statement prepared by Mr. Daggett for fifteen cents a package for barrelling or bagging by A. C. Smith & Company, Counsel pointed this out, remarking that Mr. Daggett had said that he had got this item from Mr. Smith. The witness denied knowledge of any such charge.

Regarding Mr. Daggett's evidence that he had cut down Mr. Smith's charges because he thought they were too great, that the work had taken too long, and that he had remonstrated with the agents about this, the witness said he could not understand it. It was slow work and would take considerable time. Mr. Daggett might have complained about the time it took. He was down two or three times and found fault with the men for not hustling more, and he might have written about it. The witness was satisfied with the way the men were working.

Counsel produced a check drawn by A. C. Smith & Co. in favor of W. D. Boyce for \$401.60, on July 28, 1915, and this was put in evidence.

Mr. Murray's Advance.

Regarding the \$1,500 advanced by the witness to Hon. J. A. Murray, as personal accommodation, the witness said that he thought that he had advanced the money some time previous to the date on which he drew on Mr. Murray. Counsel commented that this was a year before the Westmorland by-election and he was in error in his reference to this at the morning session.

Regarding a railroad of potatoes sold to the department at eighty cents a barrel by A. C. Smith & Co., the witness said this was received at West St. John on Oct. 22. It had been shipped on Oct. 19 by B. F. Smith.

Mr. Hughes—And Mr. Smith's authority to ship had been cancelled on Oct. 6?

Mr. Powell—I did not see that.

Mr. Hughes—His credit at the bank was cancelled on that date and the witness said the car came in

Banish Pimples Easily, Quickly

Let Stuart's Calcium Wafers Give You a Complexion to Rival the Kind People Rave Over.

SEND FOR FREE TRIAL PACKAGE

There is only one way to remove pimples, blackheads, eruptions and so on with its rash and itch, and that is by Stuart's Calcium Wafers in the blood. Their wonderful calcium sulide supplies the blood with one of the most remarkable actions known to science. This is its activity in keeping firm the tiny fibres that compose even such tiny muscles as those which control the slightest change of expression, such as the eyelids, lips, and so on. It is this substance which pervades the entire skin, keeps it healthy and drives away impurities. Get a 50-cent box of Stuart's Calcium Wafers at any drug store and learn the great secret of facial beauty.

A free trial package will be mailed if you will send the coupon.

able to "Cash," and all dated November 15. I know nothing of the endorsement. He must have got some one to cash them. We never made any payment to the Gleaser.

Mr. Hughes—One is endorsed by The Gleaser, one by Howard Rogers.

Mr. Hughes—The third does not seem to be endorsed at all.

Q.—You seem to have supplied an endorsement well.

A.—I did not remember when I was on the stand before, but now I think I supplied two.

The witness produced the second car was produced and put in evidence. The witness said he did not order the car. It evidently was one of B. F. Smith's. The date of the invoice was November 21.

The witness promised to secure additional information from the banks regarding the \$5,000 and \$1,500 payments.

To Mr. Powell.

To Mr. Powell, the witness said that the charge of twenty cents a barrel for handling the surplus potatoes and he had charged forty cents a barrel for them as they were more work in handling them. He claimed about \$3,000 more than the amount arranged in the final statement. The consequence of his dispute with Mr. Daggett, Mr. A. B. erton was sent to make an audit. Mr. Atherton found that \$12,092 was due him, but Mr. Daggett cut this down, despite protest of the witness, to \$8,909.66. The witness drew on the department for this amount, plus interest, or \$9,236. When this came due the witness received \$4,455.56 from Mr. Daggett, and a Cuban draft of \$806.91. He drew for the balance \$4,008.80, and when it came due it was reduced by \$1,500, and he drew again for the balance, \$2,508.80. When this matured he paid it with amounts of \$1,250 each borrowed from Mr. Daggett and J. B. M. Baxter.

The witness said his connection with the matter was square and above board. He did not get anything he was not entitled to, he did not get what he was entitled to.

Regarding the \$1,500 payment, the witness said it was applied by the Bank of Nova Scotia on one of his drafts.

To Mr. Hughes the witness said that the department still owed him \$4,008.80, the way it looked now.

Who Owes It?

Commissioner—The government does not owe it. The government has issued a check for the amount.

Mr. Hughes—I was taking his way of paying it.

Commissioner—Mr. Daggett said he held up the check because you owed him money and he feared that the check might go to your assignee. When did you assign?

A.—It was on May 31, 1916, a year later. I don't think it was fair for him to say that.

The witness said that when his firm drew on the department a statement of the account always was forwarded. He only drew on the government for money expended, not for accommodation. If the \$5,000 payment was applied on any draft or drafts, they were drafts outstanding for money due him, and not for accommodation.

The court adjourned to resume in St. John on Thursday, November 21, at 11 o'clock a.m.

VICTIMS OF LA GRIPPE

Left Weak, Disheartened and An Easy Prey to Other Troubles.

A Nova Scotia Man Tells How He Found New Health and Strength.

If you have had an attack of la grippe or Spanish influenza you are not out of danger until your blood is restored to normal.

Influenza leaves behind it weakened vital powers, thin blood, impaired digestion, and over-sensitive nerves. In this condition the system becomes an easy prey to deadly pneumonia, bronchitis, nervous prostration, rheumatism and even consumption. Ask anyone who has had an attack of influenza what their present condition of health is and most of them will answer, "Since I had the grippé I have never been really well."

This general feeling of weakness will continue until the blood is built up again, and for this purpose nothing can equal a fair treatment with Dr. Williams' Pink Pills. From first to last these pills make new, rich, red blood which reaches every organ and nerve in the body, and through this weak, despondent victims of influenza are transformed into cheerful, healthy, happy men and women.

Among the many victims of la grippe who proclaim the value of Dr. Williams' Pink Pills is Mr. Amos Kaulback, of Petite Riviere, N. S., who says: "I was taken down with a severe attack of la grippe, or influenza. After a time the early symptoms of the trouble left me, but I did not regain my usual strength, and I had always been a strong man. There were times when I felt I could hardly crawl about, and I was so run down I could scarcely go about my business. I continued taking medicine, but it did me no good. Then I found the trouble was affecting my digestion and the disagreeable feeling from this added to my general misery. I was finally advised to take Dr. Williams' Pink Pills, and I decided to try them. I had only been taking the pills a few weeks when I found my strength returning, my appetite improved, and still continuing the use of the pills a few weeks more found me restored to my old-time vigor. I can most strongly recommend Dr. Williams' Pink Pills to all who have passed through an attack of influenza as a safe medicine for renewing their strength."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 60c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

How the Loan Stood Last Night

The programme outside the Imperial theatre attracted a fair sized crowd last night, but the weather was cold. However, despite the canvassers added by the oratorical and musical talent of those on the programme secured subscriptions amounting to \$5,680. The programme follows: Remarks by R. E. Armstrong, address by A. M. Belding, selection by a bugle band under Major Burton; motion pictures, vocal solo by Mrs. Curran, whistling solo by Miss Cole, address by Steve Matthews.

Stanley E. Elkin and L. C. Armstrong addressed a large gathering of members of the Young Women's Patriotic Association and others in the Great War Veterans hall last night. They spoke of the necessity of the Victory Loan and also imparted very useful instruction to those who are to commence a canvass today.

The following list shows the amount subscribed in the various wards and in the county and also the numbers of applications:

Headquarters and	Amount.	Applications.
Imperial theatre \$	78,700	510
City's ward	48,150	166
Brooks ward	51,550	262
Sydney ward	85,450	242
Duke's ward	134,500	329
Queen's ward	265,250	415
King's ward	152,700	250
Wellington ward	100,850	398
Prince ward	114,500	394
Victoria ward	125,350	344
Dufferin ward	74,000	302
Lorne ward	178,800	428
Stanley ward	21,550	94
Langens ward	255,350	437
Beaconsfield	100,850	272
Fairview	32,350	172
County	67,550	167
Grand total	\$5,680	\$5,680,000

A list showing the latest returns from the counties follows:

Carlton	\$425,800
Knox	750,000
Charlotte	751,100
Westmorland	1,082,900
Kings	408,000
Victoria	85,000
Queens and East Sundry	84,000
Queens and West Sundry	64,000
Northumberland east	410,000
Northumberland west	56,000
Gloucester, upper	210,000
Gloucester, lower	9,000
Albert	55,000
Madawaska	75,000
Restigouche	300,000
Kent	106,000

Grand total including St. John county... \$5,680,000

Bathurst has exceeded its quota of \$80,000 and has won a flag, while the parish of Prince William and Dampier in York county not only won a flag but also a crown.

TO CARRY POTATOES

Ottawa, Nov. 8.—Through the efforts of Hon. Frank B. Carvell arrangements have been made whereby the maritime provinces can take immediate advantage of the removal of the duty on potatoes.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a beautifying lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion over the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and supple the skin becomes. Yes! it is harmless.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Really prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a cough, is a remedy which is easily prepared at home in just a few moments. It is cheap, but for prompt relief it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Put 2½ ounces of Pinex (50 cents worth) in a 16-oz. bottle; then fill it up with plain granulated sugar syrup. Or use the clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This you make 16 ounces—a family bottle costing no more than a small bottle of ready-made cough syrup. And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick relief. It promptly breaks the inflamed membranes that line the throat and air passages, stops the annoying throat irritation, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough, and bronchial asthma. Pinex is a highly concentrated, famous for its healing effect on the membranes. To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

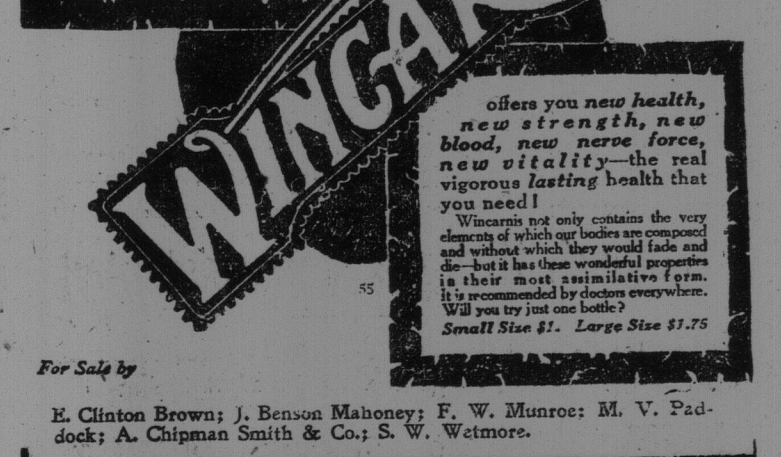

Wash Away Skin Sores

D. D. D. the liquid wash, has become a household word. It has proved itself a remarkable remedy. If you are a sufferer from skin diseases, including ulcers, pimples, scales, crust or Yecema in any form, this remedy will not disappoint you. It has stood the test and today is the most prepared for all skin diseases. Try D. D. D. We guarantee it. E. Clinton Brown, druggist, St. John.

D. D. D.

Don't suffer needlessly!!

If you are Weak, Anemic, Nervous, Run-down,

For Sale by E. Clinton Brown; J. Benson Mahoney; F. W. Munroe; M. V. Padock; A. Chipman Smith & Co.; S. W. Wetmore.

There is an opening in the United States and West Indian market to the maritime provinces producers.

The steamship Rogear has been secured by the marine department to take to Cuba and the West Indies the exportable surplus now accumulating at St. John. The Rogear has a capacity of 22,000 barrels. She will be at St. John. —BUTY-VICTORY BONDS—

ABSENCE of iron in the blood is the reason for many colorless faces but CARTER'S IRON PILLS will greatly help most pale-faced people

Nuxated Iron Should Be Prescribed by Every Physician

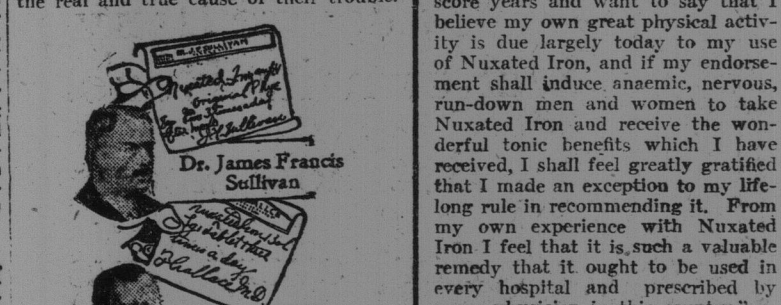

SAYS FORMER HEALTH COMMISSIONER WILLIAM R. KERR

Attributes his own great physical activity today at over 60 years of age, largely to his personal use of Nuxated Iron

It will increase the strength and endurance of delicate, nervous, run-down folks in two weeks' time, in many instances.

Investigation shows that the advice of many physicians and it is conservatively estimated that over three million people annually in this country alone, are now taking Nuxated Iron as a tonic, strengthener and blood builder. Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "Commissioner Kerr is to be commended on handing out this statement on Nuxated Iron for public print. I have strongly emphasized the great necessity of physicians making blood examinations of their weak anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles, without ever realizing the real and true cause of their trouble."

"As Health Commissioner of the City of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy, but I feel that in Nuxated Iron an exception should be made to the rule. I have taken Nuxated Iron myself and experienced its health-giving, strength-building effect, and in the interests of the public welfare, I feel it my duty to make known the results of its use. I am well past my three score years and want to say that I believe my own great physical activity is due largely today to my use of Nuxated Iron, and if my endorsement shall induce anemic, nervous, run-down men and women to take Nuxated Iron and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long policy in recommending it. From my own experience with Nuxated Iron I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

are to be congratulated in having given to the public a long felt want, a true tonic, supplying iron in an easily digested and assimilated form. A true health builder in every sense of the word."

It is surprising to many who suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Many an athlete and prize-fighter has won the day simply because he knew the secret of great strength and endurance which comes from having plenty of iron in the blood, while many another man has gone down to ignominious defeat simply for lack of iron.

Dr. Schuyler C. Jacques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York, was also asked what he thought of Nuxated Iron. In reply, Dr. Jacques said: "I have never before given out any medical information or advice for publication as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel it would be remiss in my duty not to mention it. I have taken it myself and have given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

Manufacturers' Note—Nuxated Iron, which has been used by former Health Commissioner Kerr with such surprising results and which is prescribed and recommended above by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Watson's Drug Store and other druggists.

Without iron in your blood your food merely passes through the body, so to speak, like corn through an old mill with rollers so wide apart that the mill can't grind. In my opinion, there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day."

Dr. Ferdinand King, a New York physician and Medical Author, says: "There can be no sturdy iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale—the flesh flabby, the muscles lack tone, the brain fades, and the memory fails and they often become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

"I have used Nuxated Iron widely in my own practice in most severe, agonizing conditions with unfailing results. I have induced many other physicians to give it a trial, all of whom have given me most surprising reports in regard to its great power as a health and strength builder."

Dr. A. J. Newman, late Police Surgeon Jefferson Park Hospital, Chicago, is commenting on the value of Nuxated Iron said: "This remedy has proven, through my own tests of it, to excel any remedy I have ever used, for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders. The manufacturers
