Chemists in Convention to Hear of New Glass—Also Discuss Substitute for U. S. Coal.

Montreal, Aug. 29.—(Canadian Press.)—Noted chemists from this continent and Great Britain gathered here today for the conventions of the Society of Chemical Research and the Canadian Institute of Chemistry. The convention of the Society of Chemical Research will last three days, during which interesting papers will be read. Tomorrow night a banquet will be held. Right Hon. Arthur Meighen is expected to speak. This morning Mayor Martin extended a civic welcome to the delegates. The convention was formally opened by Sir Charles Fitzpatrick, lieutenant-governor of the province.

Sir William Pope, president, will preside over the meetings of the society. He was knighted under the British Empire Order for his special services in connection with mustard gas for the war effort during the war. Among the papers to be presented at the sessions is one dealing with a glass which, while admitting unlimited daylight, eliminates the heat rays so that no warmth penetrates a room illuminated by it. Other papers will describe steps being taken to replace coal with peat and lignite so as to make Ontario and Eastern Canada largely independent of fuel from the United States.

After the convention the delegates will visit Shawinigan Falls, Ottawa, Toronto and New York.

The meetings of the Canadian Institute of Chemistry will be presided over by Professor J. Watson Bain of the University of Toronto. Those attending will include: Dr. Harold F. Sigworth of Mount Allison University, Sackville, N. B.; Prof. R. A. Lehman, University of Alberta, Edmonton; E. G. R. Ardagh, University of Toronto; Leonard T. Acton, Toronto; Dr. J. S. Bates, Bathurst, N. B.; S. J. Cook, Dominion Bureau of Statistics, Ottawa; J. A. Dawson, Department of Health, Vancouver; Prof. W. Lash Miller, University of Toronto; Dr. R. D. McLaurin, Montreal; I. C. Mackie, Dominion Iron and Steel Company, Sydney; Prof. Matthew A. Parker, University of Manitoba, Winnipeg; Dr. R. F. Rutland, McGill University; L. F.
