A little thing I have to do, I am forced to do it, can't help it, let it go at that, this is what it is:

Thank the people of the town of Ingersoll and surrounding country for the great kindness and warm welcome they have given me to their town, they have certainly did it.

I will have to travel to a very high standard to merit the kindness shown me, but I am prepared and able to do so and will do so, watch me.

I understand my business thoroughly having been connected with the grocery business for 32 years, having served my time with some of the leading Canadian and American Grocers and know what I am doing.

Come and meet me, there is the social side of life as well as the financial side. Thanking you again, I remain

Yours Very Truly,

DON'T GROW BALD YOUNG MAN!

Take Care of Your Hair While You Have Hair to Take Care of

Is a safe idea to one but that the young man who uses PARISIAN Sage as an occasional hair dressing will never grow bald.

There's a reason of course, and it's a very good and efficient one.

Dandruff germs cause falling hair and in due time baldness.

PARISIAN Sage prevents baldness by destroying the cause of baldness—the little persistent voracious dandruff germ.

If you have dandruff or itching scalp it means that dandruff germs are sapping the vitality from the roots of your hair. Get rid of all hair troubles by using PARISIAN Sage.

It is not a dye, mind you, neither does it contain poisonous sugar of lead or even sulphur. It is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch, and makes hair grow lustrous and luxuriant.

Many young women as well as men are growing bald and for the same reason.

Use delightful, refreshing PARISIAN Sage; it nourishes the hair roots, if the roots are not dead, and brings to every user a head of glorious hair—radiant and fascinating. Large bottles for 50 cents at drug stores and toilet counters. See that you get PARISIAN Sage.

J. E. Gayfer, guarantees it.

Negro Shoots Another.
 Toronto, Sept. 28.—An attempt at murder was made last night at about 10 o'clock at the Negro Club on West Adelaide street, opposite the firm hall, when Virgil Cobb, in an altercation with another negro by the name of Brady, pulled a revolver and fired at him. The bullet entered Brady's right leg, just above the knee. He was taken to St. Michael's Hospital, where it was said he would recover. Cobb got away safely and is still at large.

By-Election in Richelieu.
 Ottawa, Sept. 28.—The federal by-election in the County of Richelieu, it is expected, will be held shortly. A. D. Morgan, Montreal, who was the Conservative candidate last election will again run. J. P. Cardin was elected a year ago, but was unseated. His majority was large, and as the seat is traditionally Liberal, it is considered doubtful whether the Conservatives will win.

SIGNING WAS QUIET

"Covenant Day" Passes Off Without Serious Violence.

FIGHT AT FOOTBALL GAME

Only One Disturbance Marks the Occasion of Signing Ulster's Declaration Against Home Rule—Sir Edward Carson is Again the Central Figure and Puts Name to Bond With Great Ceremony.

Belfast, Sept. 30.—As proof of their determination never to submit to the domination of an Irish Parliament, thousands of Ulsterites—Unionists and Orangemen—devoted Saturday to signing the covenant of resistance to home rule. But, notwithstanding the anxiety and dread as to what might happen Ulster Day passed off without any serious disturbance.

In expectation of rioting a large force of troops were quartered in the city, but their services were not needed. Only one demonstration of factional feeling occurred, which threatened for a brief space to become serious. After a football match between Protestant and Catholic teams at Celtic Park, as the crowds were returning home, several green flags were waved.

The appearance of these emblems of Nationalism started several fierce fights, but the police stopped the conflicts before anybody was badly hurt.

Religious services preceded the signing of the covenant and services of a similar nature were held in many of the churches and chapels throughout the counties of Ulster. Undoubtedly the arrangements which had been made whereby the signing of the document was treated as a solemn religious obligation, exercised a restraining influence on the bellicose Orangemen, while the humorous view taken of the ceremony by the Nationalists tended to diminish their feelings of hostility.

The aspect of the city, however, throughout the day was decidedly martial. The air resounded with the tramp of well-drilled civilians going and coming from the City Hall, where the covenant was signed. Meanwhile bands of all descriptions played patriotic airs. From noon until late at night the signatures were attached at the rate of 500 per minute and a half, a large number of desks having been arranged for the convenience of the public and to facilitate this work.

Sir Edward Carson, who has announced his willingness to stand at the forefront of the battle until victory is won—however fought out—was the dominant figure of the day. After a dinner given in honor of the occasion, he received a congratulatory address from the English Protestant associations. Then, accompanied by the members of the Ulster committee and the English Unionist members of the House of Commons who have been prominent in this campaign, started for the Donegal Quay to take the steamer for Liverpool, where he will attend a big anti-home rule demonstration.

From the Ulster Club to the quay side Sir Edward and his party were escorted by a torchlight procession through immense throngs cheering enthusiastically. As the steamer made its way down the Lough every eminence on shore was illuminated by beacon fires.

But One Firm Tendered.
 Ottawa, Sept. 30.—The tenders for the ships for the West Indies service, which are supposed to be open to-morrow, will probably be a disappointment to the Minister of Trade and Commerce, for it is understood that only one serious tender has been received by the department. As a matter of fact the complicated tenders asked for have given British shipping men the impression that the Government is simply fishing for information and, as a consequence, no tender is from the British Isles.

To-day British shipbuilding is so very prosperous, ships paying for themselves in two years, that builders are not attracted by any uncertain Government venture, hence the total absence of tender from over the water.

Woman Asserts Innocence.
 Niagara Falls, Ont., Sept. 30.—"I'll prove to you yet, my innocent," said Mrs. Mary H. Hanner, when Detective Sgt. G. H. Callahan read to her, in St. Mary's Hospital, on the American side yesterday, the warrant charging her with assisting in the first degree, alleging she shot her husband in North Tonawanda on Aug. 12, while the Hanners were on their way from this city to their home in Buffalo by automobile. She will be given a hearing to-day in North Tonawanda.

Big Pulp Contract.
 Montreal, Sept. 30.—The Chicoutimi Pulp Co. has just entered into what experts call the largest pulp contract in the world. This concern has agreed to supply Edward Lloyds Co., London, with 50,000 tons of pulp annually for a term of ten years.

The news also comes that three new pulp mills will be started in Canada next year, one in Ontario and two others on the St. Lawrence.

Flying Stone Broke Leg.
 Kingston, Sept. 30.—While playing in St. Mary's school yard, the seven-year-old son of Mr. Amodeo, fruit merchant, was hit on the leg by a stone and the member fractured. His elder brother hit the boy who threw it and he was then strappled by a teacher, who witnessed the entire affair.

Earth Shocks Recorded.
 Mobile, Ala., Sept. 30.—The seismograph at Spring Hill College yesterday afternoon registered earth shocks which are calculated to be eight thousand miles away. The first shock came indistinctly at 3.15 p.m. Quakes came intermittently and with varying violence until 5.30 o'clock.

THERE AVIATORS KILLED.

Two American and One English Army Officer Dead.

Washington, Sept. 30.—Lieut. Lewis C. Rockwell, U.S.A., and Sergt. F. S. Scott, of the Signal Corps, both attached to the army aviation corps, are dead as a result of an accident to an army airplane on Saturday. The machine, while in the air, fell about fifty feet, killing Sergt. Scott almost instantly. Lieut. Rockwell was so badly injured that he died a few hours later at the Walter Reed Hospital.

Biplane Overturned.
 Hempstead, N.Y., Sept. 30.—John L. Longstaff, a former English army officer, was killed Saturday evening while flying in a Farman biplane with his mechanic, Pierre Chavellier. Seven feet in the air a wire connecting the control of the biplane became jammed and the machine instantly overturned, striking the ground with such force that it was buried two feet.

Longstaff fractured his skull, and received serious internal injuries from which he died a short time later. Chavellier is seriously, but not mortally injured. He will probably lose his left eye.

Longstaff held a pilot license from the Royal Aero Club of England. He had been flying as a scout, with the transport army in Mexico, and recently he had planned to take up a passenger, and was tuning up the machine. Longstaff was 35 years of age.

Quebec Teachers' Day.
 Montreal, Sept. 30.—Gedfrey Langlois, M.P.P., commenting on the remark made by Sir Lomer Gouin to the effect that there is not much work to be done at the approaching session of the Legislature at Quebec, gives the average pay received by the school teachers in the counties represented by six Ministers of the Quebec Cabinet, and calls for reform.

The payments are: Port Neuf—Sir Lomer Gouin, \$118 per annum; Nicolet—Hon. C. Devlin, \$108 per annum; Montmorency—Hon. Mr. Tascheau, \$110 per annum; Drummond—Hon. Jules Allard, \$130 per annum; Magdalen Islands—Hon. Mr. Caron, \$150 per annum; Richmond—Hon. P. Mackenzie, \$160 per annum.

Textile Strike Nears End.
 Lawrence, Mass., Sept. 30.—The question of terminating or continuing the strike in the Lawrence Textile Mills, called last Thursday as a protest against the imprisonment of Ettore and Giovanni the Industrial Workers of the World organizers, was expected to be settled today as a result of the industrial workers of Lawrence Common Saturday afternoon.

The strike continued Saturday, despite the vote of operatives at several meetings to return to their machines. It was estimated that 8,000 hands were idle, divided among the different mills as follows: Wood 4,500; Ayer, 1,500; Washington, 2,000; Prospect, 200; Arlington, 300; Everett, 300; Pacific, 175.

There was no trouble of any kind when the mill gates opened and the strikers did not post any pickets.

Pressing for Electrification.
 Galt, Sept. 30.—In conversation with Supt. Gillies of the Grand Trunk Railway, it was learned he had received a petition containing the names of 1,200 residents of this county, asking for the electrification of the Galt and Linea branch. The superintendent is giving the subject consideration, and expects shortly to go into the matters thoroughly.

The superintendent in charge of this district does not consider the obstacles surmountable. That there would be a saving in the cost of motive power the Grand Trunk official readily conceded. He was impressed by the character of the petition presented.

Motor Bandits in Chicago.
 Chicago, Sept. 30.—Four restaurants were raided in quick succession by four automobile bandits Saturday.

The robberies were the climax of a thrilling night's campaign by the robbers in northern Indiana, where a score of people were held up. One was robbed of \$800.

After this the quartet raced their automobile across the state line and resumed depredations in Chicago and its suburbs.

Assistant Chief of Police Schuetzler detailed a squad of motorcycle policemen to attempt to pursue the gang.

Balkan Unrest Continues.
 Belgrade, Servia, Sept. 30.—The warlike feeling continues to prevail throughout the capital despite repeated official assurances that peace will be maintained in the Balkans. At the war office the gravest activity is displayed and civilians are not allowed to enter the building.

The Servian authorities have detained eighteen carloads of ammunition which has arrived here on the way to Turkey.

Granted Home Government.
 Geneva, Switzerland, Sept. 30.—The granting of home autonomy to Alsace-Lorraine as one of the federated German states would in the opinion of the French and German delegates to the international peace conference, be a decided step toward better relations between France and Germany.

They presented a resolution to this effect Saturday, and it was adopted by acclamation by the congress.

Kingston to Revive Fair.
 Kingston, Sept. 30.—Citizens have held a meeting and appointed a committee to draw up plans of organization for a fair association. Kingston had a good fair up until a few years ago, when it was dropped. It will require \$5,000 to put the present grounds and buildings into shape for the fair.

Brantford's New Army.
 Brantford, Sept. 30.—A new armory for Brantford is assured by the purchase of a fine site on Brant avenue by the Government. The armory will be for the exclusive use of the Brant Dragoons and Field Battery Corps.
