

LOCATION LINE FOR
SAANICH EXTENSIONA. T. Goward Announces That
Work is to Be Done Im-
mediately

A. T. Goward, local manager of the B. C. Electric Railway Company, announces that a location line of the proposed Saanich extension will be run at once. Asked why there had been so much delay with the project, Mr. Goward said:

"Simply because arrangements with the owners so far completed are not considered satisfactory. It is perfectly true that some of the residents of the district have met the company in a fair and reasonable spirit, but a very considerable number are holding back. We are now informed that the reason for this attitude is because the actual location of the line is not decided upon and that before making any arrangement with us for right-of-way, etc., they desire to know just how much benefit they will derive from the construction of the railway."

"This seems to the company a reasonable request and we have, therefore, decided to run an actual location survey along which the line, if built, will be constructed. This work will be commenced at once and it will then rest entirely with the property owners themselves as to whether this long looked for interurban railway will be built at once or shelved indefinitely."

LICENSE BY-LAW QUASHED.

Chief Justice Hunter Hands Down Judgment in Nelson Municipality Case.

Chief Justice Hunter has refused an application to quash the Nelson liquor license by-law. This was a measure passed by the municipal council of Nelson. Originally there was a by-law providing for not more than six saloons in the municipality, but last August the council passed a by-law abolishing saloons.

One of the license holders under the original by-law applied to quash the enactment, and the Chief Justice held that the statute (Municipal Clauses Act) in authorizing regulation did not authorize prohibition; in fact that the granting of the power to regulate presupposes a continuance of that which is being regulated. Therefore the clause in the statute, which in terms empowers the municipality to limit the number of hotels, saloons and restaurants, does not empower the municipal council to absolutely wipe out or prohibit any one of that class of license.

Elliot, K. C., and Moffatt in support of the motion; Davis, K. C., for the municipality, contra.

WOMAN ACQUITTED.

Tacoma, Wash., Oct. 3.—"Not Guilty." As these words fell from Superior Judge W. O. Chapman's lips Mrs. Belle A. Johnston, on trial for her part in slaying Frank H. Hawk on July 23, sobbed "Oh! and falling back in her chair, wept hysterically for a few minutes, while Judge, jury and spectators sat with throbbing hearts and watched Fletcher B. Johnston, the devoted husband, soothed her with gentle caresses and soft spoken words of endearment.

"Oh! I had hopes of it! I had hopes I would get free! I'm so thankful!" sobbed Mrs. Johnston.

With glistening eyes the 12 jurors filed by the sobbing woman and swallowed lumps in their throats as she extended her hand and weakly murmured: "Oh! I thank you, I thank you."

BLOWS HIMSELF TO PIECES.

Casper, Wyo., Oct. 5.—Daniel McMillan, an expert in the use of powder and dynamite, employed at the North American asbestos mines, committed suicide by exploding 100 pounds of dynamite under his body. His body was blown to atoms, and the four hundred foot level of the mine, where he ended his life, was badly wrecked. The dynamite was taken from the blacksmith shop during the absence of the blacksmith yesterday, and McMillan also helped himself to caps and fuses. Several days ago McMillan told a friend that he was tired of life, that within a week something would be blown up.

BEARS IN MANITOBA.

Winnipeg, Oct. 5.—The farming districts of Manitoba are being terrorized by bears that have been starved and driven in by forest fires that thirty bear dogs are to be imported to exterminate them. The bears have done great damage to the crops.

TREATMENT OF CANCER.

Paris, Oct. 5.—At the international cancer conference now in progress in this city Prof. Delbet read a paper in which he declared that cancer was not incurable if an early resort was made to surgery.

LOCAL NEWS

—Fire Chief Davis, in his monthly report urges the purchase of more motor apparatus for the department. He says: "I would strongly recommend the placing of one motor hose wagon, capacity 2,000 feet of fire hose, to replace the present horse-drawn wagon in headquarters. I have found the present auto chemical very useful and beneficial, and I consider it a very important piece of apparatus."

—The directors of the B. C. Agricultural Association have sustained the decision handed down by the judges for the best display of commercial fruit. The prize was awarded to Ernest S. Cantwell, but a protest was made by Thos. Bryden. Two other judges were engaged to score the exhibit and they arrived at the same conclusion, stating that the prize had been properly awarded.

—Dr. C. J. Fagan left for Ottawa on Wednesday to attend the conference of provincial representatives called by Hon. Clifford Sifton. The purpose of the conference is to reach some conclusion as to the policy to offset the disposal of the free hospital benefits for the members of British Columbia, making them inferior food products at present denied sale in the United States through the operation of the Pure Foods law of the neighborly traffic.

—Through the courtesy of A. T. Goward, the local manager, the Times has received a copy of the souvenir pamphlet which the company has issued, showing the extent of the plant and operations on the Island and Mainland. The pamphlet consists in the main of a series of well executed photographs which give a comprehensive idea of the magnitude of the B. C. Electric Company's enterprises in this province.

—Police returns for September show that for the month a total of 220 cases were handled classified as follows: Assault 2, aggravated assault 1, beginning 2, breaking and entering 2, cruelty to animals 2, carrying concealed weapons 1, offences against city by-laws 5, drunks 56, fraud 1, inflicting 2, disorderly housekeeping 2, language 2, liquor license regulations 1, in possession of intoxicants 3, supplying intoxicants to Indians 4, stealing 8, safe keeping 72, threatening language 1, unsound mind 2.

—E. Bullock-Webster, provincial exhibition commissioner, who has just returned from the eastern fair, is preparing for the dispatch of British Columbia's exhibits to the Old Country shows. These will probably be from fifteen to twenty in number and the representation of this province will, as last year, be restricted to winter apples, of which one carload (or 800 boxes) will go forward from Vancouver on the 13th of the present month. The principal English exhibitors will be that of the Royal Horticultural Society in mid-December, and for this an additional carload of apples will be forwarded in due season. The British Columbia shipment will be made from Vancouver ten days hence.

—It is expected that there will be a large attendance at the meeting to be held next Saturday afternoon in the Metropolitan Methodist church in the interest of moral and social reform. The meeting will take the form of a conference and will be addressed by members of the American Purify Federation who are paying a visit to this province in the course of their 7,000-mile tour. The only hour that could be arranged for the party to visit this city was between 2 and 5 p.m., and the meeting is called for 4 p.m. sharp, so that the party may be ready to catch the 5 o'clock boat to Seattle. The subject to be discussed will be "The White Slave Traffic," and matters of a kindred nature that call for needed reforms. The meeting will be open to the public, and the committee in charge are hopeful that the building will be filled.

—The Friendly Help held their monthly meeting Tuesday morning in their rooms, Market building. A good attendance of ladies were present. Miss McDowell was welcomed back after her trip to the Old Country, and Mrs. E. Fletcher was appointed as visitor for district 7. The usual number of needy cases were reported, and other routine business transacted. The following are the month's donations, which are gratefully acknowledged: Cash from the province government, the city, Mrs. Mackintosh, Miss Murray (Sooke), Mrs. MacRae, R. F. Taylor, A. Friend, Mrs. Vincent, Anderson, Edna Johnson, Mrs. C. P. Todd, Christ Church, near Dundas, E. Crow Baker, Mrs. J. G. Brown and Mrs. H. G. Barnard. Mrs. Beaven collected (by card) \$1 and Miss Lawson \$1.50. Clothing was received at the rooms from Mrs. John Irving, Mrs. Gilbert Cook and Miss Spaldin. Mrs. Camusua, Fisgard street, kindly sent pairs to several families.

—At their monthly meeting the management of the Aged Women's Home decided that they would hold their annual tea and entertainment on Wednesday afternoon and evening, the 19th inst., and all the many friends of the institution are kindly asked to keep this date free from other engagements. An attractive and useful and fancy articles will be in charge of Mrs. Simon Leiser, and all donations for this can be sent to her residence, Yates street, or left at the Aged Women's Home not later than the 18th inst. The candy table will be in charge of Mrs. Vincent and Mrs. Goodacre. Decorating will be undertaken by Mrs. McAvish and her daughters, Tea and refreshments will be in charge of Mrs. F. Carns, sen., and Mrs. Scowcroft. Flowers, both cut and potted plants, will be looked after by Mrs. Wm. Grant and Mrs. Gould. Donations of any of the above tables will be very gratefully received at the Home on or before the day of the sale. The proceeds go towards providing a supply of winter fuel.

—According to the latest board of agricultural returns there were in Great Britain 1,229,382 cattle, 1,525,283 sheep, and 2,360,887 pigs in June, 1916, while the number of dogs licensed issued was 1,758,165.

PROVINCIAL I. O. F.
MEETING AT VANCOUVERHigh Secretary Submits Reports—
R. A. Binden Elected High
Chief Ranger

Vancouver, Oct. 5.—The sixth biennial session of the High Court of British Columbia I. O. F. was opened in the Orange hall, E. H. Murphy, high chief ranger, presiding. The distinguished visitor to the session was Frank E. Hand, acting supreme chief ranger for the Pacific coast. The whole province was fully represented, and Mr. and Mrs. Plumb were present representing Seattle.

The reports of Bro. Crehan, high secretary, were received with much applause, as they have been the best since the inception of the high court.

High Chief Ranger E. H. Murphy, after a lengthy and masterly report, dealt very fully with the affairs of the order.

The most important legislation transacted at the session was the establishment of the free hospital benefits for the members of British Columbia, making these benefits interchangeable for Manitoba, California, Oregon and Washington. These benefits will prove very satisfactory to the members of the order in this province.

This is a true Canadian institution, notwithstanding the fact that numerous citizens of the United States have not been worked to any extent since 1906, when 210 tons of ore were shipped.

The Bluebird mine of Rossland and the Hewitt mine of Silverton have both entered this year's shipping list.

The following are the returns of the ore production and movement for the past week:

Boundary.	Week.	Year.

CHICAGO CAPITALIST
CLOSES BIG DEALPays \$600,000 for Timber Limits
on Moresby Island—Owns
Joal Lands

Prince Rupert, Oct. 5.—An immense timber deal has just been completed here by Mr. McKinnon, Island timber limits have been taken over by C. A. Frost of Chicago, formerly president of the Chicago-Milwaukee street railway. The area embraces about 40,000 acres of timber lands on Moresby Island. The sale involves a cash consideration alone of \$600,000. Mr. Corlett of Seattle, disposed of his interest.

At present the company has a mill at Queen Charlotte City which was to have shut down according to reports. It will now continue to operate under new ownership.

Mr. Frost, who is largely interested in coal and timber in northern British Columbia and who was identified with coal measures in Alaska, left for Vancouver. He has about 35,000 acres of lands near Masset and may join with Mr. Brown who has 25,000 acres, and others to develop vast works controlling about 100,000 acres of land.

VANCOUVER ASSIZES.

Vancouver, Oct. 5.—When the assize court opens here on Monday next there will be quite a heavy list of cases facing the presiding judge. The most serious are two of murder and manslaughter. The list includes the following: Rex vs. Bernard Costa, murder; Rex vs. Alphonse Richer, murder; Rex vs. Seyetaro Watakeba, manslaughter; Rex vs. Salvino, shooting with intent; Rex vs. Darcy, shooting with intent; Rex vs. Watson, theft; Rex vs. Morris Goldberg, E. Goldberg and J. Goldberg, assault, occasioning bodily harm; Rex vs. Levine, obtaining money by false pretences; Rex vs. Chong, housebreaking and theft; Rex vs. Thomas W. Phillips, perjury; Rex vs. Klopant, assault on girl under 14 years; Rex vs. Walter Woolcott, theft; Rex vs. Lee Sing and Lee Lewis, smugglers carrying offensive weapons.

GRAND FORKS FAIR.

(Special to the Times.)
Grand Forks, Oct. 5.—The first annual fair of the Grand Forks Agricultural Association was opened yesterday by Martin Burrell, M. P. There is a large crowd of visitors at the exhibition building, where the magnificent display of fruit, vegetables, minerals and women's and children's wares is the admiration of all. The poultry show is stated by those in authority to be the largest and finest ever held in the district. A public dance was held last evening for the entertainment of visitors. To-day the day of the fair, horse races being pulled off at the race track.

STORM DELAYS STEAMER.

(Special to the Times.)
Port Arthur, Oct. 5.—The weather on Lake Superior has been rough during the past couple of days, and all boats arriving report heavy seas, but this is not considered unusual for this time of year. No boats have been seriously delayed except the small coasting steamer, Easton, which took two hours' shelter on her way here from Duluth.

MORE MINES ON
SHIPPING LISTSlovan Lake Property Leased and
Men Are at Work Driving
New Tunnel

Nelson, Oct. 5.—The Enterprise mine on Ten-mile creek near Slovan Lake has been leased by S. S. Fowler to the owners of the property, the Enterprise (B. C.) Mines, Ltd., a London company, and work has already been commenced in preparation for driving a new tunnel lower down the mountain from the existing No. 1 tunnel. There are seven adit tunnels driven on the vein, one of which, No. 2, is in 1,100 feet.

The vein on the Enterprise upon which the seven adit tunnels have been driven is narrow, only measuring about 11 inches but as will be seen by the above figures from the smelter returns of high grade. Owing to the richness of the vein the cost of operating the property is comparatively small, very little sorting being necessary.

The Enterprise consists of two claims, the Enterprise and the Slovan, which are located about 2,800 feet above Slovan Lake. It is well equipped with mine buildings and on Ten-mile creek is a concentrating mill and compressor which supplies air to the drills at the mine through an iron pipe. Alongside the mill is a well equipped laboratory and houses for assayer and millmen. The property has not been worked to any extent since 1906, when 210 tons of ore were shipped.

The Bluebird mine of Rossland and the Hewitt mine of Silverton have both entered this year's shipping list. The following are the returns of the ore production and movement for the past week:

Boundary.	Week.	Year.

TOBACCO HABIT.

Dr. McTaggart's tobacco remedy removes all desire for the weed in a few days. A vegetable medicine and only requires touching the tongue with it occasionally. Price 25c.

LIQUOR HABIT.

Marvelous results from taking his remedy for the liquor habit. Safe and inexpensive home treatment; no hypodermic injections, no publicity, no loss of time from business, and a cure guaranteed. \$4.00. Send for Dr. McTaggart, 15 Yonge street, Toronto, Canada.

A. J. BALFOUR ON
COLONIAL PREFERENCE

Fears Question Will Receive Scant Attention From Asquith Government.

(Special to the Times.)
Edinburgh, Oct. 5.—Speaking before a great Unionist rally here to-day, Hon. A. J. Balfour, in concluding his speech referred to the subject of Colonial Preference. He looked forward with real misgivings to the meeting of another colonial conference with the present government in office, who would meet it with the same disregard and obstinacy as before. He looked forward, however, with increasing hope to the prospect of great reform in our fiscal system.

ARRESTED AFTER YEAR.

Winnipeg, Oct. 5.—Emil Larsen, wanted for arrival in connection with the hold-up on the Old Tait homestead near Deer Lodge, was arrested this morning as he was boarding a train for Canada. He is the man who held the hold-up but Karl Miller, who is a prize-fighter, saved possible murder by wrestling the gun from Tom Collins, who was caught and given five years. Larsen has been worse in the city for a year and thinks it hard lines to be tried now by a jury.

RESIDENCE BURNED.

Vancouver, Oct. 5.—The residence of Mr. Mahoney, on the corner of Cedar street and Eighth avenue, has been completely destroyed by fire. Mr. Mahoney was awakened and given five years. Larsen has been worse in the city for a year and thinks it hard lines to be tried now by a jury.

TRAINING LADS FOR
SERVICE AT SEA

Classes Will Be Opened at Vancouver—Capt. Eddie Will Take Charge

Vancouver, Oct. 5.—At the close of the meeting of the Vancouver Navy League the meeting, which included many people not members of the league, proceeded to discuss the question of a training ship for Vancouver. The chairman, Rev. H. G. Finness, Clinton, Rev. R. J. Wilson, Dr. Davis, Mr. McMahon, Mr. Healey, Mr. Lockington and others all dwelt eloquently on the good work such a training ship would accomplish. P. Shaw spoke from personal experience of the value of the training on such a ship, and a strong delegation from the Juvenile Protection Society urged that it would be of inestimable value in improving the morale and health of the boys.

It was explained by Capt. Eddie that a commencement could be made at once, as Mr. Franklin had generously placed that hall at his service. They could consider the hall a brig until a vessel arrived in Burrard Inlet, and a number of lads were ready to enroll themselves. This was to be a voluntary training; it was not necessary that the boys should be regarded as refractory. He would teach and carry on their training on Navy League training ship lines. A committee could get to work and procure a proper training ship so that Vancouver could supply the boys to become men fit for the mercantile and naval marine. On the motion of Captain Archer, Captain Eddie was elected commandant. He will take up his class at once. A strong committee was chosen, including the chairman, Messrs. R. O. Bell, Irving, Prof. Lockington, Mr. Bosomworth, Mr. Auld, Mr. P. Shaw, Dr. Davis, Mr. J. Francis Bursill, Mr. Lewthwaite and others were appointed to wait on the Juvenile Protection Society to ask their co-operation and to take other steps to make the project a success.

REVELSTOCK TRAGEDY.

Revelstoke, Oct. 5.—A significant feature of the Julian tragedy, in the opinion of the majority of the experts, is inevitably as attributable to Madia polio was the peculiar black mark virtually around the face and which is taken to be the mystic symbol of a Black Hand chapter. This mark, brand, the doctors testify, penetrated slightly below the skin, and was evidently caused by some peculiar character of the mangle used in the case. The aid of the most expert chemists will be necessary in this connection.

At a meeting of the city council a resolution was passed that \$500 be added by the city to the reward offered by the provincial government for the conviction of the murderers of Frank Julian.

INSPECTING DAIRIES.

(Special Correspondence.)
Ladysmith, Oct. 4.—Dr. J. Ransom, provincial dairy and dairy inspector, is in the city inspecting local dairies and those in the surrounding district. No. 2 Extension mine was temporarily closed yesterday owing to an extensive cave-in in No. 2 slope.

TOBACCO HABIT.

Dr. McTaggart's tobacco remedy removes all desire for the weed in a few days. A vegetable medicine and only requires touching the tongue with it occasionally. Price 25c.

LIQUOR HABIT.

Marvelous results from taking his remedy for the liquor habit. Safe and inexpensive home treatment; no hypodermic injections, no publicity, no loss of time from business, and a cure guaranteed. \$4.00. Send for Dr. McTaggart, 15 Yonge street, Toronto, Canada.

"I FEEL IT MY DUTY
To Give You a Statement in
Regard to 'Fruit-a-tives'"

"Hardwick, Miramichi, N. B., Jan. 17th, 1916.
In respect to the wonderful cure I received by taking 'Fruit-a-tives.' Chronic Constipation was the complaint I suffered with for years. My general health was miserable as a result of this disease, and I became depressed and alarmed. I was treated by physicians without the slightest permanent benefit, and I tried all kinds of pills and tablets, but nothing did me any good.

I saw the strong testimonial in favor of 'Fruit-a-tives' by New Brunswick's 'Grand Old Man,' the Hon. John Costigan, and I knew that anything he stated was honest and true and given only to help his fellow-men. I tried 'Fruit-a-tives' and the effects were most marvelous, and now I am entirely well from all my Chronic Constipation that I suffered from for so many years. My general health is once more excellent and I cannot say too much to express my thanks for the great benefits derived from taking 'Fruit-a-tives.'

"A. G. WILLISTON."
'Fruit-a-tives' is not gotten up by druggists or expert chemists who know nothing about disease and the needs of the human body—but is the scientific discovery of a well known physician, and is the only medicine in the world made of fruit juices.

Fifty cents a box, 6 for \$2.50, or trial size 25c. At all dealers, or sent, post-paid, on receipt of price by Fruit-a-tives Limited, Ottawa.

How Can a Cloth Be Rain-
Proof, Yet Porous?

If you examine a single fibre of wool through a microscope, you will find a small passage or canal through the interior. When the cloth is rained upon this canal, in its normal state, immediately fills with water, and the woollen material is said to be in a soaked condition. Now, by the secret English process by which our cloths are made rain-proof, each canal in each fibre of wool is filled up with an insoluble substance, thus destroying the hygroscopic quality, or, in other words, the power of the fibre to absorb water.

Add to this the apparent opacity of the material obtained by the texture being tightly woven, and you have the perfection of a rainproof yet porous cloth, which will resist hours of continuous rain.

YOU ARE INVITED TO CALL AND EXAMINE OUR RAINCOATS.
