## METROPOLIS on Has Her Stealing

He Objects to Restrictions Placed on Trade With Outside Markets Especially.

The Sealers' Indemnity Should Have Been Paid-The Nation's Honor Demands It.

The Alaska, British Gulana, Venezuelan, Cuban and Other Questions Dealt With.

Washington, D. C., Dec. 3.-Both houses met at noon to-day. After the invocations and the reading of the journals, the President's executive clerk appeared with the annual message, which was read by the clerks in each house, amid the respectful attention of senators and representatives. The message proceeds, in substance,

as follows: To the Congress of the United States: The present assemblage of the legisla-

time when the interests of our people, and the needs of our country, give special prominence to the condition of our partments of the government fully and plainly exhibit what has been accomplished within the scope of their respective duties, and present such recommendations for the betterment of our country's condition as patriots and intelligent labor and observation suggest. 1, therefore deem my executive duty adequately performed at this time by presenting our situation as related to our intercourse with foreign nations, and a statement of the financial problems which

vents the free access of their products to exact location of this entire boundary. the world, the desire to maintain trade "I would call attention to the unsatistime-worn ruts, regardless of inexor- factory delimitation of the respective able laws, new needs and changed con- jurisdiction of the United States and reated a situation somewhat injurious there used. Owing to the uncertainty

in order to guard against unfair discrimination, the way to such a course is easy, but should not be lightly entered

Our relations with Great Britain, always intimate and important, have de- ing an acute stage, a definite statement greater share of consideration than States as regards the controversy seemusual. Several vexatious questions were left undetermined by the Behring Sea arbitration tribunal. The application of has not been followed by the results they were intended to accomplish, either because the principles themselves lacked their execution has been more or less imperfect. Much correspondence has therein reached was that the established been exchanged between the two govpolicy of this government, being firmly of gold as related to the soundness of our money, and as affecting our national the exterminating slaughter of seals. European power of its territorial postate insufficiency of the British patrol in sessions on this continent, and that as Behring sea, under the regulations this policy is well founded in principle gold in payment of revenues, nor would agreed on by the two governments, has and strongly supported by numerous been repeatedly pointed out, and yet only two British ships have been on patrol perience has shown to be absolutely necessary to carry out the intent of the award. All this has been earnestly urged upon the British government, but thus far without effective results. In the meantime the depletion of the seal herds by means of pelagic hunting has so alarmingly progressed that unless the slaughter is at once checked, extinction tive branch our government occurs at a within a few years seems to be an absolute certainty.

The understanding by the which the United States was to pay Great Britain clusion the dispatch in question called this subject with earnestness and plainthe sum of \$425,000 in full settlement upon the British government for a deness of speech, because I cannot rid myforeign relations and exigencies of our of all British claims for damages arisnational finances. The reports of the ing from the seizure of sealing vessels, heads of the several administrative de- authorized under the award of the Paris tribunal of arbitration, was not confirmed by the last congress, which declined to make the necessary appropriation. I government has not yet been received, am still of opinion that this arrangement but it is expected shortly, when a furwas judicial and advantageous for the government, and I earnestly recommend it to be again considered and sanctioned. If, however, this does not meet with the favor of congress, it certainly will scarcely dissent from the proposi to congress the important phases of tion that the government is bound by every consideration of honor and good faith to provide for the speedy adjustment of the claims by arbitration as onfront us, omitting, except as they are the only other alternative. A treaty of related to these topics, any reference to departmental operations."

The President then touches upon the action of the Argentine Republic in reducing the duties on certain products of the United States in view of the free the senate so that in one of the modes suggested a final settlement may be reached.

The matter of the enforcement of in-

tion is also made of the decision of the posal originated with Great Britain and gentine and Brazil by the President as But Her Majesty's government encounommission. | cept a date to be set for carrying the The disordered condition of affairs in rules into effect.
