think it were better that we should not Dredging Urgently Needed. have justice done to us in the matter

proceedings to have our right to the however, prevent it from being done, for and so hostile to the just claims of New formally and more than once acknowledgmoney determined, the thousand dollars we understand that a dredging plant of Brunswick, would indeed be a singular ed that each country has an exclusive was remitted from Ottawa to him, as Receiver General, and, the other day, it was placed to the credit of New could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the could send one of their own here and due to the credit of the country has an exclusive control of the government.

When you get Kendrick's Liniment you can depend upon; it is inshore fisheries, and each, of course, while admirting such exclusive coultrol over, and property in, its respective inshore fisheries, and each, of course, while admirting such exclusive coultrol over, and property in the could send one of their own here and always reliable. Brunswick. We have not observed the work with it for. At all events, we could send one of their own here and do New Brunswick's \$2 000 000 Fishery that the Sun, Globe, or any other of must have the dredging done.

was one of the subjects discussed at the recent Quebec conference of maritime premiers, and is on the same footing as the circiler solution of Norw Service at the same footing as the circiler solution of Norw Service at the same footing as the circiler solution of Norw Service at the same footing as the circiler solution of Norw Service at the same footing as the since his resignation—that federal the similar claim of Nova Scotia and Prince Edward Island, will be allowed local elections or provincial management. and paid over, for the whole matter is, Our object was merely to demonstrate an

The "Transcript" Nominatos a New Premier.

Of expression."

Why does the Transcript, which, we observe, has put Mr. Speaker Robinson in nomination for the premiership, think it necessary to misrepresent what the of the present House of Assembly would not think for a moment, that of expression."

In the "Transcript" Nominatos a New Why does the Transcript, which, we observe, has put Mr. Speaker Robinson in nomination for the premiership, think it necessary to misrepresent what the ADVANCE says. It knows quite well that the transcript is and in the bays, harbors and creeks of the provinces of Quebec, Nova Scotia, New Brunswick and Prince Edward Island, and of adjacent islands, without being restricted to any distance from the did allow in respect to the Provincial Government.

The Halifax commission proceeded to and being restricted to any distance from the did allow in respect to the Provincial Government. would not think, for a moment, that his 'home organ," the Transcript—to use an oft-repeated term of that paper and its confreres, the Sun and Globe Instead of insisting that there would be purpose of drying nets and curing fish.

ADVANCE says. It knows quite well that this paper is not so conceitedly managed as to imagine that it can make and unuse an oft-repeated term of that paper make parties and premiers and policies. Instead of insisting that there would be purpose of drying nets and curing fish.

ADVANCE says. It knows quite well that this paper is not so conceitedly managed as to imagine that it can make and unuse an oft-repeated term of that paper make parties and premiers and policies. Instead of insisting that there would be purpose of drying nets and curing fish.

and continues to do, or to repudiate and undermine his leader as that paper suggests he should do. Imagine policy, or oppose the party. The matter policable.

Article 32 provided that the articles 18 drying nets and curing fish." This statement of Mr. Foster, who was the agent for the United States, makes it absolutely clear, when one considers the decision of the paper suggests he should do. Imagine
Messrs. Robinson and Tweedie being
posed before the Province as rivals
for the premiership by the editor of the Transcript on one hand and the editor of the Advance on the other! not be aware. The determination of the Transcript may upon them.

The commissioners, by their award the init and the right of the Advance on the other! the Transcript on one hand and the editor of the ADVANCE on the other!

The commissioners, by their award detection cannot be brought about by an upon them.

The matter is again discussed on pages regularly, find it not only clears the brain, and makes it more receptive, but makes

parties is through their recognised leaders.

Should such recognition be adopted as the policy of the party, the public, including the Transcript, will find the ADVANCE quite ready to take its stand in the recognition of the party. The public including the transcript, will find the ADVANCE quite ready to take its stand in the recognition of the United States to exclude the commercial portion of the British claim, but it was connected that if the arbitrators found that under the treaty of 1871 the United States the master. Of one thing they may be Commander Spain, who conducted an assured however-it will not be found dollars. in amount—will not be questioned by any good citizen in any part of the on the St. Lawrence route during the past on the St. Lawrence route during the past of the one of the on

the Eastern Extension claim it will be the matter. Our attention is now called the province of the Eastern Extension remembered that it was realised by the to the need of similar work that must be claim, which was so long denied by a done on the Southwest Miramichi to conservative government, and that he is the Reciprocity Treaty, British waters on the fisheries it was realised by the to the need of similar work that must be claim, which was so long denied by a done on the Southwest Miramichi to conservative government, and that he is standing the position taken by the enable the tow boats which are engaged now in a fair way of obtaining for the the coast of North America were thrown standing the position taken by the oppositionists in regard to this \$2,000, boom to safely pass up and down that two will, assuredly, be realised.

standing the position taken by the oppositionists in regard to this \$2,000, boom to safely pass up and down that the whole outlined support of the people become degree of north latitude were thrown to be represented by will, assuredly, be realised.

It having been shown that the whole outlined support of the people become rile, assuredly, be realised.

Incidentally, it may not be amiss to has been gradually filling up, the obstrucrefer to another provincial claim of the material shifted by the great ice and the people of this province which reserved to the material shifted by the great ice as tream, and the people of this province which were exclusively reserved to the right given to the Americans to participate in the inshore fisheries of the province of to settlement. It was a small one, but shove of last Spring. If the channel had will not be so ill-advised as to exchange rivers and mouths of rivers to be deto settlement. It was a small one, but it illustrates the advantage of having at the head of provincial affairs a man who is alert in such matters. It will be remained by a commission to be appointed when so delicate and important a matter at time, but the movement of the ice is alert in such matters. It will be remained by a commission to be appointed when so delicate and important a matter for that purpose. Certain articles of that time, but the movement of the ice shored down the current by the big tide pressed for adjustment. It is well known United States were admitted to each their nets and cure their fish, the question membered that, within a year, collector and freshet had the effect of practically to all the electors of New Brunswick that country respectively free of duty. The necessary to be decided is whether or not of Customs Lockhart, of St. John, raking lots of sand and silt into certain both Mr. Hazen and The Sun are opposed treaty was to remain in force for ten such sum so awarded does not belong to the received, anonymously, a one thousand turns of the channel, so that the larger to these claims. They do not want New years, and, further, for twelve months separate provinces rather than to the Canada and United States and bought it at the lowest prices, so as to still enable me to finderease my business by selling goods cheaper than I ever did before.

Call and prove my assertions when we show you my new stock at rook jobttom prices. Thanking you for past favors, I

As we said last week:

Some of the Real Questions for New ject to the right of navigation, the sea president and will be found at page 1585 of and the land under it for three marine | the proceedings, After referring to the little attacks of miles beyond low water mark adjoining Mr. Galt, while acquiescing in the deci-Pugaley, to have New Brunswick's certificates of the concerned. The share of what is known as the Halifax of what is known as the Halifax of the concerned the St. John Sun on Premier Tweedie, of such country. The authorities sustain governments in making the treaty of 1871 Fisheries Award under the Washington Treaty paid over by the Dominion

Government to the Province, instead of being retained in the federal treasury.

The claim of New Brunswick is for about \$2,000,000, and the grounds on which it is based are so strong that it must be allowed.

Rustington, Indians, Bangor Head and decide is, Mr. Tweedie's fitness to be the leader of the government, and this can only be ascertained by an examination of his career since he became premier. No one can deny successfully that Mr. Tweedie's fitness to be the leader of the government, and this can only be ascertained by an examination of his career since he became premier. No one can deny successfully that Mr. Tweedie's fitness to be the leading and drying nets and curing fits on the coasts.

It is important that this for the fishing within the three mile limit and to the landing and drying nets and curing fits on the coasts.

It is important that this for consideration, because it shows that no one principle entered into the award st all upon which it that he has been premier has conducted. caused by the inexperience or car-lessness of some one or more of the captains, officers or pilots. The commissioner recommends on pilots. The commissioner recommends of some one or more of the captains, officers or pilots. The commissioner recommends of some one or more of the captains, officers or pilots. The commissioner recommends that he has been premier has conducted that it was made for anything but what was the property of the United States and the provinces of Canada that owners employ only careful that owners employ only careful that owners employ only careful the states and the provinces of Canada that owners employ only careful that the has been premier has conducted that it was made for anything but what was the property of the United States and the provinces of Canada that the award was exclusively for these proprietary. papers of a certain class make little of experienced officers and that the pilotage property of the nation ownmanagement, for Mr. Tweedie is a resi ing the adjoining shores. The matter provinces.

A further feature of the administration of public affairs. The record of Mr. Tweedie's United States fishermen to fish in British After all the efforts made by the opponents of the present Local Government at Ottawa against the payment of ment at Ottawa against the payment of more especially with respect to the development of agriculture and the mining industry. Add to that the fact that he has been able to secure the payment to look after ment at Ottawa against the payment of more especially with respect to the development of agriculture and the mining industry. Add to that the fact that he has been able to secure the payment to land for the purpose of drying their nets or curing their fish.

As further showing the admitted interest more especially with respect to the development of agriculture and the mining industry. Add to that the fact that he has been able to secure the payment to land for the purpose of drying their nets or curing their fish.

same for itself.

For the purpose of this argument

receive in all about \$2,000,000:—

It is proposed to deal generally and fully with the question of the right right of the province to be paid its proportion of the Halifax award, and other

in the land under the same, and such
poposition attacks. It proves that the
portion of the Halifax award, and other right of the province to be paid its proportion of the Halifax award, and other questions, viz., as to the proprietary of all nations. These authorities are very position and record to resort to that kind of rights of the province in the inshore numerous and it would be proper to cite a warfare. The Fredericton Gleaner says :-

and its conferes, the Sun and Globe

—represented his views when it proposed, last week, that he should be Premier of New Brunswick in the place of the gentleman who now so efficiently occupies that position. The ADVANCE is more amused than otherwise over the association of ideas on the subject of Premier Tweedie's "organ"—which, according to the oft-repeated declarations of the papers named—is this humble Chatham paper. The ADVANCE therefore, does not retaliate in kind.

In the case of the Transcript's nomination of Mr. Pohim of Mr it might assume to own and speak for him as the Transcript has always done him as the Transcript has always done condemned it.
