DOMINION PARLIAMENT.

OTTAWA. June 14.-The budget dethe sum of sixteen and a half millions. Borden followed in a keen and incis-line approximately of the liberal govern-ing at 8 o'clock to decide on details ment as compared with that of the conservatives when they had office. He showed that, viewed from the standpoint of the construction of the C. P. R. and the work on the great state of the construction of the c. P. R. and the work on the great state of the construction of the c. P. R. and the work on the great canals carried on by the conservatives, no local works had been completed by the Laurier cabinet. Borden scored point after point as he quoted Sir Richard Cartwright's present day utterances with the language he used when he was not drawing a salary from the public chest, and gave figures to show that the country had been more efficiently as the capture of the public chest, and gave figures to show that the country had been more efficiently as the capture of Sydney, C. B., and Sussex, N. B. Miss Maud Upham of Sussex is visiting Mrs. G. D. Hunter of 48 Summer street.

A special meeting of the District L. O. L. was held last night to consider in what way the 12th of July should be celebrated. It had been intended to R. and the work on the great canals public chest, and gave figures to show that the country had been more effi-

ruled by the conservatives than by the Five years of liberal rule had result-

BROTHER LOCKJAW. A NEW BOOK Physicians of Blue Point, L. I., Believe Recent Cases There Establish Theory of Infection.

(New York Herald). Two fatal cases of tentanus, which occurred in one family at Blue Poin prove the new theory that this disease is due to a characteristic microbe and is able to be around again. He will shortly assume an official role aboard the Hampstead Steamship Co.'s new boat Elaine.

The Rest Flour

a few weeks ago. It did not trouble her at the time and no attention was paid to it by her parents.

The cut became infected, however and soon appeared the characteristic symptoms of tetanus, such as rigid spasmodic contraction of the muscles of the face and upper portion of the body. The village physicians, who were summoned, were unable to arwere summoned, were unable to arrest the progress of the disease, and the child was taken to the Post-Graduate Hospital, in this city, for treatment. The physicians there found that the case was beyond medical aid and the child died after being in the Tel. 42. Before she was brought here, Daisy asked to see her baby brother. She patted his cheeks, kissed him and fondled him for some time. Three days later the baby was stricken with totanus and often much suffering died. hospital half a day.
