It's a Winner Every Time

The girl who can resist a diamond ring — especially when offered by an eligible "him" is indeed very scarce nowadays. And, by the way, so is the man who not only gives his affianced such a ring when he can get it so reasonably in our store. When thinking of buying a watch ask for the "Resina". We have the official agency and assure a universal guarantee.

A GOOD TIME

Drive to Points of Interest This Morning and Luncheon at Union Club at Noon.

The newspaper men of the province, who attended the press conference held here yesterday, were given a pleasant drive about the city this morning by the St. John's Press. The editor of the paper, Mr. J. H. Brown, left the Board of Trade rooms at 10:30 o'clock this morning. They went over to Sand Point and inspected the elevators. They were also shown through the Empress of Britain, which was just ready to sail by Superintendent Wm. Downie, of the C. P. R. After seeing everything to be seen in the West Side they returned by way of Douglas Avenue and Main street. They then visited Mount Pleasant and Rockwood Park, after which they returned shortly after one o'clock this afternoon. The drive was most enjoyed by the newspaper men, and all were favorably impressed with what they had seen. At 1:30 o'clock this afternoon the visiting newspaper men were the guests of the Exhibition Association at a luncheon in the Union Club. The presence of A. O. Skinner, president of the association, the vice-president, R. B. Emerson, president, after ample justice had been done the elaborate luncheon prepared, the usual toasts were proposed and responded to by the newspaper men and members of the Exhibition Association.

EMPRESS SAILED

THIS AFTERNOON

Virginian at Halifax With 1439 Passengers

Herperan Delayed Waiting for Passengers

—Certain Day Tomorrow From London and Havre.

The C. P. R. steamer Empress of Britain, Captain Murray, sailed this afternoon for Liverpool via Halifax. The steamer had on board about 1439 passengers. The Empress took away a large general cargo. There were several reports on the steamer. These people reached this city yesterday at noon.

The Montreal express arrived in two sections today. The second section, with passengers for the Empress, went to Sand Point direct.

Allan liner Virginian reached Halifax at 4 o'clock this morning. The steamer is bringing 1439 passengers from Liverpool, which is the largest number carried by an Allan liner during the present season. It is expected that only a small number of the passengers will leave the steamer at Halifax. The Virginian sails tonight for this port and will arrive here tomorrow afternoon.

Allan liner Herperan, which now lies at No. 1 berth at Sand Point, will sail for Liverpool tomorrow. The steamer was to have left today, but some of the passengers have been delayed. The steamer will carry over 200 passengers.

The Allan liner Corinthian will arrive at this port this afternoon from London via Havre. The steamer is bringing over 200 passengers. The Corinthian is the largest steamer on the London service. She is carrying a very heavy cargo.

The steamship companies look forward to the continuance of the present heavy passenger travel until the close of the season.

NO "LEAD PIPE CINCH" ABOUT THIS AFFAIR

Boy Who Stole Junk Was Assaulted by Dealer and Then Arrested—Social Proclivities Gave Him Into Trouble.

Harold Glaspy was arrested about ten o'clock this morning by Sgt. Campbell, charged by a junk dealer, named Louis Dritz, with stealing about ten pounds of lead from his wagon in Sheffield street. Glaspy and another boy, named Louis Gorman, were seen taking the lead from the wagon. Glaspy put it under his overcoat and ran. He was chased by the loser, who caught him on the dump at the foot of Sheffield street. Dritz struck the boy a blow on the face, and just as he was about to land another, Sgt. Campbell happened along. The officer took Glaspy in charge on the complaint made by Mr. Dritz. He also reported Dritz for assaulting Glaspy on Sheffield street.

Glaspy was brought before the court as soon as he arrived at the central police station.

Dritz took the stand and swore that he saw the Glaspy boy take the lead from the wagon and run down Sheffield street towards the dump. Mrs. Brown, from whom he was buying junk, told him that two boys were stealing from his wagon. He did not see the other boy but succeeded in catching Glaspy.

The sixteen boy explained that he was on Sheffield street with Louis Gorman. The latter took the lead, which weighed about a pound and a half, he would judge, and dropped it while running. The prisoner picked it up and threw it into some straw near the Imperial Oil Company's shed. The boy said that he was not wrong because he was to a party last night. He asked off yesterday afternoon to get ready to the party, and had to stay away from work this morning, because he got in so late. In the meantime he got into trouble.

The case was here adjourned until two o'clock when the Gorman boy and Mrs. Brown will be present to give evidence.

THISTLES ARE STILL LOOKING FOR MATCHES

Trying to Arrange Game With Moncton—N. I. Much Chance for Game is With Fion or St. Stephen.

The ice at the Thistle rink was in good condition last evening and scratch curling matches were played. Secretary A. G. Stevens informed the star tiler he had written to Moncton this morning with a view to arranging a match with the railway town curlers here.

The Thistles had matches to play with the Fredericton and St. Stephen curlers, but it is doubtful if these games will take place. Should the efforts to secure the Moncton curlers fail, the secretary will communicate with Hampton. The Thistles show an excellent record for the season's matches.
