DO YOU BROOD?

Melancholia is a Grave Disease and Leads to Insanity.

A Broken Down Nervous System is the Cause of Trouble.

Paine's Celery Compound Nature's Nerve Bracer and Health Restorer.

Do you brood from day to day and make life a continued misery for yourself and family? If you are a victim of melancholia, understand at once you are suffering from a terribly grave disease—a trouble that induces suicide and homicide.

One of the most celebrated physicians of the day says that there are several forms of melancholia: simple melancholia, melancholia agitata, melancholia attonita, and melancholia with stupor. The first two are the most difficult of recognition, and are the forms that especially endanger the lives of victims and their friends.

Some of the first and most important symptoms of melancholia are sleeplessness, depression of spirits, slow mental movements, terrifying hallucinations and aversion to food. The whole nervous system is soon in a most alarming condition, the mind becomes affected, and even insanity may show its hideous form.

Experience has proved that the ordinary medical treatment of melancholia fails in

nine cases out of every ten, simply because the root of the disease is not reached.

Hundreds of cases of melancholia in all stages that have baffled the best medical men have been successfully cured by nature's nerve medicine—Paine's Celery Compound. This marvellous medical prescription does its work directly on the nerves. It tones, strengthens and braces up the entire nervous organization, and, as a consequence, the tissues and muscles are built up, and pure life-giving blood is freely supplied to every part of the body.

Reader, this should be an all-important subject to you if you are sleepless, despondent, languid, out-of-sorts, depressed in mind and mental faculties impaired. Your path of duty is clear. Terrible dangers are ahead if you fail to banish the first symptoms. Your present and future happiness and health depend wholly upon your choice of medicine. The use of Paine's Celery Compound at this time means new life, health, vigor, activity, full mental powers and a length of happy years.
