THIEVES ARE AT WORK IN LOCAL CHINESE COLONY

Ham Sue's Valise Looted in Waterloo Street "Washoe Shop" and Money and Jewelry Stolen—The Thief Caught with Stolen Goods on Him, but Fellow Celestial may not Prosecute.

There was great excitement among the Chinese residents Sunday night, and when a lot of Chinese became excited there is something doing, especially for an English speaking person, for the almond-eyed gentlemen forget to talk even broken English when they state their troubles. The police station was the scene of all this talk in bunches on Sunday night and Officer Henry, who is the officer in charge of the Central Station was the unfortunate person who had his hands full for a time to get the Chinese calmed down sufficiently to explain their troubles.

It appears that there was an assemblage of Chinese at a gathering held in a Chinese laundry on Princess street, and among those present were Joe Ham, who conducts a dirt chaser at 45 Waterloo street, and Ham Sue, who works and resides with Joe. After the meeting in the Princess street laundry had dispersed, and Joe and Ham returned to their Waterloo street home, they found that during their absence the place had been entered. The door or window was not broken, but the person who entered had done so with a key, with which he unlocked the front door and rummaged through the laundry to his heart's content. When the thief had entered the living apartment of the laundry had dispersed, and Joe and Ham chopped out the top of a valise owned by Ham Sue and stole from the valise

a gold watch, about \$15 and a bracelet valued at \$40. As soon as Ham discovered his loss he, in company with Joe Ham, hastened to the Central Police Station, and it was then that Policeman Henry's troubles started. After considerable talk the officer managed to get the Chinese calmed down sufficiently to tell intelligently what had taken place. The officer then asked them if they did not have any suspicion of one of their countrymen having committed the robbery, and after thinking the matter over seriously, they started out on the hunt for one of whom they entertained suspicions.

Reaching Mill street they fell in with Ham Lee, and Lee was immediately searched, with the result that Sue found on Lee's clothing the stolen money, the watch and the bracelet, also a key, which they discovered would unlock the door of the Waterloo street laundry, where the robbery had taken place.

Sue then reported his find to the police, but he would not state whether he would take action against Ham Lee and charge him with the theft, as he stated that he would have to talk the matter over with his boss before he would take any action.

It was further learned that a week ago last Saturday night Joe Ham's store was entered in the same manner and \$64 was stolen.

STREET RAILWAY EXTENSION WILL BE DISCUSSED TODAY
Council will Take Action on Petition of Residents of Rothersey Avenue, Asking for Additional Street Railway Facilities.

Owing to the holiday coming yesterday the regular meeting of the common council was deferred and will be held this morning at 11 o'clock. The reason for advancing the time of the meeting this morning is so that some action may be taken in reference to the petition submitted last week by residents and property owners of Rothersey avenue asking the council to use its influence with the Street Railway to have the tracks extended out to the Ode Mile House and across to connect with the line now laid to Kane's Corner.

At this morning's meeting of the council Com. Agar will submit a resolution granting the Street Railway permission to make the extension asked for. As the directors of the Street Railway met this afternoon they will have the decision of the council and council if they wish to take action with regard to the extension.

Com. Agar's resolution, if adopted by the council, will grant the Street Railway permission to make the extension. Speaking of the matter last night and the terms under which the extension will be granted, Com. Agar said that the council does not wish to place any unnecessary difficulties in the way of the company, but is anxious to aid in having the work proceeded with.

In granting the permission, however, the council will take measures to see that the city's rights are safeguarded.

LOCAL GREEK HAS FOUGHT IN BALKANS

George Chagaris was in Ten Battles and Thirty Victorious Skirmishes—Returning Next Month.

One of the heroes of the recent disturbances in the Balkans is George Chagaris, the well known poolroom proprietor of Dock street. Mr. Chagaris left St. John with the outbreak of the first war against the Turks and since then has taken part in no less than ten battles, both against the Turks and Bulgarians. Although exposed to all the perils of conflict, Mr. Chagaris has passed unharmed, although having had, on several occasions, the terrible experience of seeing his companions struck by the flying bullets and instantly killed.

In a letter to his cousin, A. Ne Kitopolos, the Mill street fruit dealer, he tells in a graphic manner of the horrors of war and also of the atrocities committed by the Bulgarians in their retreat after being badly beaten by the victorious Greeks. The helpless and the horror of the situation and the crushing Greek soldiers could hardly be restrained.

Having fought in ten pitched battles and taking some part in over thirty victorious fights, Mr. Chagaris could scarcely be termed a lucky man. He has been fortunate in escaping so easily. The tactics employed by King Constantine during the war met with the highest enthusiasm on the part of the troops, writes the soldier, and he states that the strength and courage of the Grecian soldiers made Greece strong and true to her friends and terrible yet honourable to her enemies. Mr. Chagaris will return to St. John about the middle of next month, when it is probable the local Greeks will hold a celebration in his honor.

Man Ejected.
The police were called into Laughlin's on the North side of the King square Saturday night to eject a man who was not wanted there.

CHARGE GIRL WITH THEFT OF BIG SUM

Ethel Barbrick Alleged to Have Stolen \$56 From Employer.

Charged with stealing \$56.00 from her employer, John Lloyd, of the North End, Ethel Barbrick is now in custody in central police station, and will be brought into court this morning to answer the charge.

JOHN LLOYD MISSED MONEY FROM BOX

Was Hired to Care for Invalid Wife and Look After House—False to Trust.

For the past two months Miss Barbrick had been working at the home of John Lloyd, 126 Douglas avenue, although nothing irregular was noticed, it is believed now that on other occasions money was removed from the home.

Mrs. Lloyd, who is an invalid, was unable to look after the duties of the house and consequently Miss Barbrick had been hired to care for the house. According to the story told by Mr. Lloyd last evening, the robbery is believed to have been committed during Thursday afternoon. On that day he said his wife was wheeled out to the yard to enjoy the fresh air. The girl who was in charge of the invalid left her care and went into the house, and it is supposed that she went to Mrs. Lloyd's bedroom, and securing a key from underneath the bed pillow, opened a private cash box and helped herself to the contents. Some money was left in the box after the robbery.

Later in the week the Barbrick girl left the Lloyd house on Douglas avenue and an express arrived at the house to remove her trunks. Nothing was known of the robbery until Sunday when Mr. Lloyd went to examine his cash box. He found that it had been tampered with, and on it had been placed a note to the effect that the money bearing \$60 had been stolen from it. His suspicion of the girl was aroused, and communicating with the police he gave them a clue to the case.

Sergt. Kilpatrick found the girl Sunday evening in the Bay house on Adelaide street and placed her under arrest. The girl at first denied being in any way connected with the robbery, but later confessed to stealing some money from the cash box. The trunks will be brought back to the Lloyd house today to see if any of the household articles or wearing apparel have been taken from the place.

EXPECT ADVANCE IN MONTHLY DIVIDENDS

It Looks Like Fifteen to Thirty per cent.—Stock Selling Fast—Ore Proves Valuable.

The latest reports from Rochester, Nevada, are the subject for sincere congratulations. Rich ore has been proved up for a depth of two hundred feet to the 230 already proven in the Rochester Hills Mining Company's property.

The ore has practically doubled in value with depth. The first smelter returns, for twenty carloads, gave about \$1,000 income for a \$5,000 expense account, and the ore shipped was mostly surface ore. From now until January 1st, the company will export to the Victoria smelter in this amount, and after that, with their new power plant, shipments will be increased to from 300 to 500 tons daily. The result of this increase will probably put the company in a position to pay from 15 to 30 per cent. monthly dividends next year.

Do not allow your wisdom to be duped by cowardice. Only a small block of this stock is now available. A call addressed to Andrew Blair or J. S. Carrie, Box 50, St. John, N. B., will bring you the necessary information.

DEATH GAME SUDDENLY TO SHUBAL S. CARVELL

Well Known Citizen Died in Mill St. Lunch Room, on Saturday—Heart Trouble Assigned as Cause.

Death came suddenly to Shubael Stevens Carvell on Saturday afternoon about 2:30 o'clock. The deceased was in the Victoria lunch rooms on Mill street. The deceased, who was in the 31st year of his age, entered the restaurant and ordered a lunch and while it was being prepared, the waiter noticed that Mr. Carvell was leaning over the table. She tried to arouse him but without success. She then called Police Officer O'Leary who was also unable to rouse the man. About this time the proprietor entered and discovered that the man was dead.

Dr. D. E. Berryman was summoned and gave permission for the removal of the remains to the home of the deceased's son, George Carvell, 151 Victoria street. Heart trouble is said to have been the cause of his death.

The deceased was a native of this city and for many years was in the employ of Tapley Brothers as captain of one of their steam tugs, but for some years back has been engaged as a ship carpenter and boat builder, and for many years resided in Carleton.

He leaves seven sons and two daughters to mourn his death as well as a very large circle of friends. The sons are George, James, John and Shubael, Jr., of this city, Louis of Denver, Col., and Harry and William of California.
