Maryland Dr.
vator of the

Seventh Baptist Church of Balt-
more, joyously reports: "The outlook
for Baptists in Maryland was never
brighter than it is today. With a
splendidly equipped and thoroughly
consecrated ministry, with an en-
lightened and sacrificial purpose
on the part of an ever-increasing
number of those who make up the
membership of our churches, with a
constantly broadening vision of our
task and a more perfect co-ordination
of our churches for its accomplish-

in the planetary passion of Christ,
we may say with the great mission-
ary Judson that 'the outlook is as
bright as the promises of God.'"

Portland, Me., July 27.—A large
search of twenty-four hours, the fam-
ily of seven year old Mary Groggins,
Peak's Island, has been found in a re-
frigerator. The little girl while play-
ing looked herself in. She is little
worse for her cooling off.

WHY DOMINION TIRES ARE GOOD TIRES

DOMINION TIRES present four
features that make them distinctive
in Canadian tire construction:—

First—in Economy—
in greater mileage.

Second—in Pleasure
—in smoother riding.

Third—in Convenience
—in freedom from tire
troubles.

Fourth—in Satisfaction
—in having tires that give
such service.

DOMINION "NOBBY TREADS" are the most economical in the
and, just as they cost more at first. They are "the Aristocrats
of the Road" as far as smoothness and comfort are con-
cerned; and as nearly puncture-proof as any tire can be, and
give a mileage that sets the long-distance record for Canada.

ON "CHAIN TREADS" with their anti-
skid shaped links, are worthy of a place
car, no matter how luxuriously ap-
plied. In their price class, they are the
best leaders, and acknowledge no
rival at any price, except Dominion
"Treads".

ION TIRES are always the best tires

CANADIAN BATTERIES SUPERIOR

Boys from Dominion Get Up-
per Hand of German Gun-
ners on Western Front.

(By Stewart Lyon, special Canadian
Press correspondent in France.)
Canadian Army Headquarters, July
27.—Our guns have at last definitely
secured the upper hand on this part
of the Western front. The artillery
actions by which this has been done
have been in progress for several
days. With the object of challenging
our ascendancy in guns, the enemy
recently brought up a battery of ar-
tillery attached to a Prussian Guard
division. These additional guns were
given practically unlimited sup-
plies of ammunition, which they used
for the bombardment of our heavy
artillery positions. They were good
men and a duel took place between
them and our guns in the Loos and
Arras sectors. It has ceased now.
The battery work of the British and
Canadian gunners proved too much
for the highly trained artillery-
ists of the Prussian Guard and their
activity is now subnormal.
Perhaps the question of shell sup-
ply had something to do with the
lessening of the enemy fire. It is
certain that the Germans are finding
an increasing difficulty in replacing
projectiles used so prodigiously in
these bursts of enemy activity.

MINARD'S "KING OF PAIN" LINIMENT

Extract from a letter of a Cana-
dian soldier in France.
To MRS. R. D. BAMBICK:
The Rectory, Yarmouth, N.S.
Dear Mother:—
I am keeping well, have good
food and well protected from the
weather, but have some difficulty
keeping uninvited guests from
visiting me.
Have you any patriotic drugs
that would give something
for a gift overseas—if so do you
know something that is good for
everything? I do—OLD MINARD'S
Liniment.
Your affectionate son,

With assurances to the world that she seeks no territorial aggrandizement, Japan has entered the great war of Europe by an attack on Kiao-chow, the German leased territory in China. Tsingtau, the city on the bay, is the centre of activity. It has been rebuilt into a typical German city. The country is arid, but holds considerable mineral wealth, especially coal. The total population is about 168,000. The garrison consists of 3,126 German marines and native troops led by German officers. It is expected the troops will obey the Kaiser's orders to the last.

Y. M. C. A. SUMMER CAMP NEWS.

Low Buckley, Maritime Boys' Sec-
retary, arrived at Camp Wescogum
the first of the week, and was royally
welcomed by the boys. A. M. Gregg
conducted the Sunday morning ser-
vice at camp, taking for his topic,
"The Lost Boy." At the evening
service he talked on "The Christian
Soldier."

Baseball.

A swift game was played Saturday
evening between the Mimams and
Aletos, and at the end of the exciting
contest, the Mimams came to the
front with a score of 10 to 4. The
batteries were Long and Wise for
the Mimams, and Jordan and McCann
for the Aletos. In a second game
played the same evening, between the
Troquois and Mallesets, the Troquois
won out by a score of 12 to 2. The
first fielding and batting of the
winners settled the game for them.
For the first time this season the
Troquois went down to defeat in a
hard fought game early this week.
The game between the Troquois and
Aletos was watched by an enthusi-
astic crowd of rooters, and they wild-
ly applauded the Aletos when they
copped the game by the score of 9
to 5. Buckley and Kerr composed
the battery for the Troquois, and
Jordan and McCann for the Aletos.

Sports.

The result of the ball throwing
contest, using a target as the objective,
was as follows:
Troquois, 28 per cent.; Aletos 37.5
per cent.; Mallesets, 32 per cent.;
Mimams, 29.37 per cent.
