The question of precedence is still in abeyance. On the last day of the term in the Supreme Court, Judge Ritchie took his seat next to the Chief Justice, on the bench, and, as neither Judges Wilkins or DesBarres were present, he was not interfered with. An early settlement or the difficulty is desirable, as in the event of the illness or absence of the Chief Justice on any full court day, a very undesirable scene would likely ensue.—

They have adopted them into general use in their practice, which shows a willingness to countenance articles that have intrinsic merits which deserve their attention. This does the learned profession great credit, and effectually contranicts the prevalent erroneous notion that their opposition to proprietary remedies is based in their interest to discard them. We have always had confidence in the honorable motives of our medical men, and are glad to find it sustained by the liberal welcome they accord to such remedies as Ayer & Co.
