few months. Absolutely  
perfect condition. Unusually  
fine tone. Retail \$199.50.  
Would like \$145.00. Call  
452-5104.

# UFOES?

Several weeks ago, the pilot,  
co-pilot, and all of the passengers of a  
plane flying over the Northwest  
Territories to Churchill, Manitoba, saw a  
light on one side of the plane. It appeared  
to be a cigar-shaped object about three  
hundred feet long, with a row of  
windows.

The pilot estimated its speed at about  
3000 m.p.h., as it veered off from their  
plane in an instant. It had a glow to it and  
left a vapour trail. He thought it was  
definitely solid. He attempted to turn the  
plane around, but by that time the object  
had disappeared in its own vapour trail.

In early November, 16 miles east of  
Fox Creek, Alberta, two men were  
loading a moose into their truck in almost  
impassable territory. About a mile away  
they claimed to have seen a saucer  
hovering above the ground for an hour,  
having a diameter of thirty to forty feet.

In 1966, reports of saucer-shaped  
UFO's over Mount Pleasant Cemetery  
here in Edmonton were received quite  
frequently. In 1968 similar reports came  
from Barrhead. In 1970 several children  
saw an object hovering over a schoolyard  
in southwest Edmonton, lighting up an  
area a block around, and dropping smaller  
objects that flew away before hitting the  
ground.

These bits of information were  
obtained from Ashley Pachal, president  
of the UFO club here in the city. He said  
that the club doesn't get as many reports  
as it used to, only one or two a month  
now. The 40-member club is interested in  
getting the information checking it out,  
and discussing it. They solicit reports  
from anyone in the local area.
