

I received from the office myself
last summer - I was informed
that they could not be found, but
as Mr Westbrook was going to lay the
whole matter before the Government, it
was thought it would be better to have
official documents that they could
not be found - The original lease
and transfers in question was
left with the late James Heccey
Esquire about 20 Years since to be
forwarded to Toronto, and that is
the last known about them -

I have called several times
at Montreal to see you upon the
subject but could not meet with
you - I was anxious to see you

in reference to Mr John Hymans
lease business - If you will have
the goodness to inform you when
you will be at Montreal I will
endeavour to call upon you

I am dear Sir

Yours Respectfully -
William Malcom
