~~A bill of rights in Canada~~

Canada has its charters of liberty --
beginning with the Quebec Act guaranteeing
the sacred rights of language and religion.

Included in Canadian rights are the
rights of minorities -- the rights of the
Provinces as clearly laid down in Section 92
of the British North America Act -- and
sustained in countless decisions of the
Privy Council.

Canada has her maritime rights --
complicated in the uneconomic transportation
charges on the InterColonial Railway --
perpetuated to this day.
