NOTICES.

Wire Fencing.—An attractive feature of the extensive exhibit of the American Steel and Wire Company, of Cleveland and Chicago, at the Toronto Industrial Exhibition, was their wire fence enclosure containing a herd of wild razor-back hogs from the Indian territory. Thousands stopped to wonder at these animals and then to admire the fencing material.

Great Chance in Poultry.—Owing to the sudden death of her father, Miss P. J. Coldwell, of Constance, Huron Co., Ont., is compelled to retire from the poultry business, in which she has been so successful, and elsewhere makes a special announcement of offerings at reduced prices. The farm has to be sold and her stock disposed of within three weeks. See advertisement and write her at once.

The Guelph Fat Stock Show.—President James Miller, of the Guelph Fat Stock Club, informed us, during the Toronto Exhibition, that their annual show—the "Smithfield" of Canada—to be held on Dec. 6th, 7th and 8th next, would no doubt far exceed previous expectations. They have already over \$2,000 for the prize list, which is being prepared. Mr. John McCorkindale continues to be their efficient secretary.

American Holstein-Friesian Herd Book.—From Frederick L. Houghton, Secretary and Editor, Brattleboro, Vt., we have received a copy of Vol. XVI. of the Herd Book and Vol. IX. of the Advance Registry. The former contains the pedigrees of 1,139 bulls and 3,325 cows, and the latter 13 bulls and 92 cows. There is also an appendix giving a long list of seven-day butter records, vouched for by officers of Agricultural Colleges and Experimental Stations. The proceedings of the annual meeting, and much other useful data to breeders of the "black and white" are given, and the whole is in form of a strong and handsomely bound book.

The Ontario Fat Stock Show Prize List.—The prize list for the annual Ontario Fat Stock and Dairy Show, to be held in London on Dec. 11th, 12th, 13th and 14th, has been issued, and copies may be obtained from the Secretary, Parliament Buildings, Toronto. The offerings amount to no less a sum than \$5,000, there being increases and new features in many departments. The instructive block tests are to be further extended this season. In addition to the best Canadian authorities on live stock subjects, Mr. J. S. Woodward, of Lockport, N. Y., and Profs. C. F. Curtiss and J. A. Craig, of Ames, Iowa, are expected to be present at the meetings. It will be a great event.

Giving up Beekeeping.—The well-known authority on beekeeping, R. F. Holtermann, Brantford, has given up the business of beekeeping, and severed the connections with the held in Brantford in this line. He will take up evangelistic Gospel work entirely, and is willing to go to places where there would be openings for special services. His thought is to go in the agricultural districts, and his intention is to use plant and animal life on the farm as illustrations. Mr. Holtermann has just published a little work in which the honeybee, that perfect type of animal life, is very effectively used in that way, and copies of which may be had from him at 10c. each or \$1.00 per dozen.

American Shorthorn Herd Book.—To Mr. J. H. Pickrell, Secretary, Springfield, Ill., we are indebted for a copy of Vol. 43 (new series) of the Herd Book issued by the American Shorthorn Breeders' Association. It is a ponderous volume of 1,237 pages, containing the pedigrees of over 14,500 bulls alone; the number of pedigrees of cows not being given, but is very large. It seems strange, when the amount of registration done by the American Association is considered, and also the flourishing condition of the Shorthorn interests, that better paper is not used and a more substantial volume all round is not issued. It is a work that certainly deserves to be done well for the sake of permanence and to be in keeping with the magnitude of the organization.

National Cream Separator.—We call attention to the advertisement in this issue of the National Cream Separator, manufactured by the Raymond Manufacturing Company, of Guelph, Ont. and sold by the Creamery Supply Company, of Guelph, whose manager is Mr. F. C. Rodgers, formerly of the Guelph Dairy School, and who is expert in separator manipulation. The new Raymond plant, where the National Separator is made, is a large and well-equipped institution, manned by expert workmen, a number of whom have been brought from Sweden, where the machine was invented. An expert bowl-balancer from Sweden is kept permanently engaged, and every provision is being made to warrant perfection in every machine turned out. The capacity of the machine now being made is 350 pounds per hour, and of these ten per day will be manufactured in a very short time. The points claimed for the National Separator are close and rapid skimming and easy running, and it is sold at a moderate price. The London (Ont.) agency is the Raymond Sewing Machine Co., who will keep sample machines on hand.

Southern Fair, Brantford.—A five-days exhibition—September 16, 18, 19, 20, 21. The Directors of the Brantford Southern Fair have again appointed their Exhibition to extend over five days, commencing on Saturday, September 16th, and ending on Thursday, September 21st. It is intended that the Southern Fair this year will eclipse that of 1896 as much as that of 1896 did the Fair of the previous year.

The main objects of the Society are being kept well in view, over \$1,000 in cash prizes being provided as premiums for excellence in the various departments.

In addition to the large outlay on buildings and grounds last year, the Directors have now in course of erection an immense modern exhibition horse stable, capable of providing comfortably for that department.

The ladies' department is again in charge of the Ladies' Board of Directors, who are adding many new features.

Entertainment for visitors is being provided in many ways. Platform attractions will be by the best artists that can be had, and these will be supplemented by horse jumping, military sports, band concerts, fireworks, etc., etc.

Arrangements have been made for the carriage of passengers and exhibits at single fares on and after September 15th, and good for returning up to the 23rd, and also for excursion rates on special days.

THE FAIRVIEW

SHROPSHIRE

Their greatest victory won at Toronto. Home-breds beat English Royal winners three times.

Won more firsts than any other exhibitor. Who wants a choice Ram or Ram Lamb? Or extra good Ewes, bred to winning rams? Write or come to Fairview Farm.

JOHN CAMPBELL

-om WOODVILLE, ONT.

"BELVOIR."

We are offering the best lot of

Shearling Shropshire Rams

That have as yet been produced at Belvoir. The flock descends from England's best blood, and has been carefully bred, the rams used having been all imp., viz., a son of Bonnie Beau, a twin brother to Newton Lord, a son of Farmer Newton, a son of Dunsmore Owl, and a Mansell out of the same ewe as his noted Phenomenon. RAM LAMBS, YEARLING EWES and EWE LAMBS also for sale. Some imp. CLYDE MARES and a stallion. These are extra good and worthy of attention of any wanting first-class stock. Also JERSEYS for sale, and YORKSHIRE SWINE. We sell on honor, and guarantee satisfaction.

RICHARD GIBSON,  
-om DELAWARE, ONT.

Shropshires...
