Gossip.

GEO. D. FLETCHER'S SHORTHORNS.

High-class individuality, the most popular and heavy-fleshed tribes and liberal feeding, has for many years been the order of things in vogue in connection with the splendid herd of Scotch Shorthorns at the farm of Geo. D. Fletcher, R. R. No. 2, Erin, Ont. (Erin Station, C. P. R.). Although Mr. Fletcher carries a large herd of Shorthorns, the superior quality of the herd is so well known that the annual increase never goes begging for purchasers, but is early picked up by parties looking for the better kind. Mr. Fletcher has made a success of breeding Shorthorns, and probably the greatest secret of his success was in his selection of stock bulls. His preference was always for a bull fully developed, and that had been proven a success, Imp. Joy of Morning, Imp. Benachie, and now, Imp. Royal Bruce, a Bruce Mayflower, are those that have been used in more recent years. Some particularly strong heifers are now for sale, as well as one nice, thick, young bull. Mr. Fletcher is also offering a right nice pair of ten-months-old Yorkshire sows, due to pig in April, and one young Clydesdale stallion rising three years of age, with imported sire and dam. Write Mr. Fletcher when in want of any of the lines of stock mentioned, as well as S.-C. White Leghorns, of which, for sale, are a number of last year's cockerels.

ROBT. MILLER'S SHORTHORNS.

A visit to the splendid herd of upwards of a hundred head of high-class modern Shorthorns, owned by Robt. Miller, of Stouffville, Ont., was the privilege of a representative of this paper a few days ago. Born on the far-famed Thistle Ha Farm, Mr. Miller's whole life has been spent among Shorthorn cattle, and few there are his equal in sizing up the relative merits of the breed he loves so well, and the large, ever-increasing and widespread trade he enjoys is evidence that hosts of breeders avail themselves of his expert knowledge when purchasing a herd-header or stocking up with a few breeding females. Never before in our many years' intimate acquaintance with this herd has the standard been so high. This, particularly among the younger ones, can be largely attributed to the extraordinary transmitting qualities of the famous stock bull, Superb Sultan, the Cruickshank Secret-bred son of the great Whitehall Sultan, weighing now 2,600 lbs., his massive rolls of flesh laid on as evenly and smoothly as though done with an artist's hand. He is one of the greatest sires of the present day. Each succeeding crop of calves got by him seems to be a little better than the last, and it is no exaggeration to say that the dozen or more bull calves now nursing are decidedly the best lot ever bred in this noted herd. Any attempt to individualize the many choice breeding cows is out of the question, but mention may be made of the great cow, Jubilee Maid 2nd, a Cruickshank Butterfly, and the dam of the famous bull, Butterfly King, now at the head of the Alberta Dairy Shorthorn herd, and which has more daughters qualified for the official R. O. P. than any other three bulls in Canada. Also in the herd are two daughters and one granddaughter of this great cow. Although a large number of young bulls have been shipped this winter, there are still nine left from ten to eighteen months of age, richly-bred, and straight, level young bulls. Lately, two have gone to British Columbia, four to Utah, one to Alberta, one to Manitoulin Island, three to Agricultural Societies in Quebec, and to Harry Fairbairn, of Thedford, went a thick, mellow young bull of the popular Augusta tribe, a bull that should be heard from later. Of particular interest to parties looking for breeding females are a number of young cows about due to drop their second calves, and a number of two-year-old heifers in calf. These are an extra nice lot that will strengthen any herd. Mr. Miller is preparing for more extensive breeding of Clydesdales, having sold all his big, heavy geldings, and replaced them with registered mares. In Welsh ponies there is always on hand some right nice ones.
