

Rapid Loading of the ROSS Sporting Rifle

One of the great features of the Ross Sporting Rifle or Military Arm is the Magazine. A handful of cartridges is thrown into the magazine; by moving the platform of the magazine up and down with the left hand these are arranged to feed easily.

You can load five into the Ross as fast as you can two into any other rifle.

If your dealer is without a supply of the Ross Rifle, write us direct. Price \$25 and up. Write for catalogue.

Beware the So-Called "Rubber Roofings"

There are countless substitutes for the genuine Ruberoid which are advertised as "rubber roofings." Beware of them. For rubber in a roofing would rot in a single summer. "Rubber Roofing" is either a fraud, on its face, because it contains no rubber, or it is a roofing so poor as to be almost valueless. The genuine Ruberoid contains no rubber.

Ruberoid roofing is waterproof, like rubber. It is flexible, like rubber. But the resemblance ends there. For, unlike rubber, it remains waterproof and flexible when exposed to the sun, the rain, the heat, the cold, the air.

Rubber rots after slight exposure. Ruberoid retains its life and durability under the severest weather conditions.

Rubber decomposes rapidly under the action of fumes and gases and acids, while Ruberoid resists them. Ruberoid roofing has, in fact, been used to line vats in which acids are kept.

Ruberoid contains no rubber. It contains no tar. It contains no asbestos. It is not an asphalt roofing.

laid, they look like Ruberoid. But none of them can copy the vital element which gives to Ruberoid its properties. No other maker of roofing can use our exclusive processed Ruberoid gum.

This processed gum, too, is the basis of Ruberine cement which goes with every roll. By means of Ruberine cement you can join the seams and edges of the roofing together, and make a one-piece roof — sealed against leaks — sealed against the weather.

Ruberoid can also be had in attractive colors, suitable for the finest residence. These colors, Red, Brown, Green, are not painted on the roofing — they are a part of it. They do not wear off or fade.

Protection Against Fire

Ruberoid is almost perfect protection against fire. Hot coals thrown on a Ruberoid roof will set fire neither to the roofing nor to the sheathing underneath.

Ruberoid is tasteless. It is odorless. It can be used on roofs from which drinking water is gathered. And because of these wonderful properties there are today 300 or more substitutes to deceive you.

These substitutes have names which sound like Ruberoid, before they are

Get This Free Book

But before deciding on any roofing, for any purpose, please ask for our free book. This book is really a gold mine of practical roofing knowledge. It tells what we have learned in

RUBEROID

(TRADEMARK REGISTERED)

Be sure to look for this registered trademark which is stamped every four feet on the under side of all genuine Ruberoid. This is your protection against substitutes which many dealers brazenly sell as Ruberoid. Ruberoid is usually sold by but one dealer in a town. We will tell you the name of your Ruberoid dealer when you send for our free book.

twenty years of tests, not only about ready roofings, but about shingles, tar, tin, iron and other roofings.

A young man married against the wishes of his parents, and, in telling a friend how to break the news to them, said:

"Tell them first that I am dead, and gently work up to the climax."—*Tribune*.

How to Get Rid of Catarrh

A Simple, Safe, Reliable Way and it Costs Nothing to Try.

Those who suffer from catarrh know its miseries. There is no need of this suffering. You can get rid of it by a simple, safe, inexpensive, home treatment discovered by Dr. Blosser, who, for over thirty-five years, has been treating catarrh successfully.

His treatment is unlike any other. It is not a spray, douche, saline, cream, or inhaler, but is a more direct and thorough treatment than any of these. It cleans out the head, nose, throat and lungs so that you can again breathe freely and sleep without that stopped-up feeling that all catarrh sufferers have. It heals the diseased membranes and makes a radical cure, so that you will not be constantly blowing your nose and spitting, and at the same time it does not poison the system and ruin the stomach, as internal medicines do.

If you want to test this treatment without cost, send your address to Dr. J. W. Blosser, 716 Walton St., Atlanta, Ga., U. S. A., and he will send you by return mail, from his Canadian Distributing Depot, enough of the medicine to satisfy you that it is all he claims for it as a remedy for catarrh, catarrhal headaches, catarrhal deafness, asthma, bronchitis, colds, and all catarrhal conditions. He will also send you free an illustrated booklet. Write him immediately.
