

"Castles in the Air"

A Man's Home is his Castle

Have you been building "Castles in the Air" about that wonderful new home which is to be yours, and yours alone? That's the proper place to build them if the foundations are bedded in solid Mother Earth. If you want these castles to materialize, pause to read this through. It concerns YOU.

You have hitherto been confronted by two alternatives:—

- 1—The engaging of an Architect whose professional fees for the drawings and supervision will probably amount to 5 per cent. of the total cost of your home. With that, the grim spectre "Extras," mounting into several hundreds of dollars looming on the horizon.
- 2—Doing without an Architect and depending on the ideas of your Builder, who, however honest and competent he may be as a builder to carry out ideas furnished in legible form, is, in nine cases out of ten, incapable of originating all the refinements YOU dream of having in YOUR home. Is there no middle ground?—Come, let us reason together.

This very condition led to the birth of an organization known as

"The Home Craftsmen"

For a number of years organizations run on similar lines have given eminent satisfaction throughout the length and breadth of the Republic to the South of us and their clients have been drawn from the ranks of those who, faced by the two alternatives mentioned above, sought some middle ground as a way out of the difficulty. The designs are all passed on by a Competent Architect whose services as a consultant we have secured.

Each set of drawings is accompanied by a guarantee that it can be erected according to specification (in the City of Winnipeg) for the amount mentioned. If your own builder cannot build it for the same amount, or less, we will, on application, furnish you with the name of the Contractor and his address who gives us a bona-fide tender on all our drawings.

Why should not YOUR new home carry a message of your individuality? This is the proposition we make you:

FOR \$10.00 we will, if you mail us your requirements, send you two floor plans, laid out according to the information furnished us, and an exterior perspective drawing rendered in color, showing you how your new home will appear when completed.

If you will then return these to us, with any corrections noted thereon, we will, for the additional sum of \$25.00, prepare you full working drawings, details and specification complete and supply you with two copies of same. Now, then, how is it we are able to do this? Here are the reasons:—

- 1—We have reduced the professional side of Architectural work to a commercial science.
- 2—This is an age of specializing. We specialize in homes (not houses). A separate organization entirely takes care of larger work.
- 3—This business is conducted on a basis of "Cash With Order."
