BAKING POWDER

Indispensable in making finest breads, biscuits and cakes. The greatest culinary help of modern times. Young housekeepers find the beginning of their success in cookery in its employment.

NOTE.—Imitation baking powders are lower in price, but they are mostly made from cheap and inferior ingredients and are injurious to health when taken in food.

AROUND THE CITY

From Friday's Daily.
A disciple of Christian Science is operating in Rossland. The gentleman is said to be offering his prayers for the cure of the afflicted at the rate of \$5 per week per patient.

A. B. Cranston, formerly storekeeper at the Le Roi mine and a well known curer, died at his mother's residence in Winnipeg last week and was buried on Wednesday last. Mr. Cranston has been in ill health for some time and finally succumbed to the white plague.

D. C. Corbin, plaintiff in the foreclosure proceedings in Corbin vs. Iron Mask Mining company, will apply in the supreme court at Vancouver on the 15th inst. for a final order of foreclosure. If granted this will bring the matter to a head, and the mine will pass into the possession of the Iron Mask. It may be accepted as probable that the assumption of activity at the well known property will follow shortly.

Seven Devils and Hendrix Cut clay banks on the main line near Mackenzie Falls and Northern road continue to make trouble for the operating department of the road, although the present year has seen less interruption on this score than previous springs. Each year the banks are cut a little further back from the railroad, and it is said to have been some 3000 feet in the case of the Hendrix Cut. The work of the section is to remove the material from the banks and to re-construct the road. The work is being done in a systematic way, and it is expected that the road will be in a better condition than in previous years.

Various citizens are talking of making the Mount Record ascent on Sunday. The climb is somewhat arduous, but the scenic beauties unfolded to the eye of the spectator on the peak are said to amply repay the effort. The trail up the mountain is well marked and tramped hard, which makes the trip much easier than earlier in the season, when the pioneer climbers were compelled to break every foot of the road. Snowshoes, are, of course, necessary, but the lighter styles may now be employed.

Some changes have recently been made in the personnel of the Centre Star fire department. The strength of the corps is fully maintained, however, and regular practices have placed the new men in possession of a good knowledge of the duties of their position. It is, according to Chief Wilcox, an efficient, or more so than ever before, and prepared to handle anything extra in the direction of turning out a fast racing team this season. The Centre Star department and fire protective service generally has the distinction, according to the testimony of Secretary Gilbert of the Fire Unions' board, of being the best among the mines of British Columbia.

From Saturday's Daily.
The sitting of the full court of the supreme bench at Vancouver has been postponed to the 15th inst. A wire to this effect was received here yesterday by the local court officials.

The night train over the Canadian Pacific reached the city on the tick of time last night, a performance worthy of note. It is promised that when the improved conditions incident to settled weather are attained the train will run promptly on time continuously.

D. Thompson, principal of the Rossland high school, has been elected vice-president of the Provincial Teachers' association now in session at Vancouver. The next convention is to be held at Revelstoke, and with this in view the majority of the officers-elect are selected from the interior.

The Masonic grand lodge convenes in Rossland on June 23. The local members of the fraternity are looking into the preliminary arrangements for the convention, principally in the direction of arranging finances. The committee to take charge of the full arrangements have not yet been chosen, but seventy delegates are expected to attend the grand lodge sessions.

Blue & Deschamps' saw mill is closed down for a month, until the roads get into shape for teaming. The firm has practically abandoned the idea of putting in a pole road between the plant and the city, owing to various drawbacks to such a system, but will probably use rails and hoisting or derrick engines for logging in the lower limits adjacent to the mill.

It has developed that the reason for the delay in starting work on the Rossland government lies with the provincial government. Although the agreement procured over a year ago to convey the lots on court house square to the Federal government by drill title, and after negotiations the lots were never sent to Ottawa, and before the public works department can break ground it insists upon having the title settled. Stronach's efforts are being made to repair the trouble at the earliest possible moment.

The school trustees are faced with the necessity of rearranging the classes in

the public schools. Yesterday the smallest number of pupils in any one class at the Central school was 11, and the maximum 67. The latter is also the largest number of pupils in any one class at the Central school. The difficulty may be overcome temporarily at least by drafting pupils out of the larger classes into those having fewer in attendance, but it is almost inevitable that after the summer holidays an extra teacher must be added. In the junior classes it may be practicable for the immediate future to have half day sessions only, but the additional teacher must be taken into consideration at once. The board made provision for this emergency in drafting its estimate for the current year's outlay. The condition has its redounding features, of course, inasmuch as the corporation's revenue from provincial per capita grant is substantially increased.

From Sunday's Daily.
An result of the Miner's expose yesterday of operations of local wildcat operators in East Kootenay coal and petroleum lands, several worthy Rosslanders have escaped being buncoed. The game is now played out so far as Rossland is concerned.

Report has it that J. A. Armstrong, V. F. weal known in Rossland, has a large contract for horses, presumably for service in the east. It is stated he will purchase 3000 animals for use in the Japanese army.

Ed. Mastin, who has conducted the Kootenay restaurant for some months left the city rather hurriedly yesterday. His liabilities were not large, and were partly secured by the stock of groceries in the restaurant and by accounts due the business. Conditions other than those of a purely business nature are understood to have influenced Mastin, who has many friends in the city.

James J. Warren, managing director of the White Bear Consolidated company, is en route to Rossland from Toronto. It is expected that on his arrival immediate action will be taken in the matter of mill construction.

The Le Roi Two Company paid the March wage roll yesterday, distributing \$13,500 among the employees of the mine and mill. The March wage roll at the Northport smelter was also paid yesterday, aggregating \$22,500.

Bishop Dottenwill, of the Roman Catholic diocese of New Westminster, is en route to the Kootenays on a visit. He is expected in Rossland prior to returning to the Coast.

A pleasant juvenile reunion was held at the home of Master Emmet Gled, West Columbia avenue, the occasion being a surprise party in his honor. Among those present were Misses Florence and Alice Nicholson, Lulu Putnam, Maggie Chisholm, Christina Landon, Madge Keating, Alice Chisholm and Annie Inches, and Masters Reginald Bradshaw, James Ince, Stanley Northern, Lyle Nicholson, Herman Nicholson, Harold Keating and Joseph Gird.

From Tuesday's Daily.
Yesterday the Le Roi Mining company distributed \$48,000 among the employees of the mine for wages earned in March.

Sidney Hobbs is mourning the loss of his hand, which was severed by a dog yesterday. The dog was poisoned to be in the community continuously.

The bugle band of the Rocky Mountain Rangers will practice in the international music hall hereafter. The band meets tonight at 8 o'clock for practice.

J. E. C. Fraser, president, and A. B. Macdonald, secretary, leave this morning for Nelson to attend the meeting of the executive of the Associated Boards of Trade of Southern British Columbia.

On his return from the Provincial Teachers' convention at Vancouver on Sunday Principal Elroy of the Cook avenue school found awaiting him a telegram announcing the death at Chicago of his brother, Charles Frederick Elroy.

Word has been received here of the death from fever at Douglas, Arizona, of Capt. Henderson, a mining man who was identified with the White Bear and other Rossland mines some years ago. Many Rosslanders will remember the dead man and learn of his death with regret.

Quite a brisk little freshet poured down Washington street yesterday after the sun commenced to get in its work on the snowbanks. Once or twice the sidewalks were flooded, but by close attention the drains were kept open, and after midnight the flow was never sent to Ottawa, and before the public works department can break ground it insists upon having the title settled. Stronach's efforts are being made to repair the trouble at the earliest possible moment.

The school trustees are faced with the necessity of rearranging the classes in

vice-president of the association for the current year. All four classes resumed work yesterday morning.

John Arthur Bangs, the Calgary lawyer, under arrest for alleged complicity in the Wilcox mail robbery, is known to many Rosslanders. He was solicitor for Harold Foster, the Kamloops capitalist, who has extensive real estate interests in Rossland and mining properties here and elsewhere in Boundary and Republic. Bangs visited Rossland on numerous occasions.

This is the Northport version of the situation at the Le Roi mine and smelter, under date of Sunday: "As a result of a conference between Superintendent H. Morgan of the S. F. & N. railway, Manager Wilson of the Northport Smelting & Refining company and Acting Manager G. G. Prior, manager of the Le Roi, held at Rossland, B. C. last Thursday night, the ore train and local switching crews will be put to work on Tuesday as usual. The Le Roi will start hauling ore tomorrow morning and the crushers will resume work at the same time."

Baseball was formally launched for the season at the Hotel Allan on Sunday night, when a number of enthusiasts met to discuss the outlook for the season. Officers for the club were elected as follows: Max Crow, president; J. F. Linburg, vice-president; Robert Anderson, secretary-treasurer; Al. D. Davis, manager. The last three were appointed a canvassing committee. It was reported that the club didn't owe a pleasure, but assets to a considerable amount, and \$5.00 in cold cash in the bank all of which is unparalleled in the annals of local baseball. The secretary was instructed to correspond with all the clubs in the district relative to forming a league.

An accident was narrowly averted on the Red Mountain road yesterday. Ben Finnell, with Fred Virgon and Fred McHenry, of the War Eagle, were returning to the city on foot after spending the Sunday at Finnell's ranch when they found a heavy slide had covered the track at the industrial point where several men were buried some years ago. The debris covered the track for a depth of six feet and for a distance of 100 feet, logs and boulders being intermingled with the mud. The men knew that the Rossland train was about due, and climbed over the slide, the upper end just in time to reach the train around the curve. A trainman walked into Sheep Creek and waded a train to come up from Northport to section passers and baggage. The section crew then started on the removal of the slide.

It is hoped that the outcome of this and other efforts put forth in similar direction will be that the deeds to the lands will be promptly transmitted to the Federal government. At Ottawa the politicians are arranged and the plans for the structure have reached the point where tenders can be called for. A month might be allowed for contractors' figures to come in, after which active construction would be started.
