Evidently Many Were Miled When Asked to Mobilize.

By Special Wire to the Courier.
Berlin, May 2, via London, May 3.—United States Ambassador Gerard, after his arrival at the embassy on his return from Great Headquarters received the newspaper correspondents and held a short conversation with them on various topics not including the one in which they were exclusively interested. The ambassador declined to make the slightest reference to the occasion of his visit to the emperor, explaining that the situation imposed absolute silence upon him, and he was leaning, however, that he received Secretary Lansing's telegram of instructions in time to communicate with Chancellor Von Bethmann-Hollweg before his departure.

Lord Robert Cecil Makes That Promise Over China Affair.
By Special Wire to the Courier.
London, May 3.—No definite date can be set for the reply of the British government to the third demand which Washington has made for the release of the thirty-eight Austrians, Germans and Turks seized on the American steamer China, near Shanghai, as the note must be submitted to the Admiralty and War Office before a final decision is reached. The latest American memorandum on the subject, according to the Foreign office, "is receiving sympathetic consideration."

Steamship Trade Tied Up in New York by Strike
Docks Piled High With Freight and Fifty Boats at Anchor.
By Special Wire to the Courier.
New York, May 3.—Steamship piers are piled high with freight which cannot be moved and fifty steamers lie at anchor in the harbor to-day unable to reach the wharves because of the strike of marine engineers, which has tied up 450 tugboats composing about 75 per cent of the craft engaged in such service in New York harbor. The only relief on this, the third day of the tie-up was afforded by the action by some of the railroad companies in acceding to the demands of the engineers. Among them was the Lehigh Valley Railroad, whose tugs are in operation to-day together with those of the New York Central and New York, New Haven and Hartford Railroads. Owners of about thirty other tugboats also have yielded to the demands of the men. Other companies declined to pay the increase in wages.

Take Notice That
The Council of the Corporation of the Township of Brantford has constructed as a local improvement:
1. The South side of Wilkes Street from Mohawk Avenue to end;
2. The South side of Ruth Street;
3. Mohawk Street to Blossie Street;
4. West side of Gordon Street;
5. Walter Street to Cockshutt Lane;
6. South side Emilie Street to end of existing work to Cockshutt Road.
