The breaks were particularly severe and Mr. Newton will be many months incapacitated before he will be around again.

To the Electors of Belmont & Methuen.

Ladies and Gentlemen,—

At the request of a considerable number of ratepayers I have been induced to offer my services as Reeve for the Municipality for the ensuing year.

At the recent Nomination meeting, I made the request that every elector, that could possibly get out to vote, to come to the poll, and mark their ballot as they deem it best in the interests of the Municipality, and I again make the same statement to you all.

At the close of the Poll on Jan. 4th, should I be your choice, I have only this promise to offer, that it will be my one and sincere desire to serve you people to the best of my ability with good business-like Municipal Government, and I will assure you all that never before in any municipal career, will I put forth a stronger effort to serve you wisely and justly.

Wishing you all a Prosperous New Year and many of them.

Your obedient servant,
W. E. Griffith

Yours sincerely,
A. D. Buchanan

Here and There

Wishing farewell and bon voyage to the celebrated writer of the Scarlet Pimpernel, a bouquet of scarlet pimpernels was presented to Baroness Orczy, when she embarked with her husband, Mr. Montagu Barstow, on the SS. Montclare of the Canadian Pacific line, for England. The presentation was made on behalf of the company by Capt. Geo. Webster and President R. W. Beatty's card was attached. Baroness Orczy came out to Canada to assimilate local colour for a new book, which will be eagerly awaited here.

Motor tourists from the United States brought \$150,000,000 in revenue to Canada in 1925, according to estimates of government officials. This sum is equal to a quarter of the value of the Dominion's wheat crop and approximates the value of the annual mining output of Ontario, Quebec and British Columbia combined. More than 2,000,000 American automobiles, it is estimated, have crossed into Canada this fall. They carried in the neighbourhood of 9,000,000 persons, or a number equal to the total population of Canada.
