Victory Loan 1919 Is Bridge Between War and Peace.

Agricultural and Industrial Prosperity of Canada Depends on Success of the Loan.

Why is it necessary to have another Victory Loan? Have you heard this query? Or have you asked it?

The Victory Loan of this year stands out as the bridge between war and peace. The war is over. Our boys won that. The reconstruction period is dawning and we at home must win that.

Much of the money that Canada is asking for will be needed to clean up the war debt. The expenses of demobilization were heavy, and there is still much of it unpaid. Now that our men are back, let it not be said that we repudiated the debt for bringing them back.

The sick and wounded soldiers still in hospitals are expecting that Canada will care for them and their dependents until they have been returned to health and strength. The hospital services must be maintained at full strength as long as there are returned men needing attention.

Many men through disability are unable to return to their pre-war occupations. The Department of Soldiers' Civil Re-establishment is doing a fine work in training returned soldiers in trades and professions that they can earn a living at, and is following up the training and seeing that they obtain remunerative employment. The maintaining of this branch of reconstructive service calls for much funds, and the Victory Loan will be used to pay for it as well as the other purposes.

Under the Soldiers' Land Settlement Act, enough money is lent to returned soldiers to enable them to buy and stock a farm. This money will be repaid at a low rate of interest. The soldier is thus given a chance to re-instate himself in civil life, and production is given a boost. Of the total amount of the forthcoming loan, \$24,000,000 has been apportioned to finance these soldier-farmers.

Pensions to the disabled and dependents of our glorious dead, as well as the authorized gratuities will be other items on the expense sheet. These are some of the obligations owing to the returned soldier who is now in health.

The maintaining of Canada's prosperity is an important reason why the Victory Loan should be a smashing success. The money is needed to finance the credits to overseas countries so that they may continue their trade relations with us. If Canada cannot give these credits other countries will, and then Canada will lose all that great overseas trade that has been the mainstay of our agricultural and industrial life for so long.

As an investment Victory Bonds are eminent. Paying 5 1/2 per cent., selling above par on the open market, and guaranteed by the Dominion—what further reason can you have for hesitating? The Victory Loan 1919 ought to be oversubscribed, and all right-thinking citizens will do their utmost to see that such a result is obtained.

TO CARE FOR WOUNDED

Money From Victory Loan Will Be Used to Re-establish Soldiers.

Our soldiers in France faced perils other than those of shell and gas and machine-gun fire. There was the peril of tuberculosis. Up to August last 3,909 soldiers suffering from this disease had been returned to Canada. These were placed in sanatoriums under the direction of the Department of Soldiers' Civil Re-establishment, and they are one of the departments of that branch that must be maintained, and come under the head of capital war outlay.

All of these men and some 20,000 others, disabled or ill, will be looked after with money raised through the Victory Loan 1919. It is the sacred duty of Canadians that the money is forthcoming.

Credits Must Be Established for Sale of Surplus Products.

Success of Victory Loan 1919 Will Insure Steady Markets for Farmers.

It takes some six bushels of wheat to feed the average person in Canada annually. Roughly, therefore, the eight million people here consume about 50,000,000 bushels each year. But even in a poor year the crop is some five times that amount, and the surplus must be sold if the farmers are to get a return for their time and labor. But the sale of the crop must be financed. Great Britain, which provides our greatest market, has not the ready cash; and so Canada must find means of raising the money. Hence the Victory Loan 1919. In view of the fact that the prosperity of the Dominion is dependent to a considerable extent upon the sale of her surplus grain the necessity of the money being forthcoming is patent.

Your dollar may be the last straw that sweeps the Victory Loan over the top. Would you take the chance of making it a failure?

Lend your money that your pay envelope may be always filled, as will follow the success of the Victory Loan.

Victory Bonds are the fodder that keeps the machinery of Canada's industrial world running at full speed.

ROD AND GUN FOR NOVEMBER.

The November issue of Rod and Gun, published by W. J. Taylor, Limited, at Woodstock, Ont., keeps big game hunting stories well to the fore. "A Caribou Hunt in Restigouche County," by Henry Duncan Chisholm, "Days of Real Sport in Algoma," F. V. Williams' thrilling story, with cover cut to illustrate, of "The Gun That Would Shoot a Mile," "A Nova Scotia Moose Hunt About 1840 and Another in 1918," by T. S. Scott, will all be found equally interesting to hunters—whether on vacation now, going, or returning. The first part of an interesting story of Alaska entitled "The Humming Bird," by Mrs. Jean Stevenson, is the opening story of this issue, while Bonycastle Dale will be found as interesting as ever in his "Two Ancient Beach Combers," Duncan Campbell Scott's address on "Relation of Indians to Wild Life Conservation," and "Opening Day at Lake Scugog," by John Townson, are timely and interesting articles. "Fishing Notes," conducted by Robt. Page Lincoln, containing "Dusk and Ember Papers," "Along the Trap Line," by H. C. Haddon, "Guns and Ammunition" by C. S. Landis, "Rod and Gun Mechanics," "The Kennel" and "Trap" departments will all be found up to the usual standard with much to interest their various followers.
