THE STILL HOUR The hills are husbed with holy dawn.
The light grows fair beyond the sea;
Here unto peace and prayer with-

The silence of this hour must cease In crowded street and busy mart, Yet keep thou all this day thy peace Pure, in the temple of my heart.

Clouds shall be dark in yonder sky, Yet keep my life bright with thy grape; Though sun be hidden by and by, Yet hide thou not from me thy face.

The glory grows beyond the sea,
The sunrise opens, clear and wide,
O Light of Light unknown I in thee,
From dawn to even, let me bide!

On Thursday evening, Oct. 18th, James Clancy, M. P., held a very successful meeting here. Mr. Clancy was well received and spoke at some length to an enthusiastic audience. Reformers as well as Conservatives are lend in this project Mr. Reformers as well as Conservatives are loud in their praise of Mr. Clancy as an honest and honorable representative of Bothwell. Mr. Loury a veteran Conservative, acted as chairman, and gave a short address, paying a high tribute to Mr. Clancy's work in the past four years. He said that although the Liberal party had sent in the two premiers as well as a number of other Mr. Ps. and M. P. Ps. to try and defeat Mr. Clancy the prospects were much brighter for Mr. Clancy than in '96. Also that no higher tribute could be paid to the ability of Mr. Clancy than the sending of Sir Wilfrid Laurier and Hon. G. W. Ross to the electoral county of Bothwell. to the electoral county of Bothwell. Mr. Clancy is with the current of public opinion and is sweeping on at rapid rate to victory.

Hops—Dull. Sell at about 13 to 14c for Canada '99's.

TORONTO LIVE STOCK. TORONTO LIVE STOCK.

Toronto, Oct. 23.—Receipts at the Toronto market last week, were heavy. There was a moderate demand except for good to extra stock. Short feeders were slow and easy, and common butchers' were very dull. Receipts were 70 cars, including 1,100 cattle, 1,827, hogs, 1,200 sheep and lambs and 20 calves.

Extra strain needs extra strength. When a man begins to add to his hours of labor, and subtract from his hours of rest, he is putting an extra strain on brain and body. In such cases many men make the serious mistake of using stimulating liquors, or alcoholic medicines. These can only injure. The spur forces on the horse, but does not strengthen him. Stimulants are only spurs. The need of the body is strength. Dr. Pierce's Golden Medical Discovery is invaluable to overworked men and wor en. It strengthens the stomach, increases the blood supply, nourishes the nerves, and gives vital power to brain and body.

There is no alcohol in "Golden Medical Discovery." It contains no opium,

ical Discovery." It contains no opium, cocaine or other narcotic. It is strictly a temperance medicine.

Mr. Edward Jacobs, of Marengo, Crawford Co., Indiana, writes: "After three years of suffering with liver trouble and malaria I gave up all hopes of ever getting stout again, and the last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I am stout and hearty. It is due entirely to your wonderful medicines."

Export cattle-It is getting too near the close of navigation to look for much activity in this line; ocean space is pretty well filled up, and the con-dition of the British cattle market is not such as to warrant speculative purchases; there was some little en-quiry by people who have space in hand, but in the absence of suitable stock for the shipping trade, no trans-

actions were reported; prices were unchanged at \$4.40 and \$4.60 for choice and \$1 to \$4.40 for light. Butchers' cattle-There was a moderate demand for good merchantable stock but as a rule the offerings were not up to the standard of the local trade; there were too many poor stock offered; these were weaker and hard to sell, and the same might be said of medium; really phoice stock brought \$4.55 per cwt. for about half a load, but these were the pick of the market. This price serves to show the drovers what they must send here if they want a ready sale at top prices; good to choice were quoted at \$3.50 to \$4.25, and common to medium sold at \$2.50 to \$3.

\$2.50 to \$3.

Feeders—The offerings were liberal, but they met with a good deeral, but they met with a good de-mand, and were steady, except for short-keep, which were easier at \$4 to \$4.25; heavy were steady, and light unchanged, at \$3 and \$3.25. Feeding bulls were more active on a better inquiry; prices were steadily, held, at \$2.50 to \$3.25, a good many sales, being made at thel atter price.

Stockers—On heavy receipts prices were somewhat depressed, and what demand there was; kept largely to good stock; the majority of the sales were made at \$2.50 to \$2.70, and \$3 was the outside price; there was com-plaint about the large num-ber of poor stock which, unfortunately for the better classes, fended to de-press the prices for all the cattle of-ferred.

Milch cows were dull; there were only a few offered and these were not first class; good cows are badly wanted, and they would sell well; two fair sample were sold to-day for about \$39 each.

\$30 each.
Sheep and lambs—Run was large, but trade was active and prices remained firm, particularly for lambs; the latter are in great demand and find a quick and certain sale; there is no change in quotations.

Calves were steady; offerings not liberal, and prices are unchanged at \$2 to \$10 per head.

Hogs-Prices unchanged to-day with \$6 as the quotation for selections 160 to 200 lbs. natural weight; the tendency is toward a lower price, and another cut of 25c pen cwt. is likely to occur within the next few days; the receipts were large and heavy shipments will probably be the rule for some time yet oit may be noted that the top price for hogs on this date last year was \$4.371-2.
