## LAWN ROLLER ROLLED IN DEEP

Silly And Annoying Trick By Young Boys Last Night

Mires Gets Six Months For Selling Liquor To An Indian

When the man who was arrested yesterday for giving liquor to an Indian regained his sober senses, the police succeeded in finding out that his name is David Mires. Mires was caught in the act of giving the liquor to the Indian by Inspector Massey, who ordered a county officer nearby to arrest him.

This morning when Mires came before Judge Houston, he pleaded guilty to the offense. Judge Houston gave him the option of paying a fifty dollar fine or going to jail for six months. As he could not pay his fine, he had to take the six months. The Indian to whom he gave the whiskey, was Jacob Pleasant, of Moraviantown.

Some mischievous boys last night rolled the lawn bowlers lawn roller into the Creek. Auctioneer Andrew Thomson, who happened to be near at the time, heard the splash as the roller went into the water. He says that it was about 9:30, and that the boys ran over the Park bridge after they had completed their silly, and annoying act. Mr. Thomson says that he did not recognize any of the boys.

The Lawn Bowlers' Association have offered a reward of \$5 to the person who first hands in information which will lead to the arrest and conviction of the offenders. This is the third time the roller has been dumped in the Creek by mischievous persons. If the culprits are caught, it will probably go hard with them, as the offense appeared to be a deliberate and malicious one.

An unknown man and woman entered Murray Clark's yard on West street Thursday night, and walked off with two white waists belonging to Mrs. Clark. Clark says he was watching out the window and saw the pair walk off with the goods, which were hanging out on the line to dry. He laid a complaint at the Police Court yesterday afternoon, but said that he does not know who the people were who took his wife's shirt waists.

"Tell the papers to say that if the parties will return the shirt-waists, they will learn something of their interests," was the instructions he gave to Chief Holmes.

A stabbing affray with sensational features will probably be aired in Judge Dowlin's Court next Tuesday. Arthur Goodson, of Tilbury, was committed for trial yesterday by H. Callwood, J. P., on a charge of stabbing Jeff Mallott, also of Tilbury, on June 19. The charge includes the phrase "with attempt to do grievous harm."

Particulars of the row are rather meagre, but it is understood that the stabbing was the result of wrangle between the two men over some trivial matter on the date mentioned.

Thomas McLaughlin was brought in by Officer Rankin of the County Police force yesterday morning, charged with stealing a bicycle and a lady's purse at a picnic held at Dover Centre.

The case was given a preliminary hearing before Judge Houston in County Police Court and was adjourned till Friday of next week.

It is likely that a couple of liquor cases—one from Merlin and another from Tilbury, will come up before the local Courts next Tuesday. In both cases the alleged offenders are charged with selling liquor to minors.

## FIVE KILLED AT BUTLER

Two C. P. R. Trains Come Together Head On

Winnipeg, June 29.—A head-on collision occurred at 5 o'clock last evening between the westbound express and an extra loaded with Chinese at Butler, two stations west of Ignace. Four Chinese and M. E. O'Connor of St. John, N. B., guard on that train, were probably fatally injured. Several passengers on the westbound train were also injured, but they are not believed to be seriously hurt.

Both engines, together with the baggage and two colonist cars on the extra, were damaged. Auxiliary trains were despatched from Kenora and Ignace, and doctors were hurried to the scene on a light engine to render every possible attention to the injured. The injured Chinamen were sent to Fort William on a special train. Traffic was not long delayed.

## TWENTY-FOURTH REGIMENT MAKES SPLENDID SHOWING

Major Shannon Of London Compliments Officers And Men—Best Military Inspection Ever Held In Chatham

The 24th Regiment—the staff officers, the non-coms, the bands and the men did themselves and the city proud last evening. The inspection held on the park proved a success away beyond general expectations, and all the members of this local military organization deserve to be highly complimented.

The inspection of the Regiment was made by Major Shannon, of the Western District. Major Shannon made the inspection for General Dyer, the officer commanding this district. The Regiment, including the Signal and Ambulance corps and the two bands, turned out full strength, and it was generally commented on that they never looked in better condition since they were first organized.

Shortly after eight o'clock, led by the bands, the companies paraded from the Armories to the park. The bands formed up at the west side of the park and the companies were drawn up in the centre. At this point, the inspecting officer came upon the grounds, and was received by the staff. (The general salute was given, and the inspection proceeded with. As Lieut.-Col. J. B. Rankin was with the inspecting officer, the command of the Regiment fell upon Major Massey, who acquitted himself most creditably. When the inspection of the men was concluded, the companies were put out in the park for a separate work, under the command of their various officers, company movements and extended order being the principal manoeuvres gone through. After this, the Regiment were given a battalion drill, followed by the "march past." The "march past" was the best ever witnessed in Chatham, without exception, and reflected great credit on the officers commanding.

Next, the Regiment were marched into the Armories, where the service rolls, equipment ledgers, and books of the Regiment were inspected, and muster parade for pay took place. This was conducted in splendid order. The men were paid up, and the service rolls and pay sheets found to be signed and in first class order. The inspecting officer said that it was one of the best muster parades he had ever seen.

This ends the season's drill, and the Regiment is now in good shape. If by any chance the Armories should ever be fitted up and furnished so that the staff officers and non-commissioned officers and men could use the quarters to the benefit of the Regiment, the future of Chatham's soldiery should be bright and promising indeed. In the meantime, the fine showing made by the Regiment last night can only be ascribed to the hard and faithful work of Lieut.-Col. Rankin and his competent staff of officers. The good attendance of the men at drill and the enthusiastic interest they took in it, were features which speak amply for themselves.

## A CLEVER YOUNG MAN

Joseph K. Robert, who has just received word that he has passed his Medical Council, returned home last evening to spend a short vacation at his home here. Joe is the clever son of Peter Robert, of this city. He is now a full-fledged physician and surgeon and is licensed to practice any place in Canada. The city should be proud in the possession of a young man of Mr. Robert's calibre. He has not only done honor to himself and his family, but also to the city.

Dr. Robert has accepted a position as house physician in St. Michael's Hospital, Toronto, for the years 1907 and 1908.

Joe is a popular boy in Chatham, especially in athletic circles. His many friends will be pleased to learn that he has secured such a responsible position so soon after his graduation, and will wish him every possible success.

## BOAT NEARLY OVERTURNS.

Gallant Rescue In A Canoe at the Rapids.

Latchford, Ont., June 29.—On Wednesday the steamer running north from Port Rapids was nearly overturned. It was in the afternoon and the boat had just started on its trip north and less than 100 yards from the shore, when she refused to answer to the rudder, and going sideways, struck a rock and went over half way.

Fifty people were on board and eight men sitting on the stern and ten canoes on the hurricane deck were sent over into the river. Four struggling men were swept down the rapids. Three got to shore and the fourth was sinking for the third time when a prospector, who was fortunately coming up in the rapids and at the risk of his own life, paddled to the drowning man and got him in his canoe.

## BOY DROWNED—ONE SAVED.

Took Cramps While Swimming In River At Ayr.

Ayr, June 29.—A drowning occurred at Ayr on the River Nith, when Earl Garbutt, a boy of 7, was drowned, and Bert Walton, a boy of 13 or 14, was saved in time to prevent drowning.

They were both swimming in a deep hole, when Earl said: "I have a pain in my leg." He sank immediately. Young Walton was swimming, too, at the same time, and had a cramp, too. Some big boys arrived in a short time and pulled out Walton, but Earl had sank.

## DOCK STRIKE AT BELFAST.

Armed Soldiers Are Assisting Police to Guard Wharves.

Belfast, Ireland, June 29.—The dock laborers here are on strike, and channel traffic is greatly interfered with. Five hundred soldiers with rifles are assisting the police to guard the docks.

A great body of strikers marched Thursday through the principal streets, and after attempting to loot a number of wagons belonging to shipping companies, they were dispersed.

## FACTORY OPENS

The Kent Canning Company will commence Tuesday noon, July 2nd, on strawberries. From present indications the crop will be good, and it is expected that steady work will be given to a large number of women for two or three weeks. Names and addresses should be sent in at once.

## RAWLINSON IS FOUND!

Stephen Rawlinson, the young Englishman, who was announced as missing in THE PLANET a few days ago, has been found through the medium of this Great Home Journal.

Rawlinson, who works for John Coveny of the Fourteenth Concession, Dover, picked up a copy of THE PLANET at his employer's home the other day, and immediately wrote home to tell his folks of his whereabouts.

Mr. Coveny came into the city to notify the police this afternoon.

## KILLED IN A FIGHT.

Struggle With Insane Patient In Cell at Montreal.

Montreal, June 29.—While struggling with an insane man, Augustin Loizeau, 35 years old, met death last night in a cell of the Hospice Camille, a charity institution at the corner of Fallum and St. Catharine street. During the scuffle, which had arisen because Joseph Sorel, an insane inmate, refused to go to bed, Loizeau fell violently to the floor, and severed an artery in his neck, which caused him to expire in a few moments.

Joseph Sorel, the insane man, is now locked up in a padded cell of the Central Police Station, pending the coroner's inquest into the case. There was only one witness of the struggle. This was Adolphe Vaurin, the keeper, who had first tried to persuade Sorel to retire. The latter, who had never previously showed signs of violent insanity, refused to obey the order, and a struggle between the two ensued, during which the keeper called upon Loizeau, who was a boarder, to come and help him. To a morgue employee, who went down to the institution for Loizeau's body, Vaurin said that Sorel had kicked him in the stomach during the struggle, and that Loizeau on coming to intervene also received a violent kick, which caused him to fall to the ground.

## SIX MONTHS FOR BIGAMY.

Sister-in-Law Has Four Husbands—Why Not Two Wives?

Toronto, June 29.—Alfred Middleton, an Englishman, charged with bigamy, admitted to Magistrate Denison that he had married a Toronto woman knowing that he had a wife and family in England.

"My wife's sister has four husbands, why shouldn't I have two wives," he argued as the magistrate sentenced him to six months' hard labor in the Central Prison.

Creeds are but the clothes of religion.

## BRANDISHED UGLY KNIFE

Impassioned Englishman Seeks Fleeing Hebrew's Gore

Adelaide Street The Scene Of Disgraceful Street Brawl

Tearing down Adelaide street, his hat and coat missing, his face, hands and clothes covered with blood, and holding in his right hand a treacherous looking knife, a little Englishman, probably 35 years of age, caused considerable excitement over the creek shortly after the noon hour to-day.

He had been fighting with a "sheeny," he told a Planet reporter, who ventured just near enough to him to get an interview. It was indeed an exciting interview. The Englishman was terribly fussed up. He had been struck on the nose, which was bleeding, and there was an ugly gash on his cheek. Both of these he said he got from the "sheeny," who had hit him square-ware. While the conversation was going on, the Englishman was prancing around on the sidewalk on the corner of Adelaide St. and Stanley Ave. He made some terrible sweeps in the air with the big knife at some imaginary enemy, and after considerable earnest persuasion—at a safe distance—the reporter finally induced the man to put the knife away.

"I'll kill him! Wait till I catch him, and I'll certainly cut his throat! He's a dead man if I ever get near him!"

These exclamations, accompanied by the glitter of the knife blade as he swung it to and fro in the sunlight, went to make up a very dramatic scene.

It turned out that the Englishman and the "sheeny" had got into a quarrel on the park over a horse. The Hebrew landed first and fast, and he was closely followed up for a short time by the Englishman. The latter was drunk, however, and was soon left away behind in the race.

P. C. Tom Groves and Peter Dezella arrived shortly afterwards and gathered in the Englishman.

## THE CRISIS IN PORTUGAL

Report That King Carlos Intends To Abdicate The Throne

London, June 29.—The Madrid correspondent of the Standard says it is rumored there that King Carlos of Portugal is determined to abdicate in favor of the Duke of Oporto, his brother. It is probable that martial law will be proclaimed.

The Mail's Madrid correspondent says it is rumored that the King will retire in favor of the Crown Prince, the Duke of Braganza, adding that rumor is not generally credited in view of the fact that the Crown Prince has gone on a tour of the Portuguese African colonies.

Madrid, April 29.—While the editor of the Portuguese newspaper, O Mundo, fled to Bazaia to avoid arrest and deportation from Portugal, his editor colleague, Dr. Leite, has been arrested for having published a pamphlet in which he tried to show that Senhor Franco, the Portuguese Prime Minister, is insane.

## TWO TUGMEN DROWNED.

Captain and Engineer Seen Struggling In the Water.

Port Arthur, June 29.—Captain John McGinnis and Engineer John McKeown, of the fishing tug James Story, owned by G. M. Tibus of Port Coldwell, were drowned in Lake Superior on Thursday at a point between Jackfish and Home Point. The tug had been run down to Jackfish for coal, and was on the return trip. Besides the captain and engineer two men were on the tug. How the drowning occurred they could not say. The first they knew was when they saw the captain and engineer locked in each other's arms struggling in the water. For a short time they stood spellbound, watching the struggling men, unable to render assistance. As neither knew how to manage the engine, the two unfortunate men were left to their fate. The men on the tug managed to bring the craft to port, where they reported the tragedy. As the drowning occurred in deep water, with no landmark to indicate the place, it is not likely the bodies will be recovered.
