## SEIZE YANKEE FISHERS

Canadian Cruiser Curlew Rounds  
Up Ten of Them.

Most Extensive Seizure Made By a Cana-  
dian Cruiser in Many Years—Three  
Counts in Indictment, and the Raid  
Net the Canadian Fisheries Patrol  
\$3,000 in Fines—No International  
Question Is Involved.

Eastport, Maine, Nov. 29.—Ten  
American fishing crafts, including  
eight sailing vessels and two steam-  
boats, have been seized by the  
Canadian fisheries protected cruiser  
Curlew and fined for illegal fishing in  
the Canadian waters of the tribu-  
tary of Passamaquoddy Bay, near  
St. George, N.B.

The fishing craft were seized near  
St. George Sunday night. Three  
specific charges were preferred: that  
they had illegally caught fish found-  
in their possession and that they  
had seized illegally in Canadian  
waters. For the first two offences  
each boat was fined \$100 and for the  
last \$200. In addition to this all  
seines and fish were confiscated.

It is understood that the fines will  
be paid and that the entire matter  
will be disposed of without involv-  
ing any international question. The  
aggregate value of craft is about  
\$26,000. The seizure is the most ex-  
tensive that has been made by a  
Canadian cruiser for many years.

No Issue Will Arise.

Washington, Nov. 29.—The Ameri-  
can State Department officials do  
not expect any issue between the  
Governments of Canada and the  
United States over the seizure of  
American fishing vessels by the for-  
mer, as told in the Eastport dis-  
patch. In the present instance the  
question of extra territoriality ap-  
pears not to have been raised, and  
the vessels were not confiscated, which  
has happened in the case of seizures  
heretofore made, either of these fea-  
tures usually being sufficient to make  
the settlement of the controversy a  
matter of diplomatic negotiations.

Minister Prefontaine Talks.

Buffalo, Nov. 29.—Hon. Raymond  
Prefontaine, Canadian Minister of  
Marine and Fisheries, arrived in the  
harbor late last night on board the  
Canadian cruiser Vigilant. The Min-  
ister is on a trip of inspection on the  
great lakes.

Mr. Prefontaine was handed a  
batch of official despatches when he  
was landed at the foot of Main  
street. Among them were telegrams  
relating to the seizure of American  
fishing craft near St. George, N. B.

In reply to questions regarding the  
incident, Minister Prefontaine said:  
"There was no particular significance  
in the seizure of American fishing  
boats in Passamaquoddy Bay. If our  
American cousins break Canadian  
laws they must expect to receive the  
same punishment that would be meted  
out to Canadian lawbreakers. The  
incident may be regarded as closed.  
There is no feature of it to call for  
international exchanges."

The Canadian Minister, who is ac-  
companied by several officials from  
Ottawa, will visit Cleveland, Detroit  
and Canadian ports on Lake Erie.

Woman Burned to Death.

St. Catharines, Nov. 29.—Mrs.  
John Lovell, who lived on Catharine  
street, this city, accidentally set fire  
to her clothing early Sunday morn-  
ing, and after suffering great agony,  
died at noon yesterday. Just how  
the accident happened is unknown,  
her husband being in another room  
at the time and unaware of his wife's  
danger until her screams were heard.  
Deceased was 52 years of age, and  
leaves, besides her husband, one  
daughter.

Where Sir Wilfrid Is.

Montreal, Nov. 29.—A despatch re-  
ceived yesterday announces the  
arrival of Sir Wilfrid Laurier and party  
in California. To-day the Premier  
will be at his destination, and will  
spend two or three weeks at the Ho-  
tel Monterey. Monterey, some eight  
miles from San Francisco. Sir Wilfrid  
and Lady Laurier stopped at  
Salt Lake City en route, and are  
both reported to be in excellent  
health.

Toronto, Nov. 29.—A telegram tel-  
ling him that his son David was  
killed in a railway accident on Sat-  
urday was received by John Bain,  
47 D'Arcy street, on Sunday. The  
telegram was from Chicago, but no  
particulars of the accident was given.  
He left 20 years ago and  
leaves a widow and family in  
Chicago.

Naval Fatality At Portsmouth.

Portsmouth, England, Nov. 29.—  
A singular accident resulting in the  
death of two men and injuries  
to a number of others, occurred at  
Portsmouth harbor. Two launches  
belonging to the British torpedo  
school ship Vernon were engaged in  
an instructional course of sweeping  
the harbor mines, when suddenly an  
explosion occurred on board one of  
the launches, which it sank. Those  
who were on board of her were  
thrown into the icy water and were  
rescued with difficulty. Two are  
missing, and several men were seriously  
injured by flying debris. The  
second launch was so seriously dam-  
aged that it sank later.

Canadians At Chicago.

Chicago, Nov. 29.—Canadian ex-  
hibitors had a walkway in the sheep  
department of the Live Stock Show

class. The first prizes for wethers  
went as follows:

ville, Ont.

mond, Beaconsfield, Que.

## INTERESTING IF TRUE

You Can Try It For Yourself And  
Prove It.

One grain of the active principle  
in Stuart's Dyspepsia Tablets will di-  
gest 3,000 grains of meat, eggs or  
other wholesome food, and this claim  
has been proven by actual exper-  
iment which anyone can perform for  
himself in the following manner: Cut  
hard-boiled eggs into very small  
pieces, as it would be if masticated,  
place the egg and two or three of the  
tablets in a bottle or jar contain-  
ing warm water, heated to 98  
degrees (the temperature of the body)  
and keep it at this temperature for  
three and one-half hours, at the end  
of which time the egg will be as  
completely digested as it would have  
been in the healthy stomach of a  
hungry boy.

The point of this statement is that  
what Stuart's Dyspepsia Tablets will  
do to the egg or meat in the stom-  
ach, and nothing else will rest and  
invigorate the stomach so safely and  
effectually. Even a little child can  
take Stuart's Tablets with safety  
and benefit if its digestion is weak  
and the stomach is out of action. Com-  
plished by their regular daily use are  
easily explained when it is understood  
that they are composed of vegetable  
essences, aseptic pepsin, diastase and  
Golden Seal, which mingles with the  
food and digest it thoroughly, giving  
the weakened stomach a chance to  
recover.

Detest never cures dyspepsia, nei-  
ther do pills and cathartic medicines,  
which simply irritate and inflame the  
intestines.

When enough food is eaten and  
promptly digested there will be no  
constipation, nor in fact will there  
be disease of any kind, because good  
digestion means good health in every  
organ.

The merit and success of Stuart's  
Dyspepsia Tablets are world-wide and  
they are sold at the moderate price  
of 50 cents for full-sized packages in  
every drug store in the United  
States and Canada, as well as in  
Europe.

Rejected Combes' Bill.

Paris, Nov. 29.—During the ab-  
sence of several of the Ministers of  
the committee which has been  
considering the separation of  
church and State yesterday voted  
the rejection of the Government's bill  
presented by Premier Combes. The ac-  
tion of the committee caused excite-  
ment. It is expected that a reconsi-  
deration of the bill will be secured  
hereafter.

Cleveland, O., Nov. 29.—Rev. Dr.  
J. E. Rankin, former president of  
Howard University, Washington, D.  
C., died here yesterday of pneumonia,  
aged 75 years. He wrote the hymn,  
"God Be With You Till We Meet  
Again."

Died in England.

received here on Sunday announced  
the death in England of Miss Annie  
Macpherson, founder of the Boys'  
Home here and pioneer of orphan  
work in Canada.

Burned to Death.

Winnipeg, Nov. 29.—Thomas Mc-  
Andrew of Mowat, Nipissing, Ont.,  
was found dead in a tin shop near  
Palace Hotel. The cause was a lamp  
explosion, from which he received  
fatal burns.

Shot Through the Foot.

Wood, Eagle street, while hunting  
rabbits at Taylor on Saturday, ac-  
cidentally shot himself through the  
right foot.

"When I commenced taking your medicine,  
eighteen months ago, my health was completely  
broken down," writes Mrs. Cora L. Sumner,  
of Chantilly, Calvert Co., Md. "At times I  
could not even walk across the room without  
pains in my chest. The doctor who attended me  
said I had lung trouble, and that I would never be  
well again. At last I concluded to try Dr. Pierce's  
Golden Medical Discovery, and I soon commenced  
to feel a little better, then you directed me to  
take both the Golden Medical Discovery and the

together I have taken eighteen bottles of Golden  
Medical Discovery, twelve of the Favorite Pre-

ease than I could formerly make."

## FINANCING G.T.P.

Lorenz F. Loree Stated As Head of Line—  
Montreal Officials Laugh.

Montreal, Nov. 29.—While it was  
learned at the head office of the G.T.P.  
that Messrs. Speyer Bros. of New  
York and London will be associated  
with the financing of the Grand  
Trunk Pacific project, the rest of  
the story circulated in New York  
City, to the effect that Lorenz F.  
Loree, formerly president of the  
Rock Island System, is to be the  
head of the G.T.P., is characterized  
as absurd.

Philadelphia Believes It.

Philadelphia, Pa., Nov. 29.—Lorenz  
F. Loree, formerly president of the  
Rock Island System, is to be at  
the head of the Grand Trunk Pacific  
Railway Co. A statement to this ef-  
fect was made yesterday by one of  
Mr. Loree's intimate friends in this  
city.

Mr. Loree will receive a salary  
greater than that given him as head  
of the Rock Island System. Being a  
civil engineer, he will personally su-  
perintend the road's construction. It  
is now said that he will remain in  
Europe until all arrangements have  
been completed for building the  
road, and that on his return he will  
make his headquarters in Winnipeg.

To Finance It All.

New York, Nov. 29.—Speyer &  
Co. of this city and Speyer Bros. of  
London, have purchased \$15,000,000  
four per cent. bonds of the Grand  
Trunk Pacific Railway Co. of Canada. The  
proceeds will be used to extend the  
western or Pacific branch of the  
Grand Trunk system. It is under-  
stood that the Speyer banking house  
will finance the entire construction of  
the new extension.

Speyer Bros. Plans.

London, Nov. 29.—(C.A.P.)—Spey-  
er Brothers, who bought the Grand  
Trunk Pacific bonds, will issue short-  
ly \$6,000,000 of 4 per cent. first  
mortgages over the Lake Superior  
division and \$8,000,000 of 4 per  
cent. mortgages over the prairie di-  
vision. Both series of bonds will run  
for fifty years. The company will  
immediately begin construction and  
the price of issue will probably be a  
little below par.

An Opinion of Laurier.

London, Nov. 29.—The writer of a  
letter in The Globe regarding reci-  
procity between the United States  
and Canada says: "The impression  
throughout the States is quite gen-  
eral that the Dominion is about to  
leap into a mighty Empire, and that,  
without any preliminary steps, Sir  
Wilfrid Laurier took advantage of  
this universal idea to launch the re-  
cent railroad scheme. However, the  
day will come when this extravagant  
Liberal essay will not be in such  
favor and that day is not far distant.  
Sir Wilfrid Laurier is doubtless  
entirely bent on making Canada a great  
Empire than on making any sacrifice  
to help the mother country. He is a  
most suave gentleman, full of soft  
speeches and indefinite promises, but  
never yet has this Government been  
able to get from him direct support  
of a practicable scheme of Imperial  
union, and it never will."

Strathcona Has Nothing to Say.

London, Nov. 29.—(C. A. P.)—"I  
have absolutely nothing to say re-  
garding this rumor, any more than I  
have to previous ones," said Lord  
Strathcona yesterday, when shown  
by the Canadian Associated Press  
The Chronicle's despatch announcing  
Lord Strathcona's retirement in the  
near future, and his succession by  
Sir William Mulock. "That despatch  
is the first I have heard of the mat-  
ter."

"Can I construe that as an abso-  
lute and emphatic denial of the re-  
port?" asked the correspondent.  
"No; do not say that I give any  
denial. I repeat that I have abso-  
lutely nothing to say regarding the  
rumor."

Ferry Captain Suspended.

Ogdensburg, N.Y., Nov. 29.—Rear-  
Admiral F. M. Symonds, U. S. N.,  
special representative of the United  
States Government to investigate  
passenger steamboat rates and in-  
spections; J. R. Moulter, inspector  
of hulls, and R. M. Chestnut, in-  
spector of boilers on the St. Lawrence  
River and Lake Ontario, have been  
here several days. As a result of their  
work Capt. James Burns, command-  
ing the night ferry steamer Outing,  
Ont., was suspended yesterday, for  
having life preservers in an obscure  
place below the deck of his steamer.

Withdraw Halifax Battalion.

London, Nov. 29.—(C. A. P.)—The  
Government are considering a plan  
for the strategic distribution of  
the Imperial forces that will concen-  
trate the naval and military strength  
in a more effective manner. One  
change will be the withdrawal of re-  
gular battalions from small coaling  
stations and the substituting of local  
defence forces. Amongst other  
places where the battalions will be  
withdrawn is Halifax, N.S.

Costs Equal a Fortune.

Montreal, Nov. 29.—Judge Hall  
yesterday morning decided that ex-  
Crown Prosecutor J. P. Cooke  
should pay all the costs in the  
famous Cooke-Blackley criminal  
libel case, which Cooke abandoned.  
The costs will be very heavy, per-  
haps \$30,000, as six of the highest  
priced lawyers in Montreal worked  
on it, and the abortive trial lasted  
15 days.

Commander Booth's Departure.

Toronto, Nov. 29.—To-night Miss  
Eva Booth will leave for New York.  
There will be a torchlight procession  
from the temple at 9 p. m. to the  
City Hall, where the Mayor will pre-  
sent a farewell address from the  
city. From the hall the procession  
will march to the Union Depot.

To Buy the Railway.

Ottawa, Nov. 29.—A sub-commit-  
tee of the City Council last night de-  
cided to recommend Council to sub-  
scribe to a bylaw in January for three  
million dollars to buy out the street  
railway.

## MEN'S DISEASES

There is seldom a day that we are not consulted in regard to a condition that, if we  
were to have seen it in its early stages, the sufferer would have been relieved, cured and  
saved considerable expense. This we consider is due to lack of knowledge on the part of  
the doctor who has previously treated the case; therefore, we say to you, if you are suf-  
fering from any disease of condition peculiar to men, or if you have been a victim and  
been disappointed in not getting a permanent cure elsewhere, we would ask that you  
come to our office for personal examination or write us for a Question Blank for Home  
Treatment. We will explain to you OUR SYSTEM OF TREATMENT, which we have  
originated and developed after our whole life's experience in the treatment of special  
diseases of men. We will give you, FREE OF CHARGE, an honest and scientific opinion  
of your case. If we find you are incurable we will honestly tell you so. If we find your  
case curable we will give you a written guarantee to cure you or refund you your money.

—YOU CAN PAY WHEN CURED—

We cure NERVOUS DEBILITY, VARICOCELE, STRICTURES,  
BLOOD AND SKIN diseases, PROSTATIC troubles,  
BLADDER, KIDNEY and URINARY diseases.

In Egypt the women still follow the  
ancient custom of riding on donkeys.  
The animals are small and well trained
