PLUMBERS ARE PIRATES

"Cutting Their Own and the Public's Throat," Says DuVernet.

Crown Attorney Doesn't Gloss His Comments on Actions of Master Plumbers and Supply Men—Claim: Crown Has a Clear Case of Flagrant Violation of the Law—Adresses of Counsel For the Defense.

Toronto, Dec. 8.—A dozen or more master plumbers and members of the Supply Association faced a master accusation yesterday in the Assize Court, when Crown Prosecutor A. DuVernet, having closed the evidence in the Crown's case, proceeded to lay out his argument in the charges of conspiracy, seconding Complainant Rev. statement that the Master Plumbers Association was a band of pirates cutting the public's throat.

Calling a Spade a Spade.
Mr. DuVernet maintained that the evidence of the Crown was conclusive. "I submit it proves a clear, flagrant violation of the act," continued DuVernet, growing warmer. "After their organization was perfected they were unable to buy goods in this province with which to conduct their business."

The plumbers undertook to do things which were utterly illegal. Look at the oath of obligation which all took on becoming members. It is aping the oath taken in the courts of justice. The main object of the combination was to prevent the public interest from being regarded by the public interest in law. It was not until the Minister of Customs had threatened to take off the protection that they allowed the public to have the advantage of a few cents and they kept the dollars to themselves. It just took a bar or two down to the public. They took advantage of the tariff to crush out competition. There was no such thing as an honest tender. And yet the tenders were put in by a large class of respectable merchants and business men, as my learned friend Mr. Watson said.

"J. Morris, to whom this was said, answered, 'I don't want any vulgar threats.' Then he sent two messages in which he gloried, because they closed the supply houses of the United States against the Ontario plumbers. Mr. Armstrong, who went to the other side, was forced to return with a miserable carload of bankrupt baths."

Then the two conspirators, who fell out by the wayside, came together again and joined in brotherly love—acting side by side. Those few days between the fall out and the make up, was the only interval in the two years of the combines, was the only break in the equanimity and tranquility with which the public was robbed."

At this juncture Justice Clute interrupted to point out that it was adjournment time. Mr. DuVernet will finish his argument to-day.

For the Defence.
George H. Watson, K. C., for the defence, said in his opening address:

"There is no evidence before this court to prove that the final agreement between the two defendants, was in force. It is directed by the evidence that there are written records of the policy and course pursued by the defendant corporation, and so we are not totally dependent on oral testimony. More than that, it is shown that such an agreement is contrary to the bylaws of the association. Mr. Morris states clearly and emphatically that the basis of the corporation was an agreement should be made. It is also proved that this policy has been preserved."

The Judge Interrupts.
Mr. Watson may as well come to the gist of this at once," said Justice Clute. "What is the meaning of this 7-12 per cent. in this last agreement, if not to evade that? The Master Plumber's Association was organized to prevent the Supply Association dealing with anyone not a member of their association. Your association was anxious to get their patronage at as cheap a price as possible, and the result was the agreement of September, 1905."

"I would like to come at this in the regular course of my argument," said Mr. Watson. "Following on that resolution of September, 1905, the master plumbers were informed of the cancellation of the agreement and the determination of the supply men to sell to anyone, under the same conditions as the master plumbers. The master plumbers, in the documentary evidence submitted at this trial. We find after that the same course was pursued. We find that the complaint against the Canada Brass Co. of it selling to all was investigated thoroughly by the secretary. There is not a title of evidence against July 25, of any refusal."

"There was evidence of a complaint," said the counsel, "but no evidence of discrimination. In fact, the statement of the secretary shows that the agreement was made on equal terms."

Doesn't Fancy the Evidence.
"I didn't fancy his evidence," said Justice Clute. "Mr. Morris appeared to me to be a very clever man, but part of the trial frankly, but when he was recalled I didn't like it."

"I am sorry to hear you say it," said Mr. Watson.

"When he said 7-12 per cent. come from?" asked the bench.

"From the shareholders of the Central Supply Co.," answered Mr. Watson. "It is not the same as the former agreement giving to members of the association a reduction not received by non-members," asked Justice Clute.

"But there is the agreement," urged Mr. Watson.

"Did you expect to find an agreement like that in black and white?" asked the judge, sarcastically. "Something which is in a direct violation of statute?"

Mr. Watson remarked on the respectability of his clients, and after review of the whole case, there being no evidence took his seat.

Mr. Riddell's Brief Address.
Mr. Riddell for the master plumbers, made a very brief address. He opened it by stating:

"The whole objection and function of these rules was to get a reasonable percentage of profit for their work. The profit of 5 per cent. is nothing out of the way."

"The method adopted by these men was, no doubt, a foolish one. At least two-thirds of the contracts came from architects, who saw nothing wrong; there was no complaint either, from the Government."

"I have advised the members to pay the amount of these I. O. U.'s to those from whom they were received on the contracts. If there was wrong in the practice, it must be charged to the individuals, and not to the society as a whole. The society in the witness has seen fit to exempt from this statute gentlemen in the position of those composing Local Union No. 46. Therefore, an agreement with them is to a certain extent legal."

WEARING AWAY YOUR LUNGS?
Yes, and your strength, too. Stop coughing and get rid of that catarrh. The one remedy is "Catarrh-ozone," which goes to the diseased tissues along with air you breathe; it can't fail to reach the source of the trouble; it's bound to kill the germs, and as it's bound to kill the germs, nothing can surpass Catarrh-ozone. If you don't get instant relief and ultimate cure you will at least get back your money for Catarrh-ozone is guaranteed to cure catarrh in any part of the system. You run this risk, therefore, use Catarrh-ozone—at our expense if not satisfied.

It is only when the stock market is dull that you will meet with sharpers.

Sometimes the "broth" of a boy ends up by being in the soup.

SORE THROAT AND COUGHS.
A simple, effective and safe remedy for all throat and lung troubles is found in **Cresolene Antiseptic Tablets**. They combine the germicidal values of the most potent disinfectants with the properties of slippery elm and licorice.

Say "Yes"

To This Offer, and See the Good You Will Get.

Write us if you are ready to try Liquezone. Let us buy the first bottle for you. Let the product itself prove the good it can do.

You who are waiting don't know what you miss. There are plenty to tell you if you would ask; for millions have already used it. Some use it to get well; some to keep well. Some to cure germ diseases; some as a tonic. You will use it as they do, when you learn what the product does. And you will then regret that you delayed so long.

What Liquezone Is.

The virtues of Liquezone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquezone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquezone is not only harmless, but helpful in the extreme. That is its main distinction. Common germs are poison when taken internally. That is why medicine has been so helpless in germ disease. A Liquezone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to Liquezone after thousands of tests had

been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfill this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. Today there are countless cured ones, scattered everywhere, to tell what Liquezone has done.

But so many others need it that this offer is published still. In late years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show those sick ones—at our cost—what Liquezone can do.

Where It Applies.

These are the diseases in which Liquezone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And all—no matter how difficult—test without the risk of a penny.

Also most forms of the following:
Kidney Troubles, Liver Troubles, Stomach Troubles, Women's Diseases, Fever, inflammation or catarrh—impure or poisoned blood—usually indicate a germ attack. In nervous debility Liquezone acts as a vitalizer, accomplishing remarkable results.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you, to let the product itself show you what it can do. In justice to yourself, please accept it today, for it places you under no obligations whatever.

Liquezone costs 50c. and \$1.
