How Is Your Cold?

Every place you go you hear the same question asked. "How is your cold?" You know that there is nothing so serious as a neglected cold! You know that a neglected cold will develop into Chronic Bronchitis, Pneumonia, Catarrh and the most deadly of all, "White Plague," Consumption. A life history would read different the first appearance of a cough, is soon remedied with

Dr. Wood's Norway Pine Syrup

This wonderful cough and cold medicine contains all those very pine principles which make the pine woods so valuable in the treatment of lung affections. Combined with this are Wild Cherry Bark and the soothing, healing and expectorant properties of other potent herbs and bark. For Coughs, Colds, Bronchitis, Pain in the Chest, Asthma, Croup, Whooping Cough, Hoarseness or any affection of the throat or lungs. You will find a sure cure. Dr. Wood's Norway Pine Syrup. C. N. Loomer, Berwick, N.S., writes: "I have used Dr. Wood's Norway Pine Syrup for coughs and colds, and have always found it to give instant relief. I also recommended it to one of my neighbors and she was more than pleased with the results."

Dr. Wood's Norway Pine Syrup 25 cts. per bottle at all dealers. Put up in yellow wrapper, and three pine trees the trade mark. Refuse substitutes. There is only one Norway Pine Syrup and that one is Dr. Wood's.

17 DIE IN LANDSLIDE.

13 Houses Topped Into 60 Feet Deep Pit Cut Out By Brickmakers—Five Rescuers Die.

Haverstraw, N.Y., Jan. 10.—Last night seventeen persons were missing and are believed to have gone to their death when thirteen houses along Rockland street here, toppled over Monday night into a pit 60 feet deep, which had been cut by clay diggers in connection with the brick-making industry here. Twelve of the persons missing were occupants of the fallen houses. Five were among the rescuers who went to the aid of neighbors after the first house fell and were carried down when the twelve other houses went crashing over the precipice. The rescuers quickly caught fire, and those who were in the mass were either crushed or burned to death.

There is grave fear of another cave-in along Rockland street, and the occupants of seven or eight houses have fled and away.

Others are keeping an all night watch, ready to flee themselves, and to warn their neighbors in case of impending danger.

The landslide was caused by the falling in of the bank under which the brick excavators had been working for years.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, as bronchitis, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bonnetts Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—works more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merit. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents, no alcohol, no chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most valuable ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address: Dr. J. V. Pierce, Buffalo, N.Y.

Messrs. C. G. Richards & Co.

Gentlemen—Last winter I received great benefit from the use of your ARTERY LINIMENT in severe attacks of La Grippe, and I have frequently proved it to be very effective in cases of inflammation.

Yours,

W. A. HUTCHINSON.

Speculation as to future gains is apt to be more pleasant than profitable.

BACK FROM THE ARCTIC.

First "White" Woman In the Far North—Wife of Major Moodie Tells Her Experiences.

Mrs. Moodie, wife of Major Moodie of the Northwest Mounted Police, was the only woman with the Hudson Bay expedition of the Dominion Government steamship Arctic, of which her husband was commander. She was the only "white" woman ever seen in those regions, and was, therefore, regarded by the natives with much curiosity. The party were for nine months frozen in the ice, going in on the 17th October and breaking out on the 24th July, the whole expedition occupying thirteen months.

"We experienced no discomfort whatever," said Mrs. Moodie, in speaking of her Arctic tour, and had a most interesting time of it. One has, of course, to dress entirely in furs and skins, but then there is no danger of being frost-bitten. The thermometer averaged 38 below; it is not so very severe, but it keeps low all the time.

The people are not like the Eskimo; of farther south (the Arctic was just north of 60), many of them appearing more like Canadian or European types. The race is decreasing rapidly, however, owing to starvation and Mrs. Moodie thinks they would soon become extinct, unless, as she expects, the Government comes to their aid with food, as for the Indians. The children have been dying off fast, a fact which may be due to the custom of their mothers of not clothing them at all, allowing them to play around naked, only skins being spread for them on the floors of the "iglous" or ice-houses.

"Could not those splendid people be brought down to a more moderate climate, where they would have a chance to live?" Mrs. Moodie was asked.

"Yes, and I think it would be a good thing to do for them; not to bring them down to civilization exactly, but along the shores of Hudson Bay further south. I think the Government will come to their rescue now, after the expedition has found out about their condition."

Speaking of the country, Mrs. Moodie was enthusiastic over the beauties of the scenery, saying she never saw such rich colorings in bloom as in the profuse, though low, growths of wild flowers along the shores of Ungava Bay. The fishing, too, is excellent, both of salmon and of cod. They speak of twenty hours a night, but they speak of the twilight lasts so long, the sun dips such a short distance below the horizon and the northern lights are so vivid, that it is always partly light, except on stormy nights. There is no soft snow and no heavy snowfalls, only a continual light drifting, sort of fog of snow, which hardens on the ground and is cut in to blocks to build the "iglous."

Frederick Harbor, Ungava Bay, is a magnificent land-locked roadstead, nine miles long, capacious enough for the whole British navy to anchor in. The party thought well to give it the name of the Minister of Marine and Fisheries. They named the promontory at its entrance Cape Laurier, and the island which shields the entrance they called White Island, after Col. White, the leader of their expedition. The party expects to cruise further north, going even to Greenland, next summer.

ALIENS ARE BARRED.

Marriage Licenses Must Now Not Be Sold to Them.

The Provincial Secretary's Department is taking action to prevent the issuing of marriage licenses at frontier points in Ontario to persons from the American side, a business which is quite a flourishing one, particularly at Windsor. This follows upon the handing down of an opinion by the Attorney-General that these licenses should not be issued. He based his finding upon sections of clause 17 of the act respecting the solemnization of marriages. These sections provide that the affidavit made personally by one of the parties to the intended marriage, before a license is granted, shall state that one of the parties has had his or her usual place of abode in the county or the judicial district in which the marriage is to be solemnized, or the municipality where the marriage is to be solemnized, for fifteen days immediately preceding the issue of the license. If the county or district in which it is intended that the marriage shall take place is not the one in which either of the parties has resided, as stated, the affidavit must show that the reason for solemnizing the marriage shall take place is not that in which either of the parties has resided, but the reason for solemnizing the marriage in such place is not in order to evade due publicity or for any other improper purpose.

In effect, the ruling of the Attorney-General is that the licenses should not be issued to people who are not bona fide residents of the province, and the Provincial Secretary's Department will try to enforce that ruling. Some frontier license issuers and some ministers will naturally suffer financially, and those at Windsor to a greater extent than others.

Bayne, Tassie, Maxim, Crozier.

Galt had, fifty years ago, the greatest pulpit orator, probably, Canada has ever seen. She had, too, the most famous master and the most outstanding grammar school yet boasted by Ontario. She has brought forth the greatest inventor of the age in matters military, she is represented in the world's capital by one of the brightest literary and philosophical minds of the day—Galt Reformer.

Don't brag—give names—Toronto Star. An old Galt boy answers in the heading.

To Make a Barometer.

A simple barometer that can be made for one's self, and which, though old, may be new to some, is made as follows: Two drachms of camphor, half drachm of muriate of ammonia, and two ounces of proof spirits, in a glass tube or narrow phial, will make a very good weather guide. In dry weather the solution will remain clear. On the approach of change, minute stars will rise up in the liquid, while stormy weather will be indicated by the very disturbed condition of the elements.

Noted Chicago Educationist Passes Away From Physical Exhaustion.

Chicago, Jan. 11.—Wm. Rainey Harper, LL.D., president of the University of Chicago since its inception in 1891, regarded by many as the foremost Hebrew scholar in America, and equally renowned as educator and business man, died yesterday of cancer of the intestines at his home on the university campus. Although his death was known to be inevitable within a comparatively short time, the end of his life, due to physical exhaustion, came suddenly. He was 49 years old.

Dr. Harper left a statement outlining his wishes for the ceremony of his funeral. A detail which he emphasized is really no night, for the end of his life, due to physical exhaustion, came suddenly. He was 49 years old.

The body will remain in charge of the family until Saturday. Then the body will lie in state in Haskell Hall until the funeral on Sunday at 2 o'clock.

Great Hospital Scheme.

New York, Jan. 11.—Details were made known yesterday of plans for a chain of municipal hospitals, which, when fully realized, will be declared, give New York the greatest system of free treatment for the sick that the world has seen. An estimate of the total cost is \$1,000,000. The plan is for the development of a central system of hospitals in the five boroughs, the buildings to be of uniform architecture, the service to be organized on a scheme of unity, and all under control of the department of the City Government.

Cassie's Appeal Denied.

Cincinnati, O., Jan. 11.—The motion for the rehearing of the appeal for a new trial on behalf of Mrs. Cassie L. Chadwick of Cleveland was denied in the United States Court of Appeals here yesterday.

We take your word for it and refund money

IF GIN PILLS FAIL TO CURE

Even after you buy GIN PILLS, your money is yours until you say that GIN PILLS have done you good. Every box of this famous Kidney Cure is sold with a positive guarantee that the pills will give welcome relief from Backache, Swollen Hands and Feet, Burning Urine, constant desire to urinate, and all other kidney and bladder troubles. If you pay 50c for a box of GIN PILLS, and do not honestly believe that they have done you good, and are curing you of kidney or bladder trouble, return the empty box to your druggist and he will refund your money. And because we know that you want to be cured your simple word shall decide.

WALKER, Ont., Feb. 28th, 1905.

Adolph Misch, one of my customers, writes: "I have used all the different kinds of kidney pills and tried several doctors but none of them gave me any good. I got a sample box of GIN PILLS, and since have used two boxes and am completely cured. Peter McGarvey says: 'They are the best kidney pill I ever used, and I would recommend anyone to buy them.'"

C. W. CRYDERMAN, Druggist.

Buy GIN PILLS on our positive and unconditional guarantee of money back if they fail. Send us your name and address, mentioning in what paper you saw this offer, and we will send you a free sample box of these famous pills that cure. Sold by all druggists at 50c a box, or 6 boxes for \$2.50.

THE BOLD DRUG CO. WINNIPEG, MAN.

It is easy to dive headlong into debt, but exceedingly hard to swim out.

CHAMBERLAIN'S COUGH REMEDY

THE BEST MADE

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by all druggists.

FASHION NEWS.

New Parisian Linen Collars and Round Ones of Irish Lace.

The new Parisian white linen collars are the height of chicness. They are worn with a tight little knot of bright colored ribbon as a fastening, never with a bow.

Very smart, too, are the round lace collars of Irish crochet that are four inches deep and sit around the neck perfectly. When this lace is too ex-

BLUE FELT HAT.

pensive the collars are daintily made of linen and hand embroidered. They are worn without cuffs to match.

Very fetching are the Anne or ostrich feather boas, named after the heroine of Bernard Shaw's play, "Man and Superman," who entraps her victim with one of these fascinating affairs. Bracelets are very much worn, not in pairs, but a number of bangles on one arm and a single handsome bracelet on the other. This is a new and very exclusive style.

In every style of plumage hat there are wonderful combinations—soft brown, dull and rich at the same time, and deep aquiline reds and peacock blues and greens. It looks very much as if a bird of paradise had suddenly distributed his feathers in a series of glowing little heaps, each of a single shade.

The walking hat pictured is of soft blue felt. The brim is bound with velvet of the same shade. Janitally arranged at one side is a stiff wing quill of shaded blues and greens.

JUDIC CHOLLET.

COATS FOR WINTER.

Evening Wraps and Those That Do Duty in Daytime—Empire Effects.

One of the best models for a coat that is to do duty in the evening is one which falls like a mantle, full from the shoulders, and has a tight fitting waistcoat of velvet. This coat is not only pretty, but has the added advantage of being warm.

Light cloth coats suitable for wear during the day are smartened up for evening with embroidered collars and cuffs of velvet buttons. If these coats are lined with a light colored silk, so

PERSIAN LAMB JACKET.

much better is the effect when the wearer throws them back at the theater or opera.

Empire effects are the smart wrinkle among all long garments, and many of the other coats are built on these short waisted lines. The empire designs are particularly pretty for evening wear, as the skirt of a charming gown is allowed to show beneath them and is not crushed, as with a tight coat. Such a garment should be double breasted, fastening with large buttons. Pippings of velvet may be introduced if desired, which in this case should be a shade darker than the cloth.

The stunning fur jacket illustrated is of Persian lamb. It is made with a basque, cut away in front to show a pale blue cloth waistcoat covered with silver embroidery. Quaint silver buttons adorn the coat, which is arranged so that the upper part has a zonzave effect trimmed with broad strappings of velvet. This coat is worn with the finest of black faced cloth skirts, cut with three flounces, with a front panel. Delightful is the little hat in black felt trimmed with tiny blue velvet bows, clusters of silver tissue and pale blue wings.

MOTHERS RELY ON

Gray's Syrup to keep the children safe from CROUP. It dissolves the thick sputum—clears the throat—breaks up a cold—and CURES COUGHS. Keep

Gray's Syrup of Red Spruce Gum

always in the house. A bottle of this famous remedy is your best protection against those sudden night attacks of croup. Equally good for all throat and lung troubles—for young and old. 25 cts. bottle.

District Doings

McKAY'S CORNERS.

Owing to a case of diphtheria in the neighborhood the trustees of our school decided to close the school for a week at least. Gracie McKay, the 13-year-old daughter of Robert McKay, being the afflicted one. She is reported as doing well.

A pleasing event took place last evening, Wednesday, Jan. 3rd, at the home of Mr. and Mrs. Robert Baker, when their eldest daughter, Winnie, was united in marriage with Mr. Andrew Hilburn, of our Great West.

The happy couple will spend the winter with friends, when they will spend to their western home with many good wishes.

Some of our citizens are making an earnest endeavor to induce the Bell Telephone Co. to run a line

to this place from Chatham or Ridgeway.

Mrs. McFitchie is in Chatham today on business in connection with her father's estate.

Mrs. James H. Jewell is recovering from her recent illness. There is some likelihood of Mr. Geo. Hales, general merchant, putting up a brick store and residence at no distant day. This would add materially to the appearance of the place. Mr. Hales is an energetic and ambitious young man.

A man's good opinion of himself never gets too heavy for him to carry.

Misdirected ambition often results in a condition which really deserves to be called laziness.

Always allow the other fellow the privilege of having some kind of information.

Cause of Headaches

District Doings

DAWN MILLS.

The evangelistic meetings that have been held in the Methodist Church for some time, came to a conclusion last week.

We regret to hear of the serious illness of Mrs. F. R. Boylan. Mrs. Boylan has been in poor health for some time. It is hoped that her recovery will be speedy.

Miss Esther Stevenson has been visiting her mother at her home in the village.

George Keech, of Kent Bridge, is visiting at W. H. Trasher's. James Elgie has sold out to Mr. Okey, of Thamesville. We regret to see James go out of business, as he has been a useful man and has made quite a success. It is an account of his health that he has done so.

Frank and Mrs. Gifford spent New Year's day with Mr. and Mrs. F. J. Harris.

W. S. Prangley and family spent Christmas and New Year's with friends in Detroit and Walkerville.

We were pleased to see that Chas. Prangley is able to be out again, after his recent accident.

Jos. Anderson, of Wabash, is buying horses for Manitoba. He purchased a fine mare from Charles Prangley.

What Do You Know of Ontario

Where are you trying to do business? Do you know all about Ontario?

Ontario has over one-third the total population of Canada—pays over 50% of the money paid in the Dominion to wage earners and over 51% of the salaries. Has over 51% of the working capital of the Dominion invested in Manufacturing.

Don't you think it's worth advertising to your neighbors. The "News" covers the whole Province—goes into 2,475 Post Offices daily. The rate is Flat 56 cents per inch.

This advertisement would cost \$2.50 per day in The News
